A humorous, uplifting look at mindfulness, from beloved illustrator Grant Snider “Find a quiet spot away from all distraction / Listen to your breath / Watch your thoughts

float past you / Forget the obligations of today / Try not to consider your eventual decay / Let yourself drift away / Arise, connected with the Earth / Awakened to the Universe.” In *The Art of Living*, cartoonist Grant Snider, author of *The Shape of Ideas* and *I Will Judge You by Your Bookshelf*, has created an all-new collection of one- and two-page comics that map his inner thoughts, poetic observations, and frequent failures at living mindfully. With both humor and a touch of reality, *The Art of Living* centers on mindfulness, but also empathy, relaxation, gratitude, and awareness—evergreen subjects that are more important and relevant now than ever. With a striking package, *The Art of Living* is an extension of the themes of Snider’s first two

books—which explored the creative process and the love of reading—and is the perfect gift for those in a need of reflection, commiseration, hope, and a little extra self-care. Above all, Snider's cartoons will inspire and encourage a more thoughtful way of experiencing the world.

Vagabonds! Graywolf Press
A New York Times Book Review Editors' Choice A gorgeous, unflinching love letter to Flint, Michigan, and the resilience of its people, Kelsey Ronan's *Chevy in the Hole* follows multiple generations of two families making their homes there, with a stunning contemporary

love story at its center. In the opening pages of *Chevy in the Hole*, August "Gus" Molloy has just overdosed in a bathroom stall of the Detroit farm-to-table restaurant where he works. Shortly after, he packs it in and returns home to his family in Flint. This latest slip and recommitment to sobriety doesn't feel too terribly different from the others, until Gus meets Monae, an urban farmer trying to coax a tenuous rebirth from the city's damaged land. Through her eyes, he sees what might be possible in a city everyone

else seems to have forgotten the city they call home. or, worse, given up on. But as they begin dreaming up an oasis together, even the most essential resources can't be counted on. Woven throughout their story are the stories of their families—Gus's white and Monae's Black—members of which have had their own triumphs and devastating setbacks trying to survive and thrive in Flint. A novel about the things that change over time and the things that don't, Chevy in the Hole reminds us again and again what people need from one another and from

the city they call home. The Queen of the Night Macmillan Presents portraits of the people whose lives were lost in the September 11 attack on the World Trade Center as published in "The New York Times," including four hundred additional portraits published since February 2002.

The acclaimed, award-winning author of *The Resisters* takes measure of the fifty years since the opening of China and its unexpected effects on the lives of ordinary people. It is a unique book that only Jen could write—a story collection accruing the power of a novel as it proceeds—a work that Cynthia Ozick has called “an art beyond art. It is life itself.” Beginning with a cheery letter penned by a Chinese girl in heaven to “poor Mr. Nixon” in hell, Gish

Jen embarks on a fictional journey through U.S.-China relations, capturing the excitement of a world on the brink of tectonic change. Opal Chen reunites with her Chinese sisters after forty years; newly cosmopolitan Lulu Koo wonders why Americans “ like to walk around in the woods with the mosquitoes ” ; Hong Kong parents go to extreme lengths to reestablish contact with their “ number-one daughter ” in New York; and Betty Koo, brought up on “ no politics, just make money, ” finds she must reassess her mother ’ s philosophy. With their profound compassion and equally profound humor, these eleven linked stories trace the intimate ways in which humans make and are made by history, capturing an extraordinary era in

an extraordinary way. Delightful, provocative, and powerful, Thank You, Mr. Nixon furnishes yet more proof of Gish Jen ’ s eminent place among American storytellers.

One of the preeminent novelists of our time, Maureen Howard dazzles us with a love story of radiant intelligence and delicious wit. The exhilarating flights and emotional depths of Howard's storytelling balance the fates of two young lovers in *New York: Artie, a bastard, perhaps "begot in the mud of Woodstock," now a boyish computer wizard; and Louise, a hot new painter out of the Midwest, seriously committed to her art. Their romance, seemingly shattered on the eve of the millennium, is played out against the tale of two old lovers lost to each other for a half century. As these two couples search through the cultural flotsam and jetsam for love and happiness, Howard spins a superb novel of ideas and transforms, as only she can, the dear Old Farmer's Almanac into a bright book of*

life.

Prize for Fiction “ Through a novel with so much depth, beauty, and grace, we, like Ana, are forever changed. ” —Jacqueline Woodson, *Vanity Fair* “ Gorgeous writing, gorgeous story. ” —Sandra Cisneros Fifteen-year-old Ana Cancion never dreamed of moving to America, the way the girls she grew up with in the Dominican countryside did. But when Juan Ruiz proposes and promises to take her to New York City, she has to say yes. It doesn ’ t matter that he is twice her age, that there is no love between them. Their marriage is an opportunity for her entire close-knit family to eventually immigrate. So on New Year ’ s Day, 1965, Ana leaves behind everything she knows and becomes Ana Ruiz, a wife confined to a cold six-floor walk-up in Washington Heights. Lonely and miserable, Ana hatches a reckless plan to escape. But at the bus terminal, she is stopped

by Cesar, Juan ’ s free-spirited younger brother, who convinces her to stay. As the Dominican Republic slides into political turmoil, Juan returns to protect his family ’ s assets, leaving Cesar to take care of Ana. Suddenly, Ana is free to take English lessons at a local church, lie on the beach at Coney Island, see a movie at Radio City Music Hall, go dancing with Cesar, and imagine the possibility of a different kind of life in America. When Juan returns, Ana must decide once again between her heart and her duty to her family. In bright, musical prose that reflects the energy of New York City, Angie Cruz's *Dominicana* is a vital portrait of the immigrant experience and the timeless coming-of-age story of a young woman finding her voice in the world.

A New York Times Editors' Choice Book
Named a Most Anticipated Book of 2022 by
Literary Hub and Goodreads A playful history
of the humble index and its outsized effect on
our reading lives. Most of us give little thought
to the back of the book—it ' s just where you
go to look things up. But as Dennis Duncan
reveals in this delightful and witty history,
hiding in plain sight is an unlikely realm of
ambition and obsession, sparring and

politicking, pleasure and play. In the pages of the index, we might find Butchers, to be avoided, or Cows that sh-te Fire, or even catch Calvin in his chamber with a Nonne. Here, for the first time, is the secret world of the index: an unsung but extraordinary everyday tool, with an illustrious but little-known past. Charting its curious path from the monasteries and universities of thirteenth-century Europe to Silicon Valley in the twenty-first, Duncan uncovers how it has saved heretics from the stake, kept politicians from high office, and made us all into the readers we are today. We follow it through German print shops and Enlightenment coffee houses, novelists' living rooms and university laboratories, encountering emperors and popes, philosophers and prime ministers, poets, librarians and—of course—indexers along the way. Revealing its

vast role in our evolving literary and intellectual culture, Duncan shows that, for all our anxieties about the Age of Search, we are all index-rakers at heart—and we have been for eight hundred years.

Zade's secrets and the struggle to choose between Mac or Jackson creates reckless tension during the grand finale of the show. —James Wood, *The New Yorker* “ Masterful . . . astonishing. ” —Cullen Murphy, *The Atlantic* “A landmark history . . . Leavened by the brilliance of O'Toole's insights and wit. ” —Claire Messud, *Harper 's Winner* • 2021 An Post Irish Book Award — Nonfiction Book of the Year • from the judges: “ The most remarkable Irish nonfiction book I 've read in the last 10 years ” ; “ [A] book for the ages. ” A celebrated Irish writer 's magisterial, brilliantly insightful chronicle of the wrenching transformations that dragged his homeland into the modern world. Fintan

O' Toole was born in the year the revolution began. It was 1958, and the Irish government—in despair, because all the young people were leaving—opened the country to foreign investment and popular culture. So began a decades-long, ongoing experiment with Irish national identity. In *We Don't Know Ourselves*, O' Toole, one of the Anglophone world's most consummate stylists, weaves his own experiences into Irish social, cultural, and economic change, showing how Ireland, in just one lifetime, has gone from a reactionary “backwater” to an almost totally open society—perhaps the most astonishing national transformation in modern history. Born to a working-class family in the Dublin suburbs, O' Toole served as an altar boy and attended a Christian Brothers school, much as his forebears did. He was enthralled by American Westerns suddenly appearing on Irish television, which were not that far from his own experience, given that Ireland's main export was beef and it was still not unknown for herds of cattle to clatter down Dublin's streets. Yet the Westerns were a sign of what was to come. O' Toole narrates the once unthinkable collapse of the all-powerful Catholic Church, brought down by scandal and by the activism of ordinary Irish, women in particular. He relates the horrific violence of the Troubles in Northern Ireland, which led most Irish to reject violent nationalism. In O' Toole's telling, America became a lodestar, from John F. Kennedy's 1963 visit, when the soon-to-be martyred American president was welcomed as a native son, to the emergence of the Irish technology sector in the late 1990s, driven by American corporations, which set Ireland on the path toward particular disaster during the 2008 financial crisis. A remarkably compassionate yet exacting observer, O' Toole in coruscating prose captures the peculiar Irish habit of “deliberate unknowing,” which allowed myths of national greatness to persist even as the foundations were crumbling. Forty years

in the making, *We Don't Know Ourselves* is a landmark work, a memoir and a national history that ultimately reveals how the two modes are entwined for all of us.
