The Big Book of Words You Should Know
Sarah Crichton Books

For the past twenty-five years—first as the blithe spirit of the Today show, then as the only woman ever to anchor a network news program solo—Katie Couric has been a familiar visitor in the homes of millions. Yet, despite all her public exposure, no one—until now—has been able to penetrate the secrets behind her closely guarded personal life and her struggles in the cutthroat world of television news. In this probing portrait of America's news queen, bestselling author Edward Klein rips away the mask that has hidden the many faces of Katie Couric: the strong, independent woman and the needy wife and lover; the grieving widow famed for her kindness to others and the fiercely competitive diva; the consummate television interviewer and the stumbling network anchor. Drawing on scores of interviews with people who have never spoken openly about Couric before, *Katie: The Real Story* absorbingly chronicles Katie's rise to the top—from her early days at CNN and local television stations (where she was told she'd never succeed) to her phenomenal fifteen-year run on Today. For the first time, Klein reveals the critical role Katie's father played in her risky decision to leave Today for the hallowed anchor chair once occupied by Walter Cronkite and Dan Rather. As Klein makes clear, Katie's road to stardom has been paved with rocky personal relationships: a turbulent marriage to Jay Monahan, who died of colon cancer; testy associations with Today cohosts Bryant Gumbel and Matt Lauer; and several star-crossed love affairs, including one with a man seventeen years her junior. *Katie: The Real*

Story is a candid portrait of a folksy charmer, loving single mother, cunning businesswoman, feminist icon, and notorious diva. Neither a whitewash nor a hatchet job, it's a truthful, unflinching look at a remarkable woman and the media kingdom she's sought to rule.

It's time for a REDEFINITION among black women in America. In its 2011 hardcover release, *Black Woman Redefined* was a top-selling book and took home a 2011 Best Non-Fiction Book of the Year Award from the African American Literary Awards. Author Sophia A. Nelson won the 2012 Champions of Diversity Award, given each year by diversity business executives in Fortune 100 companies. *Black Woman Redefined* was inspired in part by what Nelson calls “open season on accomplished black women”: from Don Imus's name-

calling of black female basketball players in 2007 and a 2009 Yale University study titled “Marriage Eludes High-Achieving Black Women,” to the more recent revelation that First Lady Michelle Obama is concerned about being painted as an “angry, black woman.” In *Black Woman Redefined*, Nelson sets out to change this cultural perception, taking readers on a no-holds-barred journey into the hearts and minds of accomplished black women to reveal truths, tribulations, and insights like never before. This groundbreaking book provides black women of a new generation with essential career and life-coaching advice. Based on never-before-done research on college-educated, career-driven black women, Nelson offers her fellow “sisters”—and those who know, love, and work with them—a feel-good volume for personal and professional success that empowers them without tearing others down.

This fictional memoir, the first of an autobiographical trilogy, traces a self-professed failure's nightmarish descent into the underside of American life and his resurrection to the wisdom that emerges from despair.

The Best Advice I Ever Got Penguin
NEW YORK TIMES BESTSELLER • For anyone who wants to see how today's best and brightest got it right, got it wrong, and came out on top. What was the tipping point for Malcolm Gladwell? What unscripted event made Meryl Streep who she is? In this inspiration-packed book, Katie Couric reports from the front lines of the worlds of politics, entertainment, sports, philanthropy, the arts, and business—distilling the ingenious, hard-won insights of leaders and visionaries, who tell us all how to take chances, follow our passions, cope with criticism, and, perhaps most important, commit to

something greater than ourselves. Among the many voices to be heard here are financial guru Suze Orman on the benefits of doing what's right, not what's easy; director Steven Spielberg on listening rather than being listened to; quarterback Drew Brees on how his (literal) big break changed his life; and novelist Curtis Sittenfeld on the secrets of a great long-term relationship (she suggests marrying someone less neurotic than you); not to mention: • Michael Bloomberg: "Eighty percent of success is showing up . . . early." • Eric Stonestreet: "Remember that the old lady who's taking forever in line is someone's grandma." • Joyce Carol Oates: "Read widely—what you want to read, and not what someone suggests that you should read." • Jimmy Kimmel: "When in doubt, order the hamburger." • Apolo Ohno: "It's not about the forty seconds; it's about the four years, the time it took to get there." • Madeleine K. Albright: "Never play hide-and-seek with the truth." Along the way, Couric reflects on the good advice—and the missteps—that have guided her from her early days as a desk assistant at ABC to her groundbreaking role as the first female anchor of the CBS Evening News. She reveals how the words of Thomas Jefferson helped her deal with her husband's tragic death from cancer, and what encouraged her to leave the security of NBC's Today show for a new adventure at CBS. Delightful, empowering, and moving, *The Best Advice I Ever Got* is the perfect book for anyone who is thinking about the future, contemplating taking a risk, or daring to make a leap into the great unknown.

Marrying the Hangman Abrams

Sixty-two of the most accomplished Jews in America speak intimately—most for the first time—about how they feel about being Jewish. In unusually candid interviews conducted by former 60 Minutes producer Abigail Pogrebin, celebrities ranging from Sarah Jessica Parker to Supreme Court Justice Ruth Bader Ginsburg, from Larry King to Mike Nichols, reveal how resonant, crucial or incidental being Jewish is in their lives. The connections they have to their Jewish heritage range from hours in synagogue to bagels and lox; but every person speaks to the weight and pride of their Jewish history, the burdens and pleasures of observance, the moments they've felt most Jewish (or not). This book of vivid, personal conversations uncovers how being Jewish fits into a public life, and also how the author's evolving religious identity was changed by what she heard. • Dustin Hoffman, Steven Spielberg, Gene Wilder, Joan Rivers, and Leonard Nimoy talk about their startling encounters with anti-Semitism. • Kenneth Cole, Eliot Spitzer, and Ronald Perelman explore the challenges of intermarriage. • Mike Wallace, Richard Dreyfuss, and Ruth Reichl express attitudes toward Israel that vary from unquestioning

loyalty to complicated ambivalence. • William Kristol scoffs at the notion that Jewish values are incompatible with Conservative politics. • Alan Dershowitz, raised Orthodox, talks about why he gave up morning prayer. • Shawn Green describes the pressure that comes with being baseball's Jewish star. • Natalie Portman questions the ostentatious bat mitzvahs of her hometown. • Tony Kushner explains how being Jewish prepared him for being gay. • Leon Wieseltier throws down the gauntlet to Jews who haven't taken the trouble to study Judaism. These are just a few key moments from many poignant, often surprising, conversations with public figures whom most of us thought we already knew. "When my mother got her nose job, she wanted me to get one, too. She said I would be happier."—Dustin Hoffman "It's a heritage to be proud of. And then, too, it's something that you can't escape because the world won't let you; so it's a good thing you can be proud of it."—Ruth Bader Ginsburg "My wife [Kate Capshaw] chose to do a full conversion before we were married in 1991, and she married me as a Jew. I think that, more than anything else, brought me back to Judaism."—Steven Spielberg "As someone who was born in Israel, you're put in a position of defending Israel because you know how much is at stake."—Natalie Portman "Jewish introspection and Jewish humor is a way of surviving . . . if you're not handsome and you're not athletic and you're not rich, there's still one last hope with girls, which is being funny."—Mike Nichols "I felt not only this enormous pride at being a Jew; I felt this enormous void at not being a better Jew."—Ronald O. Perelman "American Jews, like Americans, have a very consumerist attitude toward their identity: they pick and choose the bits of this and that they like."—Leon Wieseltier "I thought if I had straight hair and a perfect nose, my whole career would be different."—Sarah Jessica Parker "I've always rebelled a little when people say, 'My Jewish values lead me to really care about the poor.' I know some Christians who care about the poor, too."—William Kristol "There were many times when I kept silent about being Jewish as I got older, when Jewish jokes were told."—William Shatner "'Jew bastard' was something I heard a lot."—Leonard Nimoy. "I always liked shiksas."—Larry King "It specifically says in the Torah that you can eat shrimp and bacon in a Chinese restaurant."—Jason Alexander "Yom Kippur is something I do alone, with nobody else, because I believe that my relationship with God is mine and mine only."—Diane von Furstenberg

In Search of the Lost Chord Crown

The first biography of the most popular anchor in cable news. Rachel Maddow has beaten the odds in a way that's novel in today's America: she uses her brain. In a world of banal and opinionated soundbites, she regularly crushes Sean Hannity's ratings thanks to her deeply researched reports. And in our highly polarized world, Maddow amiably engages the staunchest conservatives, while never hesitating to expose their light-on-facts

defenses. As a result, she's become the top anchor for MSNBC and a beloved representative for all that progressive America holds dear. The news that Maddow was the first publicly-out lesbian to anchor a prime-time TV news show seemed almost anticlimactic to her millions of viewers, who will be surprised and intrigued by little-known details of her life, as written by New York Times bestselling biographer Lisa Rogak. Growing up in a conservative California town – and viewing herself as a perennial outsider – helped spark an early interest in activism. After attending Stanford and Oxford, she opted for a minimum-wage job as a radio DJ in a tiny Massachusetts market while finishing her Ph.D. She planned to pursue a career as an activist, but 9/11 changed all that, so she returned to local radio where she could help listeners by "explaining stuff." A stint at Air America raised her national profile, which led to her groundbreaking MSNBC show where she dissects the news of the day with an approach found nowhere else on TV.

How have women managed to break through the glass ceiling of the business world, and what management techniques do they employ once they ascend to the upper echelons of power? What difficult situations have these female business leaders faced, and what strategies have they used to resolve those challenges? *Junctures in Women's Leadership: Business* answers these questions by highlighting the professional accomplishments of twelve remarkable women and examining how they responded to critical leadership challenges. Some of the figures profiled in the book are household names, including lifestyle maven Martha Stewart, influential chef Alice Waters, and trailblazing African-American entrepreneur Madame C.J. Walker. Others have spent less time in the public eye, such as Johnson & Johnson executive JoAnn Heffernan Heisen, Verizon Senior Vice President Diane McCarthy, Wells Fargo technology leader Avid Modjtabei, Xerox CEO Ursula Burns, Spanx founder Sara Blakely, inventor Jane ni Dhulchaointigh, engineering firm President Roseline Marston, Calvert Investments President and CEO Barbara Krumsiek, and Merrill Lynch executive Subha Barry. These women, from diverse backgrounds, have played important roles in their respective corporations and many have worked to improve the climate for women in male-dominated industries. This is a book about women who are leading change in business. Their stories illuminate the ways women are using their power and positions—whether from the middle ranks or the top, whether from within companies or by creating their own companies. Each case study in *Junctures in Women's Leadership: Business* includes a compelling and instructive story of how a woman business leader handled a critical juncture or crisis in her career. Not only does the book offer an inspiring composite portrait of women succeeding in the business world, it also provides leadership lessons that will benefit readers regardless of gender.

No TV reporter today is more respected than NBC's Andrea Mitchell. She's covered stories from Jonestown to the fall of the Berlin Wall, gotten unexpected answers from such interviewees as Fidel Castro and Hillary Clinton, and balanced her high-wire career with a very public marriage to former Federal Reserve Board Chairman Dr. Alan Greenspan. Mitchell's candid, funny, and riveting memoir is filled with unprecedented behind-the-scenes views of the television news industry and official Washington. A classic of contemporary journalism by a woman who has taken on her profession's entire old-boy network, *Talking Back* deserves a place on the shelf alongside the memoirs of Hillary Clinton and Katherine Graham. *Susan, Linda, Nina & Cokie* BenBella Books, Inc.

In this collection John McPhee once again proves himself as a master observer of all arenas of life as well a powerful and important writer.

It was August 25, 2006, my first on-camera studio open for the CBS News broadcast 60 Minutes. Executive Producer Jeff Fager poked his head in the dressing room." Good luck, Brotha! You've come a long way to get here. You've earned it." ...If only he knew. My mind flashed back to elementary school, when a therapist had informed my mother, "I'm sorry, Mrs. Pitts, your son cannot read." In *Step Out on Nothing*, Byron Pitts chronicles his astonishing story of overcoming a childhood filled with obstacles to achieve enormous success in life. Throughout Byron's difficult youth—his parents separated when he was twelve and his mother worked two jobs to make ends meet—he suffered from a debilitating stutter. But Byron was keeping an even more embarrassing secret: He was also functionally illiterate. For a kid from inner-city Baltimore, it was a recipe for failure. Pitts turned struggle into strength and overcame both of his impediments. Along the way, a few key people "stepped out on nothing" to make a difference for him—from his mother, who worked tirelessly to raise her kids right and delivered ample amounts of tough love, to his college roommate, who helped Byron practice his vocabulary and speech. Pitts even learns from those who didn't believe in him, like the college professor who labeled him a failure and told him to drop out of college. Through it all, he persevered, following his steadfast passion. After fifteen years in local television, he landed a job as a correspondent for CBS News in 1998, and went on to become an Emmy Award-winning journalist and a contributing correspondent for 60 Minutes. Not bad for a kid who couldn't read. From a challenged youth to a reporting career that has covered 9/11 and Iraq, Pitts's triumphant and uplifting story will resonate with anyone who has felt like giving up in the face of seemingly insurmountable hardships.

Raging Heart: The Intimate Story of the Tragic Marriage of O.J. and Nicole Brown Simpson Random House

Malcolm Gladwell, host of the podcast *Revisionist History* and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: *The Financial Times*, *Bloomberg*, *Chicago Tribune*, and *Detroit Free Press* How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true?

Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

Ana's story begins the day she is born with HIV, transmitted from her mother, who dies just a few years later. From then on, Ana's childhood becomes a blur of secrets—about her illness, her family, and the abuse she endures. Shuffled from home to home, Ana rarely finds safety or acceptance. But after she falls in love and becomes pregnant at seventeen, she embarks on a journey that leads her to new beginnings, new sorrows, and new hope. Based on her work with UNICEF and inspired by the framework of one girl's life, Jenna Bush tells the story of many children around the world who are excluded from basic care, support, and education. Resources at the back of this book share how you can help children like Ana and protect yourself and others.

The News Sorority Simon and Schuster "It's a time of change in the world, with dictators toppling and new opportunities rising, but any revolution that doesn't create equality for women will be incomplete. The time has come to realize the full potential of half the world's population." —Christiane Amanpour, from the foreword *The Unfinished Revolution* tells the story of the global struggle to secure basic rights for women and girls, including in the Middle East where the Arab Spring raised high hopes, but the political revolutions are so far insufficient to guarantee progress. Around the world, women and girls are trafficked into forced labor and sex slavery, trapped in conflict zones where rape is a weapon of war, prevented from attending school, and kept from making deeply personal choices in their private lives, such as whom and when to marry. In many countries, women are second-class citizens by law. In others, religion and traditions block freedoms such as the right to work, study or access health care. Even in the United States, women who are victims of sexual

violence often do not see their attackers brought to justice. More than 30 writers—Nobel Prize laureates, leading activists, top policymakers, and former victims—have contributed to this anthology.

Drawing from their rich personal experiences, they tackle some of the toughest questions and offer bold new approaches to problems affecting hundreds of millions of women. This volume is indispensable reading, providing thoughtful analysis from a never-before assembled group of advocates. It shows that the fight for women's equality is far from over. As Leymah Gbowee, 2011 Nobel Peace Prize Laureate says, "Women are not free anywhere in this world until all women in the world are free."

"Poignant memoir of a not-so-typical New York Jewish family's experiences in the midcentury Hollywood demimonde ... Equal parts emotional tissue-party and shrewd cultural history." - Kirkus Reviews
In 1958, young Sheila Weller was living a charmed life with her family in Beverly Hills. Her father was a brilliant brain surgeon. Her mother was a movie-magazine writer whose brother owned Hollywood's most dazzling nightclub, *Ciro's*. Then her world exploded after she witnessed her uncle's brutal attempt to kill her father. In *Dancing at *Ciro's**, Weller has written a deeply felt memoir of her family's life contrasted with those most glamorous days of Hollywood's forties and fifties. While vividly describing Lana Turner's, Frank Sinatra's, and Sammy Davis Jr.'s evenings--and breakdowns--at *Ciro's*, Weller casts a keen eye on her own family's turmoil and loss.

The Wars of Watergate Thomas Dunne Books

Raging Heart is so revealing that the book itself became part of the actual O.J. Simpson murder trial. It is the only book to trace the path of O.J. and Nicole's fatal love story through the eyes of the people who really knew them. Acclaimed journalist Sheila Weller gained the unprecedented cooperation of Nicole Brown Simpson's family, and had exclusive access to O.J. and Nicole's friends who reveal private information here for the first time. Though the story that unfolds in *Raging Heart* was never fully explored in court, the revelations from its incisive reporting sent shock waves through the trial. *Raging Heart* is full of explosive information from people who knew, but couldn't—or wouldn't—tell their stories on the witness stand. As vivid as a home movie, *Raging Heart* is an explicit,

heartrending look behind the verdict of the century—and the one book the O.J. Simpson jurors would be astonished to read.
