Screenwriting looks at the foundation on which every great film is built—the script. Whether an original concept or an adaptation, the screenplay is the key to the success of a movie—good dialogue, story pacing, and character development are the framework everything else hangs on. Featuring in-depth interviews with modern masters of film including Stephen Gaghan, Guillermo Arriaga, Caroline Thompson, Hossein Amini, and Jean-Claude Carrière, this book reveals the mysteries behind how the best scripts are written and reach the screen.

"Amores perros is a 2000 Mexican crime drama film directed by Alejandro González Iñárritu and written by Guillermo Arriaga. Amores perros is the first installment in González Iñárritu's "Trilogy of Death", succeeded by 21 Grams and Babel. It is an anthology film constructed as a triptych: it contains three distinct stories connected by a car accident in Mexico City. The stories centre on a teenager in the slums who gets involved in dogfighting; a model who seriously injures her leg; and a mysterious hitman. The stories are linked in various ways, including the presence of dogs in each of them."--

'The night it happened I was drunk, almost passed out, and I swear to God a bird came flying through my motel room window . . .' Narrated by Frank Flannigan, *The Motel Life* tells the story of how he and his brother Jerry Lee take to the road in a bid to escape the hit-and-run accident which kick-starts the narrative. Written with huge compassion, and an eye for the small details of life, it has become one of the most talked about debuts of recent years. 'That rare beast: a

book with the cadence of an old, well-loved song. Sad, haunting, and strangely beautiful.' John Connolly, author of *The Black Angel* 'A serene and assured piece of minor-key Americana . . . Not many people do anything similar over here, with the same sense of small town big-sky melancholy. So British readers looking for a shot of post-Beat generation blues should reach with confidence for Vlautin's book.' Jonathan Gibbs, *Independent*

This intriguing study of Mexico's participation in world's fairs from 1889 to 1929 explores Mexico's self-presentation at these fairs as a reflection of the country's drive toward nationalization and a modernized image. Mauricio Tenorio-Trillo contrasts Mexico's presence at the 1889 Paris fair—where its display was the largest and most expensive Mexico has ever mounted—with Mexico's presence after the 1910 Mexican Revolution at fairs in Rio de Janeiro in 1922 and Seville in 1929. Rather than seeing the revolution as a sharp break, Tenorio-Trillo points to important continuities between the pre- and post-revolution periods. He also discusses how, internationally, the character of world's fairs was radically transformed during this time, from the Eiffel Tower prototype, encapsulating a wondrous symbolic universe, to the Disneyland model of commodified entertainment. Drawing on cultural, intellectual, urban, literary, social, and art histories, Tenorio-Trillo's thorough and imaginative study presents a broad cultural history of Mexico from 1880 to 1930, set within the context of the origins of Western nationalism, cosmopolitanism, and modernism. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1997.

At the end of the American Civil War, Charley - a young African-American slave - is ostensibly freed. But then her adopted mother is raped and lynched at the hands of a mob and Charley is left alone. In a terrifyingly lawless land, where the colour of a person's skin can bring violent death, Charley disguises herself as a man and joins the army. Soon, she's sent to the prairies to fight a whole new war against the 'savage Indians'. Trapped in a world of injustice and inequality, it's only when Charley is posted to Apache territory that she begins to learn what it is to be truly free.

This innovative social and cultural history explores the daily lives of the lowest echelons in president Porfirio Díaz's army through the decades leading up to the 1910 Revolution. The author shows how life in the barracks—not just combat and drill but also leisure, vice, and intimacy—reveals the basic power relations that made Mexico into a modern society. The Porfirian regime sought to control and direct violence, to impose scientific hygiene and patriotic zeal, and to build an army to rival that of the European powers. The barracks community enacted these objectives in times of war or peace, but never perfectly, and never as expected. The fault lines within the process of creating the ideal army echoed the challenges of constructing an ideal society. This insightful history of life, love, and war in turn-of-the-century Mexico sheds useful light on the troubled state of the Mexican military more than a century later.

Not since the publication of his own beloved classic *Lonesome Dove* has there been a novel like this one -- another big, brilliant, unputdownable saga of the West from Larry McMurtry. *Telegraph Days* is at once a major work of literature and a completely absorbing read, not just great fiction, but fiction on a great scale, encompassing many years, many characters, real and fictional, and the whole vast landscape of place, time, life, and heart, which has served for more than one hundred thirty years as the background for "the Western" in fiction and on the screen. Nobody writes, or has ever written, better about the West than Larry McMurtry, and nobody has caught better in words its myths, its often brutal reality, its overwhelming size, and the way it captured both the imagination and the hopes of those who settled there, only, as was so often the case, to dash those hopes. Told in the voice of Nellie Courtright, a spunky, courageous, attractive young woman whose story this is in part, *Telegraph Days* is the big novel of the Western gunfighters that people have been hoping for years Larry McMurtry would write. When Nellie and her brother Jackson are unexpectedly orphaned by their father's suicide on his new and unprosperous ranch, they make their way to the nearby town of Rita Blanca, where Jackson manages to secure a job as a sheriff's deputy, while Nellie, ever resourceful, becomes the town's telegrapher. Together, they inadvertently put Rita Blanca on the map when young Jackson succeeds in shooting down all six of the ferocious Yazee brothers in a gunfight that brings him lifelong fame but which he can never repeat because his success came purely out of luck. Propelled by her own energy and commonsense approach to life, Nellie meets and almost conquers the heart of Buffalo Bill, the man she will love most in her long life, and goes on to meet, and witness the exploits of, Billy the Kid, the Earp brothers, and Doc Holliday. She even gets a ringside seat at the Battle at the O.K. Corral, the most famous gunfight in Western history, and eventually lives long enough to see the West and its gunfighters turned into movies. Full of life, love, shootings, real Western heroes and villains, *Telegraph Days* is Larry McMurtry at his epic best, in his most ambitious Western novel since *Lonesome Dove*.

Not all those who wander are lost, but Aubree Sadler most definitely is on this novel's whirlwind trip through Europe. A romantic and charming YA debut perfect for fans of Stephanie Perkins and Jenny Han. Aubree can't think of a better place to be than in perfectly boring Ohio, and she's ready for a relaxing summer. But when her older sister, Elizabeth, gets into real trouble, Aubree is talked into taking over Elizabeth's summer job, leading a group of senior citizens on a bus tour through Europe. Aubree doesn't even make it to the first stop in Amsterdam before their perfect plan unravels, leaving her with no phone, no carefully prepared binder full of helpful facts, and an unexpected guest: the tour company owner's son, Sam. Considering she's pretending to be Elizabeth, she absolutely shouldn't fall for him, but she can't help it, especially with the most romantic European cities as the backdrop for their love story. But her relationship with Sam is threatening to ruin her relationship with her sister, and she feels like she's letting both of them down. Aubree knows this trip may show her who she really is—she just hopes she likes where she ends up.

Benito Perez Galdos (1843-1920), a native of the Canary Islands, is generally considered the greatest Spanish novelist since Cervantes. Some thirty-one novels-highlighted by the masterful Fortunata and Jacinta (Fortunata y Jacinta)-attest to the fact that his oeuvre merits comparison with the works of contemporaries like Balzac, Dickens, Thackeray, and Eca de Queiros. And in five series of historical-fictional National Episodes (forty-six in all) he chronicled the span of the nineteenth century in Spain, from 1805 to the 1890s. But Don Benito, as he was known to many, had, from an early age, an enduring interest in the theater-an interest that he would rekindle in 1892 while at the height of his output of key works grouped under the rubric of "Contemporary Spanish Novels," an interest, furthermore, that would lead him to write twenty-four plays. The first three opened to mixed reviews. *Reality* (Realidad, 1892) and *The Madwoman of the House* (La loca de la casa, 1893) were based on novels of the same titles, and *Gerona* (1893) was based on the National Episode publication of 1874. Critics and theater-going public alike called into question the widely acclaimed novelist's ability to become a dramatist of note, not a dramatist manque who would play on his fame as a writer of fiction. Hence the importance of *The Duchess of San Quintin* (1894), Galdos's first original play, which-with its revolutionary theme-triumphed to such a degree and to such overwhelming popular approval that it ran for fifty consecutive performances in Spain's capital. \*\*\* Robert M. "This is a story about how I was saved by love at a time when most people considered me beyond rescue," begins Victor Rivas Rivers in this powerful chronicle of how he escaped the war zone of domestic violence -- too often regarded as a "private family matter" -- and went on to become a good man, a film star, and a prominent activist. The Cuban-born author begins by recalling when he was kidnapped, along with three of his siblings, by his own father, who abandoned Victor's pregnant mother and took the children on a cross-country hell-ride that nearly ended in a fatal collision. This journey of survival portrays with riveting detail how, instead of becoming a madman like his father, Victor was saved by a band of mortal angels. Miraculously, seven families stepped forward, along with teachers and coaches, to empower him on his road from gang member to class president, through harrowing and hilarious football adventures at Florida State and with the Miami Dolphins, to overcoming the Hollywood odds and becoming a champion for all those impacted by domestic violence. Though at

times Victor's odyssey is heartbreaking and disturbing, *A Private Family Matter* is ultimately a triumphant testament to humanity, courage, and love. Profound and poignant, it is a compelling memoir with a cause. Victor Rivers's way of thanking all the angels and advocates who made a difference in his life is by trying to make a difference in all of ours.

A study on urban risk and resettlement programs in the Global South in the era of climate change. Environmental changes impact everyone, but the burden is especially heavy upon the lives and livelihoods of the urban poor and those living in informal settlements. In an effort to reduce urban residents' exposure to climate change and natural disasters, resettlement programs are becoming widespread across the Global South. Yet, while resettlement may reduce a region's future climate-related disaster risk, it can also often increase poverty and vulnerability. This volume collates the findings from a research project that examined urban areas across the globe, including case studies from India, Uganda, Peru, Colombia, Mexico, Cambodia, and the Philippines. The book offers a unique approach to resettlement, providing an opportunity for urban planners to re-think how disaster risk management can better address the accumulation of urban risks in the era of climate change.

From the award-winning, internationally acclaimed screenwriter of *Amores perros*, *21 Grams*, and *Babel*, *A Sweet Scent of Death* is Guillermo Arriaga's tale of deception, passion, and violence fused together by the tragic killing of a young girl in a small Mexican village. Early one morning in a deserted field, Ramón Castaños is confronted with the dead body of Adela, a lovely young girl, whom he had only admired from afar. Within an hour, rumor of the death of Ramón Castaños's girlfriend has spread to every corner of Loma Grande. This powder-trail of gossip ignites further violence when the villagers, thirsty for revenge, cast about for answers and hit upon the nomadic José Echeverri-Berriozábal, known as "the Gypsy." Honor then demands that Ramón must now live out his imaginary past in a brutal reality and prove his manhood by avenging Adela's cruel fate. Guillermo Arriaga is the author of *The Night Buffalo* and *The Guillotine Squad*. He has worked in television, radio, and film. Arriaga is the award-winning screenwriter of *Amores perros*, *21 Grams*, *The Three Burials of Melquiades Estrada*, and *Babel*.

From the award-winning writer of *The Good House*, *The Living Blood*, and more, *Joplin's Ghost* is a chilling tale of a star-in-the-making whose life goes haywire as she is haunted by the ghost of a long-dead music legend. When Phoenix Smalls was ten, she nearly died at her parents' jazz club when she was crushed by a turn-of-the-century piano. Now twenty-four, Phoenix is launching a career as an R & B singer. She's living the life young artists envy and seems destined for fame and fortune. But a chance visit to a historical site in St. Louis ignites a series of bizarre, erotic encounters with a spirit who may be the King of Ragtime, Scott Joplin. The music of Scott Joplin is strange enough to the ears of the hip-hop generation, but the idea that these antique sounds are being channeled by the protegee of rap superstar G-Ronn is nothing short of ludicrous. With growing violence in G-Ronn's inner circle and a ghost bent on living forever through her, Phoenix's life suddenly hangs in the balance," writes Tananarive Due. Can the power of her own inner song and the love of a music writer who believes in her give Phoenix the strength to fight to live out her own future? Or will she be trapped forever in Scott Joplin's doomed, tragic past?
