Reagan, In His Own Hand
Macmillan
Ronald Reagan's
autobiography is a
work of major

historical importance. Here, in his own words, is the story of his life—public and private—told in a book both frank and compellingly readable. Few presidents have accomplished more, or been so effective in changing the direction of government in ways that are both fundamental and lasting, than Ronald Reagan. Certainly no president has more dramatically raised the American spirit, or done so much to restore national strength and self-confidence. Here, then, is a truly American success story—a great and inspiring one. From modest beginnings as the son of a shoe salesman in Tampico, Illinois, Ronald Reagan achieved first a distinguished career in Hollywood and then, as governor of California and as president of the most powerful nation in the world, a career of public service unique in our history. Ronald Reagan's account of that rise is told here with all the uncompromising candor, modesty, and wit that made him perhaps the most able communicator ever to occupy the White House, and also with the sense of drama of a gifted natural storyteller. He tells us, with warmth and pride, of his early years and of the elements that made him, in later life, a leader of such stubborn integrity, courage, and clear-minded optimism. Reading the account of this childhood, we understand how his parents, struggling to

make ends meet despite humanize history, for a breath of fresh
family problems and the Ronald Reagan takes the air and then took him
rigors of the reader behind the off for a walk and a
Depression, shaped his scenes of his man-to-man chat,
belief in the virtues extraordinary career, without aides, that set
of American life—the from his first the course for arms
need to help others, political experiences reduction and charted
the desire to get ahead as president of the the end of the Cold
and to get things done, Screen Actors Guild War. Here he reveals
the deep trust in the (including his first what went on behind his
basic goodness, values, meeting with a decision to enter
and sense of justice of beautiful young actress politics and run for
the American who was later to become the governorship of
people—virtues that few Nancy Reagan) to such California, the speech
presidents have high points of his nominating Barry
expressed more presidency as the Goldwater that first
eloquently than Ronald November 1985 Geneva made Reagan a national
Reagan. With absolute meeting with Mikhail political figure, his
authority and a keen Gorbachev, during which race for the
eye for the details and Reagan invited the presidency, his
the anecdotes that Soviet leader outside relations with the

members of his own cabinet, and his frustrations with Congress. He gives us the details of the great themes and dramatic crises of his eight years in office, from Lebanon to Grenada, from the struggle to achieve arms control to tax reform, from Iran-Contra to the visits abroad that did so much to reestablish the United States in the eyes of the world as a friendly and peaceful power. His narrative is full of insights, from

the unseen dangers of Gorbachev's first visit to the United States to Reagan's own personal correspondence with major foreign leaders, as well as his innermost feelings about life in the White House, the assassination attempt, his family—and the enduring love between himself and Mrs. Reagan. An American Life is a warm, richly detailed, and deeply self-portrait, a significant work of history.

Riding With Reagan Simon and Schuster

A selection of speeches from Ronald Reagan. The conservative "Reagan Revolution," of free-market economics, the Religious Right, and American military power, dominated American politics for three decades. This volume includes the "Evil Empire" speech, the "Government is the problem" speech, the "Tear down this Wall" speech, and many others. Reagan Anchor

Speeches explore a variety of political and social issues, including tax reform, the

conservative movement, nuclear disarmament, and the growth of government

Simon and Schuster

The former First Lady discusses her life, the Reagan administration, her shaky relationship with her children and key White House personnel, her husband's involvement in the Iran-Contra affair, and her bout with cancer.

"During our White House years I said almost nothing about how I really felt regarding the controversies that swirled around me. . . . But now those years are

over, and it's my turn to describe what happened. . . ." About Ronald Reagan: "Although Ronnie loves people, he often seems remote, and he doesn't let anybody get too close. There's a wall around him. He lets me come closer than anyone else, but there are times when even I feel that barrier." About being a mother: "What I wanted most in all the world was to be a good wife and mother. As things turned out, I guess I've been more successful at the first than at the second." About her

influence: "I make no apologies for telling Ronnie what I thought. Just because you're married doesn't mean you have no right to express your opinions. For eight years I was sleeping with the president, and if that doesn't give you special access, I don't know what does." About astrology: "What it boils down to is that each person has his or her own ways of coping with trauma and grief, with the pain of life, and astrology was one of mine. Don't criticize me, I wanted to say, until you have stood in my

place. This helped me. Nobody was hurt by it—except, possibly, me.” About Don Regan: “His very first day on the job, Don said that he saw himself as the ‘chief operating officer’ of the country. But he was hired to be chief of staff. . . . Although I believed for a long time that Donald Regan was in the wrong job, my ‘power’ in getting him to leave has been greatly exaggerated. Believe me, if I really were the dragon lady that he described in his book, he would have been out the door many months

earlier.”

Ronald Reagan Simon and Schuster

Presents a collection of annotated documents that reveal how Ronald Reagan served as the intellectual architect of the 1980s prosperity and of the strategy that won the Cold War.

Reagan, in His Own Hand
Harper Collins

The most important speeches of America's "Great Communicator": Here, in his own words, is the record of Ronald Reagan's remarkable political career and historic eight-year presidency.

The Greatest Communicator
Random House Trade

Paperbacks

A moving memoir of the beloved fortieth president of the United States, by his son. February 6, 2011, is the one hundredth anniversary of Ronald Reagan's birth. To mark the occasion, Ron Reagan has written *My Father at 100*, an intimate look at the life of his father—one of the most popular presidents in American history—told from the perspective of someone who knew Ronald Reagan better than any adviser, friend, or colleague. As he grew up

under his father's watchful gaze, he observed the very qualities that made the future president a powerful leader. Yet for all of their shared experiences of horseback rides and touch football games, there was much that Ron never knew about his father's past, and in *My Father at 100*, he sets out to understand this beloved, if often enigmatic, figure who turned his early tribulations into a stunning political career. Since his death in 2004, President Reagan has been a galvanizing force that

personifies the values of an older America and represents an important era in national history. Ron Reagan traces the sources of these values in his father's early years and offers a heartfelt portrait of a man and his country--and his personal memories of the president he knew as "Dad." *The Last Best Hope* Harper The President reviews the arguments against abortion, calls for the recognition of the sanctity of life, and urges citizen awareness of the far-reaching implications of abortion

The Reagan Diaries Humanix Books

"This encyclopedic compilation gathers 2500 quotations from speeches and public addresses that Reagan delivered during his years as president. Organized topically into more than 60 primary subject areas, the entries reveal Reagan's policy on issues from abortion to welfare reform. Each includes information on title, date, venue, and audience of the speech from which the phrase is taken"--Provided

Appreciate famous stories and speeches from The Great Communicator, Ronald Reagan. "There is no limit to what a man can do or where he can go if he doesn't mind who gets the credit." Ronald Reagan. The Great Communicator. The Great Persuader. Actor, performer, leader, and President. Enjoy this wonderful collection of the best stories, jokes, and

lines from the 40th President of the United States.

Reagan's unique vision and wisdom combined with his humor and wit made for some of the best public speaking and diplomacy in the history of the nation. In **Ronald Reagan Quotes and Quips**, a perfect gift for any fan of history, discover lesser-known jokes as well as classic and historical moments from his presidency. Through color photos and pages of information, discover fun trivia bites and anecdotes.

"Information is the oxygen of the modern age. It seeps through the walls topped by barbed wire, it wafts across the electrified borders." "The nine most terrifying words in the English language are, 'I'm from the government and I'm here to help.'"

An American Life Grand Central Publishing

"The definitive biography of the fiercely vigilant and politically astute First Lady who shaped one of the most consequential presidencies of the 20th century: Nancy Reagan"--

When Character Was King

Simon and Schuster
Provides a look into the life and politics of Ronald Reagan, offering a look at the milestones in his political career and a more personal side of the great communicator.

The Reagan Era McFarland Publishing

Reagan's Legacy in a World Transformed offers a timely retrospective on the fortieth president's policies and impact on today's world, from the influence of free market ideas on economic globalization, to the role of an assertive military in U.S. foreign policy, to reduction of nuclear arsenals in

the interest of stability.

The Inner Circle Random House Trade Paperbacks

With a foreword from Senator Marco Rubio, a stirring collection of Ronald Reagan's most inspiring speeches, offering his timeless wisdom and guidance for our day. In his 1989 farewell address, Ronald Reagan said, "I wasn't a great communicator, but I communicated great things, and they didn't spring full bloom from my brow, they came from the heart of a great nation--from our experience, our wisdom, and our belief in principles that have guided us for two centuries." *The Heart of a Great Nation* brings together Reagan's most powerful speeches, as relevant to our

chaotic world as they were when he first gave them. In a period of our country's history consumed by economic stagnation, national instability, and the looming threat of communism, Reagan spoke directly to the hearts of everyday Americans. His wisdom on matters of family, freedom, and nationhood helped guide the country back to its founding principles and ushered in an era of prosperity and national pride. Today, as we find our country treading similar ground, Reagan's wisdom speaks to us once again, offering guidance to everyone looking to navigate the present and remember the legacy of this great nation--which can one day be reclaimed.

The Notes Humanix Books

This book, the only biography ever authorized by a sitting President--yet written with complete interpretive freedom--is as revolutionary in method as it is formidable in scholarship. When Ronald Reagan moved into the White House in 1981, one of his first literary guests was Edmund Morris, the Pulitzer Prize-winning biographer of Theodore Roosevelt. Morris developed a fascination for the genial yet inscrutable President and, after Reagan's landslide reelection in 1984, put aside the second volume of his life of Roosevelt to become an observing eye and ear at the White House. During thirteen years of obsessive

archival research and interviews with Reagan and his family, friends, admirers and enemies (the book's enormous dramatis personae includes such varied characters as Mikhail Gorbachev, Michelangelo Antonioni, Elie Wiesel, Mario Savio, François Mitterrand, Grant Wood, and Zippy the Pinhead), Morris lived what amounted to a doppelgänger life, studying the young "Dutch," the middle-aged "Ronnie," and the septuagenarian Chief Executive with a closeness and dispassion, not to mention alternations of amusement, horror, and amazed respect, unmatched by any other presidential biographer. This almost Boswellian closeness led to a unique literary method

whereby, in the earlier chapters of *Dutch: A Memoir of Ronald Reagan*, Morris's biographical mind becomes in effect another character in the narrative, recording long-ago events with the same eyewitness vividness (and absolute documentary fidelity) with which the author later describes the great dramas of Reagan's presidency, and the tragedy of a noble life now darkened by dementia. "I quite understand," the author has remarked, "that readers will have to adjust, at first, to what amounts to a new biographical style. But the revelations of this style, which derive directly from Ronald Reagan's own way of looking at his life, are I think rewarding

enough to convince them that one of the most interesting characters in recent American history looms here like a colossus."

The Triumph of Nancy

Reagan Simon and Schuster
#1 New York Times Bestseller

"Reading these diaries, Americans will find it easier to understand how Reagan did what he did for so long . . .

They paint a portrait of a president who was engaged by his job and had a healthy perspective on power." —Jon Meacham, Newsweek During his two terms as the 40th president of the United States, Ronald Reagan kept a daily diary in which he recorded his

innermost thoughts and observations on the extraordinary, the historic, and the routine occurrences of his presidency. To read these diaries—now compiled into one volume by noted historian Douglas Brinkley and filled with Reagan's trademark wit, sharp intelligence, and humor—is to gain a unique understanding of one of our nation's most fascinating leaders.

Quotations of Ronald Reagan Modern Library

"I know in my heart that man is good. That what is right will always eventually

triumph. And there's purpose and worth to each and every life." —Ronald Reagan Noted political commentator Michael Reagan, the son of Ronald Reagan and first wife Jane Wyman, has traveled across America, giving speeches and meeting the public. Time and time again, people tell him how much they love and miss his father, and what his presidency meant to them. In a world where role models are few and far between, Ronald Reagan's legacy stands strong. In *Lessons My Father*

Taught Me, Michael Reagan looks back over his years with his father and reflects on what he has learned from the greatest man he has ever known—and one of the greatest men the world has known. When Michael was growing up, his father would drive him out to his ranch. There Ronald Reagan taught Michael how to ride a horse, how to shoot a gun, and much more. As they drove together or did chores together, Michael's father told him stories and taught him about life, love, family,

faith, success, and leadership. Michael didn't fully appreciate those lessons at the time, but years later he remembered—and he understood. Now, Michael Reagan shares his father's wisdom and experience in this inspiring book. *Killing Reagan* Harvard University Press
On February 6, 2001, my nine-year-old daughter happened to wander into the room during a television segment marking Ronald Reagan's ninetieth birthday. She watched for a moment. Then she turned to me and asked, "Dad, is that the

President you worked for?" What answer could I give her? How could I make her see? I wanted my daughter to recognize that the world she inhabited was freer and more prosperous because of that old, old man on television. But I also wanted her to grasp my personal debt to him, to understand all that he taught me—how to work and how to relax, how to think and how to use words, how to be a good husband, how to approach life itself... I needed to tell my children how Ronald Reagan changed my life. In 1982, as a young man, Peter Robinson

was hired as a speechwriter in the Reagan White House. During the six years that followed, he was one of a core group of writers who became informal experts on Reagan, absorbing not just his political positions but his personality, manner, and way of carrying himself. And the example Reagan set—as a confident, passionate, principled, generous-spirited older man—molded Robinson's outlook just as he was coming into his own. "Hard work. A good marriage. A certain lightness of touch," he writes. "The longer I studied Ronald Reagan, the more

lessons I learned." At the core of *How Ronald Reagan Changed My Life* are ten of the life lessons Robinson learned from the fortieth President—principles that have guided his own life ever since. But it also offers a warm and unforgettable portrait of a great yet ordinary man who touched the individuals around him as surely as he did his millions of admirers around the world. Drawing on journal entries from his days at the White House, as well as interviews with those who knew the President best, Robinson etches his portrait with fresh

observations, telling detail, and that "certain lightness of touch" that recalls the master himself. The result is nothing less than a love story—an account of the profound respect and affection that one young man came to feel for the President who changed his life forever. *Lessons My Father Taught Me* Penguin
Ronald Reagan, one of America's most beloved presidents, is now gone. But his voice lives on in this stirring and very personal collection of letters written during his presidency to his fellow Americans, showing us a new and surprisingly intimate side of our fortieth president.

During even the busiest times in his presidency, Ronald Reagan took time out to respond to dozens of letters each week from the many friends and private citizens who wrote to him about their concerns. These letters, collected in the president's "Handwriting File," have never been examined by historians. Now Ralph E. Weber and his son, Ralph A. Weber, have culled the best of this collection, arranged chronologically to track the course of political events during the eight years of his presidency. A fascinating glimpse at the issues facing the United States during the 1980s, *Letters from the Desk of Ronald Reagan* traces history in the making.
