In a lively collection of feature obituaries and related news stories, longtime newspaper reporter George Hesselberg celebrates life, sharing the most fascinating stories that came from decades of covering the obit and public safety beats. In more than forty years at the Wisconsin State Journal, Hesselberg frequently found himself writing about fatal accidents, crime investigations, and the deaths of the wealthy, famous, or notorious. But he was most drawn to the curious, the unknown, and the unsung—the deaths that normally wouldn't make much of a splash, if any mention at all, in the news columns of a daily paper. Digging deeper, he uncovered the extraordinary among the ordinary, memorializing the lives of a sword designer, a radio villain, a pioneering female detective, a homeless woman who spoke fluent French, a beloved classroom tarantula, and many more. Their stories are alternately amusing, sad, surprising, and profound. Together they speak to a shared human experience and inspire us to see the people around us with new eyes, valuing the lives while they are still being lived.

One of the Ten Best Books of The New York Times Book Review Winner of the Los Angeles Times Book Prize Soon to be a miniseries from Hulu starring James Franco This enhanced ebook edition contains a 13-minute film, written and narrated by Stephen King and enhanced with historic footage from CBS News, that will take you back—as King's novel does—to Kennedy era America. On November 22, 1963, three shots rang out in Dallas, President Kennedy died, and the world changed. What if you could change it back? Stephen King's heart-stoppingly dramatic new novel is about a man who travels back in time to prevent the JFK assassination—a thousand page tour de force. Following his massively successful novel *Under the Dome*, King sweeps readers back in time to another moment—a real life moment—when everything went wrong: the JFK assassination. And he introduces readers to a character who has the power to change the course of history. Jake Epping is a thirty-five-year-old high school English teacher in Lisbon Falls, Maine, who makes extra money teaching adults in the GED program. He receives an essay from one of the students—a gruesome, harrowing first person story about the night 50 years ago when Harry Dunning's father came home and killed his mother, his sister, and his brother with a hammer. Harry escaped with a smashed leg, as evidenced by his crooked walk. Not much later, Jake's friend Al, who runs the local diner, divulges a secret: his storeroom is a portal to 1958. He enlists Jake on an insane—and insanely possible—mission to try to prevent the Kennedy assassination. So begins Jake's new life as George Amberson and his new world of Elvis and JFK, of big American cars and sock hops, of a troubled loner named Lee Harvey Oswald and a beautiful high school librarian named Sadie Dunhill, who becomes the love of Jake's life – a life that transgresses all the normal rules of time. A tribute to a simpler era and a devastating exercise in escalating suspense, *11/22/63* is Stephen King at his epic best.

Women Who Changed the World: Their Lives, Challenges, and Accomplishments through History [4 volumes] Cambridge University Press

Includes the story "Premium Harmony"—set in the fictional town of

Castle Rock, Maine The masterful #1 New York Times bestselling story collection from O. Henry Prize winner Stephen King that includes twenty-one iconic stories with accompanying autobiographical comments on when, why and how he came to write (or rewrite) each one. For more than thirty-five years, Stephen King has dazzled readers with his genius as a writer of short fiction. In this new collection he introduces each story with a passage about its origins or his motivations for writing it. As Entertainment Weekly said about this collection: "Bazaar of Bad Dreams is bursting with classic King terror, but what we love most are the thoughtful introductions he gives to each tale that explain what was going on in his life as he wrote it." There are thrilling connections between stories; themes of morality, the afterlife, guilt, what we would do differently if we could see into the future or correct the mistakes of the past. In "Afterlife," a man who died of colon cancer keeps reliving the same life, repeating his mistakes over and over again. Several stories feature characters at the end of life, revisiting their crimes and misdemeanors. Others address what happens when someone discovers that he has supernatural powers—the columnist who kills people by writing their obituaries in "Obits;" the old judge in "The Dune" who, as a boy, canoed to a deserted island and saw names written in the sand, people who then died in freak accidents. In "Morality," King looks at how a marriage and two lives fall apart after the wife and husband enter into what seems, at first, a devil's pact they can win. "I made these stories especially for you," says King. "Feel free to examine them, but please be careful. The best of them have teeth." Stories include: -Mile 81 -Premium Harmony -Batman and Robin Have an Altercation -The Dune -Bad Little Kid -A Death -The Bone Church -Morality -Afterlife -Ur -Herman Wouk Is Still Alive -Under the Weather -Blockade Billy -Mister Yummy -Tommy -The Little Green God of Agony -Cookie Jar -That Bus Is Another World -Obits -Drunken Fireworks -Summer Thunder

 Psychotherapists and critics of

psychotherapy outline their views and answer their adversaries. The critics draw attention to the inadequacy of research validating the results of psychotherapy and argue that no treatment at all may be as effective as therapy, that some people's experience of therapy is harmful, that there is a preciousness and pretentiousness about many psychotherapists, that psychotherapists may be flawed and exploitative, that psychotherapy is anachronistically detached from the new-paradigm views, and that psychotherapy embodies a form of psychological reductionism that weakens its credibility. The object of this book is to reduce the antagonism between the two camps so that future debate can be more constructive than hitherto. The contributors are Michael Barkham, Ian Craib, Gill Edwards, Albert Ellis, Hans Eysenck, Stephen Frosh, Sol Garfield, Ernest Gellner, Jeremy Holmes, Paul Kline, Katherine Mair, Jeffrey Masson, David Pilgrim, Jeff Roberts, John Rowan, David Shapiro and Stuart Sutherland.

"Mick Temple's book makes an important contribution to the debate on the critical historical role and uncertain future of newspapers and the key place of quality journalism within that debate." Jeremy Dear, General Secretary of the National Union of Journalists, UK "This book provides a brilliant synthesis of academic and journalistic debate on the past, present and future of the British newspaper. Impressively up-to-date, it is an accessible and well sign-posted introduction to students of the news media and political communication and should become an essential addition to their reading." Martin Conboy, University of Sheffield, UK "A thorough and thoughtful investigation into the British press and its contribution to our social and political culture." Simon Kelner, Editor-in-Chief, The Independent This exciting book offers a practical introduction to the history, theory, politics and potential future of British newspapers. Focussing on the relationship between the press and political history, it examines their social and political impact, assessing the press's contribution to enlarging and informing the public sphere. The author provides a theoretical critique of press developments. The first part of the text leads you through key historical moments from the English Civil War to Wapping and beyond, while the second half takes an in-depth look at current empirical and theoretical concerns. Scholarly yet accessible, Mick Temple is not afraid to take a position on today's contentious issues. The book takes a more positive perspective on the British press than has often been the case, highlighting the online strength of great brand names like the Telegraph, Guardian, Sun and Mail. Temple argues that throughout their history, our newspapers have been vital conduits for public opinion and, on occasion, catalysts for social change. The British Press is key reading for journalism, media and social science students.

Official Obituary Retraction (Temporary)-Mark Twain More than a few years ago, I announced that the reports of my demise were greatly exaggerated...which only proved to be a temporary truth, until April 21, 1910. However, I have managed to make a special arrangement with God to come back, as *The Ghost of Mark Twain* to take care of a few loose ends that I neglected to handle when I was on earth the first time. So, I am officially retracting my April, 1910 obituary and placing it on hold until a future undetermined date. All of my prior accomplishments and works have been stolen or have expired for monetary compensation. So, I will soon re-embark on a sustenance agenda that may involve temporary basic hourly wage until I can again establish a more appropriate and suitable source of income, based upon more writings that I left undone and any that I can conjure up and sell to achieve respectable accommodations which I was formerly used to. The last 100+ years have not been pleasant for me, primarily because of my scallywaggery in the prior two centuries. I have been subjected to divine restitution and part of the reason I'm back is to fulfill a specially-arranged, alternative method of completing that process in order to be worthy of getting past the Pearly Gates next time around. But all that is explained in my new book, dictated to and told by a generally truthful Mr. John J. Hawthorne, Esq.: *The Ghost of Mark Twain-The Divine Community Service Agreement with God*. As for me, I have some catchin' up to do with everything that has gone on in the last 100+ years and will tell you all about some things I learned first-hand which you should know about for your own good. Because all of my debts and financial obligations had been taken care of prior to the April, 1910 "departure", I don't owe anybody anything and plan to go forward with a clean slate, even though I am currently a little short on funds...and cigars. One redeeming and especially good aspect of returning as *The Ghost of Mark Twain* is that I do not currently have one enemy in the world, having "outlived" all the S.O.B.s. Notation from John J. Hawthorne, Esq.: more details on this official obituary retraction are available in *The Ghost of Mark Twain*, available at Amazon Kindle Books.

The Adman's Dilemma is a cultural biography that explores the rise and fall of the advertising man as a figure who became effectively a licensed deceiver in the process of governing the lives of American consumers. Apparently this personage was caught up in a contradiction, both compelled to deceive yet supposed to tell the truth. It was this moral condition and its consequences that made the adman so interesting to critics, novelists, and eventually filmmakers. The biography tracks his saga from its origins in the exaggerated doings of P.T. Barnum, the emergence of a new profession in the 1920s, the heyday of the adman's influence during the post-WW2 era, the later rebranding of the adman as artist, until the apparent demise of the figure, symbolized by the triumph of that consummate huckster, Donald Trump. In *The Adman's Dilemma*, author Paul Rutherford explores how people inside and outside the advertising industry have understood the conflict between artifice and authenticity. The book employs a range of fictional and nonfictional

sources, including memoirs, novels, movies, TV shows, websites, and museum exhibits to suggest how the adman embodied some of the strange realities of modernity.

A Women's History of the Beatles is the first book to offer a detailed presentation of the band's social and cultural impact as understood through the experiences and lives of women. Drawing on a mix of interviews, archival research, textual analysis, and autoethnography, this scholarly work depicts how the Beatles have profoundly shaped and enriched the lives of women, while also reexamining key, influential female figures within the group's history. Organized topically based on key themes important to the Beatles story, each chapter uncovers the varied and multifaceted relationships women have had with the band, whether face-to-face and intimately or parasocially through mediated, popular culture. Set within a socio-historical context that charts changing gender norms since the early 1960s, these

narratives consider how the Beatles have affected women's lives across three generations. Providing a fresh perspective of a well-known tale, this is a cultural history that moves far beyond the screams of Beatlemania to offer a more comprehensive understanding of what the now iconic band has meant to women over the course of six decades.

EBOOK: Being A Teacher In Higher Education McGraw-Hill Education (UK)

This book presents the concept of ethical knowledge as it is revealed, as it is challenged, and as it may be used in schools. The book combines empirical expressions of teachers' beliefs and practices with a discussion of the connections between the moral dimensions of schooling and applied professional ethics in teaching: Ethical knowledge relies on the teacher's awareness, understanding, and acceptance of the demands of moral agency. Ethical knowledge is compromised by moral dilemmas and complexities that routinely challenge teachers. Moral tensions may be eased by three avenues of renewal based on heightened attention to ethical knowledge: a renewed sense of teacher professionalism, renewed school cultures, and renewed teacher education and professional learning. The Ethical Teacher is for teachers and teacher educators and for those who conduct research about their worlds.
