*Gabriel and the Hour Book* Createspace Independent Publishing Platform One of our most influential anthropologists reevaluates her long and illustrious career by returning to her roots—and the roots of life as we know it When Elizabeth Marshall Thomas first arrived in Africa to live among the Kalahari San, or bushmen, it was 1950, she was nineteen years old, and these last surviving hunter-gatherers were living as humans had lived for 15,000 centuries. Thomas wound up writing about their world in a seminal work, *The Harmless People* (1959). It has never gone out of print. Back then, this was uncharted territory and little was known about our human origins. Today, our beginnings are better understood. And after a lifetime of interest in the bushmen, Thomas has come to see that their lifestyle reveals great, hidden truths about human evolution. As she displayed in her bestseller, *The Hidden Life of Dogs*, Thomas has a rare gift for giving voice to the voices we don't usually listen to, and helps us see the path that we have taken in our human journey. In *The Old Way*, she shows how the skills and customs of the hunter-gatherer share much in common with the survival tactics of our animal predecessors. And since it is "knowledge, not objects, that endure" over time, Thomas vividly brings us to see how linked we are to our origins in the animal kingdom. *The Old Way* is a rare and remarkable achievement, sure to stir up controversy, and worthy of celebration.

*Highland Celts Series* - Createspace Independent Publishing Platform Presents the true story of a friendship that has spanned three decades, recounting how the author, a harried sales executive, befriended an eleven-year-old panhandler, changing both of their lives forever.

*The Book of Knowledge and Wonder* Ruthanne Reid Elizabeth Marshall Thomas was nineteen when her father took his family to live among the Bushmen of the Kalahari. Fifty years later, after a life of writing and study, Thomas returns to her experiences with the Bushmen, one of the last hunter-gatherer societies on earth, and discovers among them an essential link to the origins of all human society. Humans lived for 1,500 centuries as roving clans, adapting daily to changes in environment and food supply, living for the most part like their animal ancestors. Those origins are not so easily abandoned, Thomas suggests, and our modern society has plenty still to learn from the Bushmen. Through her vivid, empathic account, Thomas reveals a template for the lives and societies of all humankind.

*The Story Of Developers Of The Catalog Of Human Population* CreateSpace Great relationships are the difference between success and failure in business. That's the lesson that Robert Hanson, owner of a struggling insurance agency, is about to learn. By following the advice of two surprising mentors and the natural connectors he meets through them, Robert uncovers powerful relationship-building secrets that have long eluded him—even though they were always in plain sight. As you follow the transformative journey of Robert and his business, you'll discover simple ways to cultivate relationships in the real world and online. Whether you're looking to move ahead in your career or grow a company, this book will galvanize you into action and provide a clear path to success. The new business parable from Patrick Galvin, 'The Connector's Way,' builds on the relationship-building themes of classics such as 'The Go-Giver' by Bob Burg, 'The Greatest Salesman in the World' by Og Mandino, and 'How to Win Friends and Influence People' by Dale Carnegie.

*Dragon's Dust* Vintage When ancient gods ruled and Druids kept Faith alive, the Celts thrived as a democratic, matriarchal society. Then savage Roman soldiers swept across Europe, killing and enslaving. The Celts did not succumb without a fight. Their Old Ways survived centuries of ruthless domain until another menace loomed: a tortured god worshiped in cold stone buildings. The sacred shores of Avalon began to drift away, the mists threatened to hide the island from mortal eyes forever. Against the bleak backdrop of war, the gorgeous Scottish Highlands stood tall, sheltering its inhabitants from greedy invaders. Yet the reach of the eagle banners was long and the highlanders turned to the Goddess for protection. However, the sacred groves felt silent and grim as Avalon faded away. Once sad, pealing bells began to sound strangely comforting while the high walls of monasteries offered an alluring barrier from violence. Caught in the middle of this centuries-old war, a young High Priestess might be Avalon's last chance. Wise beyond her years and powerful like no other Priestess in her lifetime, Rowen had served the Goddess faithfully, forsaking her family and the company of her soulmate. When the Lady of the Lake asks for another sacrifice, it might be one too many for her scarred heart. How could she obey the Goddess without betraying Caddaric? Could she trust Eochaid, who embodied everything she despised and hated? Would she be able to fulfill her duties without losing her soul? Caddaric had been Rowen's companion in countless lives; but, now, they existed in different realms. Beautiful Rowen lived in the mortal world while sweet Caddaric remained in the sacred isle of Avalon, watching over her. Could he step aside to allow another man - a flesh and blood man - to become her protector? Eochaid had sworn to protect the Old Ways. The rude warrior never quite understood his faith yet his loyal heart belonged to the Goddess. A gorgeous, fiery High Priestess was not in his plans. He would risk his life to protect Rowen; but, would the Goddess safeguard his heart? Could he defend the bewitching maiden from himself? When stakes were so high that a simple mistake could cost their very world, a priestess, a Druid, and a warrior must learn to trust one another and the mysterious ways of the Goddess. Their success would save Avalon. Their failure would tear the island from the human realm forever, condemning it to oblivion. Failure was not an option. This is a standalone, historical/paranormal romance. Its mature themes - sexual violence, religion, and pagan rituals - might not be appropriate for audiences under 18.

All fiction is character-driven, according to William Bernhardt. How can you use characters to create dynamic fiction that will captivate readers? This book explains the relationship between character and plot, and how the perfect melding of the two produces a mesmerizing story.

Percy Picador I suspect that if you are reading this book, then you either just finished your book or you are contemplating self-publishing books as a full-time or part-time income or just to publish your book and brag to your friends about it later. In any case, this book is written for you and it comes from my heart, and from my many trial and errors over the last two years and still am doing today. I hope I will not let you down with the content of this book and that you will find it useful.

*An Invisible Thread* Joseph R. Lallo “ A study of primitive people which, for beauty of . . . style and concept, would be hard to match. ” —The New York Times Book Review In the 1950s Elizabeth Marshall Thomas became one of the first Westerners to live with the Bushmen of the Kalahari desert in Botswana and South-West Africa. Her account of these nomadic hunter-gatherers, whose way of life had remained unchanged for thousands of years, is a ground-breaking work of anthropology, remarkable not only for its scholarship but for its novelistic grasp of character. On the basis of field trips in the 1980s, Thomas has now updated her book to show what happened to the Bushmen as the tide of industrial civilization—with its flotsam of property rights, wage labor, and alcohol—swept over them. The result is a powerful, elegiac look at an endangered culture as well as a provocative critique of our own. "The charm of this book is that the author can so truly convey the strangeness of the desert life in which we perceive human traits as familiar as our own. . . . The Harmless People is a model of exposition: the style very simple and precise, perfectly suited to the neat, even fastidious activities of a people who must make their world out of next to nothing." —The Atlantic
