Seminar paper from the year 2020 in the subject Pedagogy - Media Pedagogy, grade: 1,7, University of Hagen, course: Modul 3 - Entwicklung und Evaluation von digitalen Medien, language: English, abstract: This paper has the aim to address the following research question: How does the interactive digital media product meet the quality criteria, outlined in LORI, to support learning? In order to answer these research question, first the prototype was developed and implemented. After that evaluation and analysis took place. In more detail, the structure of this paper is based on the ADDIE model. In chapter 2

the ADDIE model is described.

Chapter 3 analyses the topic, the target group and learning goals. Whereas chapter 4 focuses on the design and development. That means the focus is on the design, different theories and models and how to connect them with the results from chapter 3. The research question and the hypothesis are also introduced in chapter 4. A few important explanatory notes about the implementation are in Chapter 5. In order to answer the research question the collected data and methods are described and analysed in Chapter 6. This paper will close with a conclusion.

Books
Eight-year-old Margaret Pokiak has set her sights on learning to read, even though it means leaving her village in the high Arctic. Faced with unceasing pressure, her father finally agrees to let her make the five-day journey to attend school, but he warns Margaret of the terrors of residential

schools. At school Margaret soon encounters the Raven, a black-cloaked nun with a hooked nose and bony fingers that resemble claws. She immediately dislikes the strong-willed young Margaret. Intending to humiliate her, the heartless Raven gives gray stockings to all the girls – all except Margaret,

first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which	Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and	still eye-opening, Orientalism remains one of the most important books written about our divided world. <i>The Stranger</i> Simon and Schuster The chapter-wise NCERT solutions prove very beneficial in understanding a chapter and also in scoring marks in internal and final exams. Byron is in love with Cathy and has to make the decision of his life when her drug-addicted brother goes missing.	Author Honor Book The First Rule of Punk is a wry and heartfelt exploration of friendship, finding your place, and learning to rock out like no one's watching. There are no shortcuts to surviving your first day at a new school—you can't fix it with duct tape like you would your Chuck Taylors. On Day One, twelve-year-old Malú (María Luisa, if you want to annoy her) inadvertently upsets Posada Middle School's queen bee, violates the school's	dress code with her punk rock look, and disappoints her college-professor mom in the process. Her dad, who now lives a thousand miles away, says things will get better as long as she remembers the first rule of punk: be yourself. The real Malú loves rock music, skateboarding, zines, and Soyrizo (hold the cilantro, please). And when she assembles a group of like-minded misfits at school and starts a band, Malú finally begins to feel at home. She'll do

anything to preserve this, which includes standing up to an anti-punk school administration to fight for her right to express herself! Black and white illustrations and collage art throughout make The First Rule of Punk a perfect pick for fans of books like Roller Girl and online magazines like Rookie.	Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they	want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

an original movie on Disney+! And don't miss the author's highly anticipated new novel, *Dead Wednesday!* Stargirl. From the day she arrives at quiet Mica High in a burst of color and sound, the hallways hum with the murmur of "Stargirl, Stargirl." She captures Leo Borlock's heart with just one smile. She sparks a school-spirit revolution with just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. Stargirl is suddenly shunned for everything that makes her different, and Leo, panicked and desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense, emotional tale about the perils of popularity and the thrill and inspiration of first love. Don't miss the sequel, *Love, Stargirl*, as well as *The Warden's Daughter*, a novel about another girl who can't help but stand out. "Spinelli is a poet of the prepubescent. . . . No writer guides his young characters, and his readers, past these pitfalls and challenges and toward their futures with more compassion." —The New York Times

The Ideology of Failed States Classroom Complete Press

What do we mean when we use the term 'failed states'? This book presents the origins of the term, how it shaped the

conceptual framework for international development and security in the post-Cold War era, and why. The book also questions how specific international interventions on both aid and security fronts - greatly varied by actor - based on these outsiders' perceptions of state failure create conditions that fit their characterizations of failed states. Susan L. Woodward offers details of international interventions in	peacebuilding, statebuilding, development assistance, and armed conflict by all these specific actors. The book analyzes the failure to re-order the international system after 1991 that the conceptual debate in the early 1990s sought - to the serious detriment of the countries labelled failed or fragile and the concept's packaging of the entire 'third world', despite its growing diversity since the mid-1980s, as one.	<u>The Story of Success</u> Oxford University Press From the author of the award-winning <i>Moth Smoke</i> comes a perspective on love, prejudice, and the war on terror that has never been seen in North American literature. At a café table in Lahore, a bearded Pakistani man converses with a suspicious, and possibly armed, American stranger. As dusk deepens to night, he begins the tale that has brought them to this fateful
