Deacon King Kong and *The Good Lord Bird*, winner of the National Book Award for Fiction: The modern classic that Oprah.com calls one of the best memoirs of a generation and that launched James McBride's literary career. More than two years on The New York Times bestseller list. Who is Ruth McBride Jordan? A self-declared "light-skinned" woman evasive about her ethnicity, yet steadfast in her love for her twelve black children. James McBride, journalist, musician, and son, explores his mother's past, as well as his own upbringing and heritage, in a poignant and powerful debut, *The Color Of Water: A Black Man's Tribute to His White Mother*. The son of a black minister and a woman who would not admit she was white, James McBride grew up in "orchestrated chaos" with his eleven siblings in the poor, all-black projects of Red Hook, Brooklyn. "Mommy," a fiercely protective woman with "dark eyes full of pep and fire," herded her brood to Manhattan's free cultural events, sent them off on buses to the best (and mainly Jewish) schools, demanded good grades, and commanded respect. As a young man, McBride saw his mother as a source of embarrassment, worry, and confusion—and reached thirty before he began to discover the truth about her early life and long-buried pain. In *The Color of Water*, McBride retraces his mother's footsteps and, through her searing and spirited voice, recreates her remarkable story. The daughter of a failed itinerant Orthodox rabbi, she was born Rachel Shilsky (actually Ruchel Dwara Zylska) in Poland on April 1, 1921. Fleeing pogroms, her family emigrated to America and ultimately settled in Suffolk, Virginia, a small town where anti-Semitism and racial tensions ran high. With candor and immediacy, Ruth describes her parents' loveless marriage; her fragile, handicapped mother; her cruel, sexually-abusive father; and the rest of the family and life she abandoned. At seventeen, after fleeing Virginia and settling in New York City, Ruth married a black minister and founded the all-black New Brown Memorial Baptist Church in her Red Hook living room. "God is the color of water," Ruth McBride taught her children, firmly convinced that life's blessings and life's values transcend race. Twice widowed, and continually confronting overwhelming adversity and racism, Ruth's determination, drive and discipline saw her dozen children through college—and most through graduate school. At age 65, she herself received a degree in social work from Temple University. Interspersed throughout his mother's compelling narrative, McBride shares candid recollections of his own experiences as a mixed-race child of poverty, his flirtations with drugs and violence, and his eventual self-realization and professional

Drawing on both their own fieldwork from 1991 to 1999 and older written sources, Stewart and Strathern explore how the Duna have remade their rituals and associated myths in response to the outside influences of government, Christianity, and large-scale economic development, specifically mining and oil prospecting. The authors provide in-depth ethnographic materials on the Duna and present many detailed descriptions of ritual practices that have been abandoned. *Remaking the World* is a timely contribution to the literature on agency and the making of cultural identity by indigenous peoples facing economic, social, and political change.

"Once upon a time, in fact it was Tuesday," the Bear went into the woods to settle in for his long winter nap. But when he awoke what had happened? The trees were gone, the grass was gone, the flowers were gone, and in their place were buildings, cars, a fenced-off courtyard. The Bear had no idea that he was in the middle of a factory. "Get back to work!" a man yelled out of the blue. "I don't work here," said the Bear, "I'm a bear." The man laughed and laughed. "Fine excuse for a man to keep from doing any work—saying he's a bear." And so it began and so it went, with the Bear protesting his beariness all the way from the Third Vice President to the First, and no one willing to believe that he wasn't just a silly man in a fur coat who needed a shave. How the bear endured and how he finally prevailed are the subject of this delightful modern fairy tale—beautifully illustrated with the author's inventive line drawings—about sticking up for yourself, no matter how many Foremen, General Managers, Vice Presidents, or even Company Presidents stand in your way.
