MIT Press  
Israel's military court system, a centerpiece of Israel's apparatus of control in the West Bank and Gaza since 1967, has prosecuted hundreds of thousands of Palestinians. This authoritative book

at an institution that lies both figuratively and literally at the center of the Israeli-Palestinian conflict. Lisa Hajjar has conducted in-depth interviews with dozens of Israelis and Palestinians—including judges, prosecutors, defense lawyers, defendants, and translators—about

their experiences and practices to explain how this system functions, and how its functioning has affected the conflict. Her lucid, richly detailed, and theoretically sophisticated study highlights the array of problems and debates that characterize Israel's military courts as it asks

---

how the law is deployed to protect and further the interests of the Israeli state and how it has been used to articulate and defend the rights of Palestinians living under occupation. *Master of the Game* Knopf Winner of the 2014 Lionel Trilling Book Award An examination of the failure of the United States as a broker in the Palestinian-Israeli peace process,

through three key historical moments For more than seven decades the conflict between Israel and the Palestinian people has raged on with no end in sight, and for much of that time, the United States has been involved as a mediator in the conflict. In this book, acclaimed historian Rashid Khalidi zeroes in on the United States's role as the purported impartial broker in this failed peace process. Khalidi closely analyzes three historical moments that illuminate how the United States' involvement has, in

fact, thwarted progress toward peace between Israel and Palestine. The first moment he investigates is the "Reagan Plan" of 1982, when Israeli prime minister Menachem Begin refused to accept the Reagan administration's proposal to reframe the Camp David Accords more impartially. The second moment covers the period after the Madrid Peace Conference, from 1991 to 1993, during which negotiations between Israel and Palestine were brokered by the United States until the signing of the secretly

---

negotiated Oslo accords. Finally, Khalidi takes on President Barack Obama's retreat from plans to insist on halting the settlements in the West Bank. Through in-depth research into and keen analysis of these three moments, as well as his own firsthand experience as an advisor to the Palestinian delegation at the 1991 pre-Oslo negotiations in Washington, DC, Khalidi reveals how the United States and Israel have actively colluded to prevent a Palestinian state and resolve the situation in

Israel's favor. Brokers of Deceit bares the truth about why peace in the Middle East has been impossible to achieve: for decades, US policymakers have masqueraded as unbiased agents working to bring the two sides together, when, in fact, they have been the agents of continuing injustice, effectively preventing the difficult but essential steps needed to achieve peace in the region. From the Hardcover edition. Hamas and Palestine Verso Books A landmark history of

one hundred years of war waged against the Palestinians from the foremost US historian of the Middle East, told through pivotal events and family history In 1899, Yusuf Diya al-Khalidi, mayor of Jerusalem, alarmed by the Zionist call to create a Jewish national home in Palestine, wrote a letter aimed at Theodore Herzl: the country had an indigenous people who would not easily accept

---

their own displacement. judges, scholars, Britain and the United States, the great powers of the age. He highlights the key episodes in this colonial campaign, from the 1917 Balfour Declaration to the destruction of Palestine in 1948, from Israel's 1982 invasion of Lebanon to the endless and futile peace process. Original, authoritative, and important, *The Hundred Years' War on Palestine* is not a chronicle of

He warned of the perils ahead, ending his note, “in the name of God, let Palestine be left alone.” Thus Rashid Khalidi, al-Khalidi's great-great-nephew, begins this sweeping history, the first general account of the conflict told from an explicitly Palestinian perspective. Drawing on a wealth of untapped archival materials and the reports of generations of family members—mayors, diplomats, and journalists—*The Hundred Years' War on Palestine* upends accepted interpretations of the conflict, which tend, at best, to describe a tragic clash between two peoples with claims to the same territory. Instead, Khalidi traces a hundred years of colonial war on the Palestinians, waged first by the Zionist movement and then Israel, but backed by

---

victimization, nor does it whitewash the mistakes of Palestinian leaders or deny the emergence of national movements on both sides. In reevaluating the forces arrayed against the Palestinians, it offers an illuminating new view of a conflict that continues to this day.

Brokers of Deceit Wayne State University Press

“ The most comprehensive account of Israeli history yet published ” (Efraim Karsh, *The Sunday Telegraph*). Fleeing

persecution in Europe, thousands of Jewish immigrants settled in Palestine after World War II. Renowned historian Martin Gilbert crafts a riveting account of Israel ’ s turbulent history, from the birth of the Zionist movement under Theodor Herzl to the unexpected declaration of its statehood in 1948, and through the many wars, conflicts, treaties, negotiations, and events that have shaped its past six decades—including the Six Day War, the Intifada, Suez, and the Yom Kippur War. Drawing on a wealth of first-hand source materials, eyewitness accounts, and his own personal and

intimate knowledge of the country, Gilbert weaves a complex narrative that ’ s both gripping and informative, and probes both the ideals and realities of modern statehood.

“ Martin Gilbert has left us in his debt, not only for a superlative history of Israel, but also for a restatement of the classic vision of Zion, in which a Middle East without guns is not a bedtime story but an imperative long overdue. This is the vision for which Yitzhak Rabin gave his life. This book is tribute to his memory. ” —Jonathan Sacks, *The Times* (London)

Discusses the history of the people, culture, and politics of the Middle East, and the complex foreign relations between Middle Eastern and European powers.  
Image and Reality of the Israel-Palestine Conflict University of Chicago Press  
Resolving International Conflict rethinks the dynamics of conflict escalation and continuation by engaging with research from the wide range of subfields in this area. The book suggests a new framework for understanding conflict as a particular form of situation, interaction and tension. It shows how conflicts are shaped by varied dynamics relating to

emotion, securitization, incentives, digital technology and violence; even attempts at monitoring, resolving or remembering conflicts may end up contributing to their escalation or continuation. Split into two sections, the first part focuses on the question of why and how conflicts escalate, while the second part analyses the continuation of conflict. The book features several case studies of conflict escalation and continuation - in Bahrain, Israel-Palestine, South Sudan, Northern Ireland and, most prominently, the case of the Syrian uprising and subsequent civil war. Throughout the book, and, in particular, in the conclusion, the consequences for conflict transformation are discussed. This

work will be of much interest to students of conflict resolution, peace studies, war and conflict studies, security studies and international relations, in general. The Israeli-Palestinian Conflict George Weidenfeld & Nicholson  
How did one of the greatest Jewish thinkers of the 20th century grapple with the founding of Israel and the Israeli-Palestinian conflict--one of the most significant political conflicts of his time? Samuel Hayim Brody traces the development of Martin Buber's thinking and its implications for the Jewish religion, for the problems posed by Zionism, and for the Zionist-Arab conflict. Beginning in turbulent Weimar Germany, Brody shows how

---

Buber's debates about Biblical meanings had concrete political consequences for anarchists, socialists, Zionists, Nazis, British, and Palestinians alike. Brody further reveals how Buber's passionate commitment to the rule of God absent an intermediary came into conflict in the face of a Zionist movement in danger of repeating ancient mistakes. Brody argues that Buber's support for Israel stemmed from a radically rich and complex understanding of the nature of the Jewish mission on earth that arose from an anarchist reading of the Bible.

In this moving account of the barriers between Israelis and Palestinians, leading Israeli journalist Isabel Kershner traces the route of the wall Israel is building and reports its profound effects on people living on both sides. Kershner provides rich and insightful portraits of Israeli settlers feeling abandoned on the wrong side of the fence; Palestinian farmers angry at

being cut off from their lands and groves; Arab families split up in a town now divided by the barrier; and Israelis protesting that it is an obstacle to peace. Exploring the reasons for the barrier and its political and moral implications, Kershner focuses on the people committed to their causes. As the future relationship between Israelis and Palestinians is being determined, *Barrier: The Seam of the Israeli-Palestinian Conflict* is an important book that addresses one of the most controversial solutions.

*The Hundred Years' War on Palestine* Palgrave Macmillan  
The Routledge Atlas of the Arab-Israeli Conflict traces the tangled and bitter history of the Arab-Jewish struggle from the early twentieth century to the present and illustrates the move towards finding peace.

*The Routledge Atlas of the Arab-Israeli Conflict* HarperCollins  
In *The War on Error*, historian and political analyst Martin Kramer presents a series of case studies, some based on pathfinding research and others on provocative analysis, that correct misinformation clouding the public's understanding of the Middle East. He also offers a

---

forensic exploration of how misinformation arises and becomes “ fact. ” The book is divided into five themes: Orientalism and Middle Eastern studies, a prime casualty of the culture wars; Islamism, massively misrepresented by apologists; Arab politics, a generator of disappointing surprises; Israeli history, manipulated by reckless revisionists; and American Jews and Israel, the subject of irrational fantasies. Kramer shows how error permeates the debate over each of these themes, creating distorted images that cause policy failures. Kramer approaches questions in the spirit of a relentless fact-checker. Did Israeli troops massacre Palestinian Arabs in Lydda in July

1948? Was the bestseller Exodus hatched by an advertising executive? Did Martin Luther King, Jr., describe anti-Zionism as antisemitism? Did a major post-9/11 documentary film deliberately distort the history of Islam? Did Israel push the United States into the Iraq War? Kramer also questions paradigms—the “ Arab Spring, ” the map of the Middle East, and linkage. Along the way, he amasses new evidence, exposes carelessness, and provides definitive answers. [Understanding the Arab-Israeli Conflict](#) Oxford University Press This atlas traces not only the tangled and bitter history of the Arab-Jewish struggle from the early 20th century to the present, it also

---

tinderbox always poised to set the Middle East aflame, and to draw the United States into the fire. In this volume the author illuminates the history of the problem, reducing it to its very essence. He explores the Palestinian-Israeli dispute in twenty-year segments, to highlight the historical complexity of the conflict throughout successive decades. Each chapter starts with an examination of the relationships among people and events that marked particular years as historical stepping stones in the evolution of the conflict, including the 1897 Basel Congress, the 1917 Balfour Declaration and British occupation of Palestine, and the 1947 U.N. Partition Plan and the war for Palestine. Providing an exploration

of the main issues, the author explores not only the historical basis of the conflict, but also looks at how and why partition has been so difficult and how efforts to restore peace continue today"--OCLC  
The Palestinian-Israeli Conflict: A Very Short Introduction  
Oxford University Press  
New York Times bestseller Now with a new Epilogue, containing letters of response from Palestinian readers. "A profound and original book, the work of a gifted thinker."--Daphne Merkin, The Wall Street Journal  
Attempting to break the agonizing impasse between Israelis and Palestinians, the Israeli commentator and award-

winning author of Like Dreamers directly addresses his Palestinian neighbors in this taut and provocative book, empathizing with Palestinian suffering and longing for reconciliation as he explores how the conflict looks through Israeli eyes. I call you "neighbor" because I don ' t know your name, or anything personal about you. Given our circumstances, "neighbor" might be too casual a word to describe our relationship. We are intruders into each other ' s dream, violators of each other ' s sense of home. We are incarnations of each other ' s worst historical nightmares.

---

Neighbors? Letters to My Palestinian Neighbor is one Israeli ' s powerful attempt to reach beyond the wall that separates Israelis and Palestinians and into the hearts of "the enemy." In a series of letters, Yossi Klein Halevi explains what motivated him to leave his native New York in his twenties and move to Israel to participate in the drama of the renewal of a Jewish homeland, which he is committed to see succeed as a morally responsible, democratic state in the Middle East. This is the first attempt by an Israeli author to directly address his Palestinian neighbors and

describe how the conflict appears through Israeli eyes. Halevi untangles the ideological and emotional knot that has defined the conflict for nearly a century. In lyrical, evocative language, he unravels the complex strands of faith, pride, anger and anguish he feels as a Jew living in Israel, using history and personal experience as his guide. Halevi ' s letters speak not only to his Palestinian neighbor, but to all concerned global citizens, helping us understand the painful choices confronting Israelis and Palestinians that will ultimately help determine the fate of the region.
