As this The Palestinian Israeli Conflict Martin Bunton, it ends in the works being one of the favored books The Palestinian Israeli Conflict Martin Bunton collections that we have. This is why you remain in the best website to look the incredible ebook to have.

The Making of the Middle East Psychology Press

A perceptive and provocative history of Henry Kissinger's diplomatic negotiations in the Middle East that illuminates the unique challenges and barriers Kissinger and his successors have faced in their attempts to broker peace between Israel and its Arab neighbors. "A wealth of lessons for today, not only about the challenges in that region but also about the art of diplomacy . . . the drama, dazzling maneuvers, and grand strategic vision."—Walter Isaacson, author of *The Code Breaker* More than twenty years have elapsed since the United States last brokered a peace agreement between the Israelis and Palestinians. In that time, three presidents have tried and failed. Martin Indyk—former United States ambassador to Israel and special envoy for the Israeli-Palestinian negotiations in 2013—has experienced these political frustrations and disappointments firsthand. Now, in an attempt to understand the arc of American diplomatic influence in the Middle East, he returns to the origins of American-led peace efforts and to the man who created the Middle East peace process—Henry Kissinger. Based on newly available documents from American and Israeli archives, extensive interviews with Kissinger, and Indyk's own interactions with some of the main players, the author takes readers inside the negotiations. Here is a roster of larger-than-life characters—Anwar Sadat, Golda Meir, Moshe Dayan, Yitzhak Rabin, Hafez al-Assad, and Kissinger himself. Indyk's account is both that of a historian poring over the records of these events, as well as an inside player seeking to glean lessons for Middle East peacemaking. He makes clear that understanding Kissinger's design for Middle East peacemaking is key to comprehending how to—and how not to—make peace.

Image and Reality of the Israel-Palestine Conflict Macmillan

This book provides a concise history of the origins and development of the Arab-Israeli conflict. Equal treatment is given to the period before the creation of Israel in 1948, namely, Arab society in the nineteenth century, the origins of Zionism, and the impact of Zionism on Palestinian Arabs before and after World War I. The first half of the book considers in detail the role played by British and French imperialism in these developments. The second half of the book examines the Arab-Israeli conflict in the light of the Cold War and the later emergence of the Palestinian national movement that culminated in the Israeli-Palestinian accord of 1993. Here extensive treatment is given to U.S. foreign policy in the Middle East. The major themes are those of competing and conflicting nationalisms, Palestinian Arab and Zionist/Israeli; conflicting states, Arab and Israel; and the role of outside powers in affecting developments in the region.

The Arab-Israeli Conflict Routledge

New York Times bestseller Now with a new Epilogue, containing letters of response from Palestinian readers. "A profound and original book, the work of a gifted thinker."--Daphne Merkin, *The Wall Street Journal* Attempting to break the agonizing impasse between Israelis and Palestinians, the Israeli commentator and award-winning author of *Like Dreamers* directly addresses his Palestinian neighbors in this taut and provocative book, empathizing with Palestinian suffering and longing for reconciliation as he explores how the conflict looks through Israeli eyes. I call you "neighbor" because I don't know your name, or anything personal about you. Given our circumstances, "neighbor" might be too casual a word to describe our relationship. We are intruders into each other's dream, violators of each other's sense of home. We are incarnations of each other's worst historical nightmares. Neighbors? *Letters to My Palestinian Neighbor* is one Israeli's powerful attempt to reach beyond the wall that separates Israelis and Palestinians and into the hearts of "the enemy." In a series of letters, Yossi Klein Halevi explains what motivated him to leave his native New York in his twenties and move to Israel to participate in the drama of the renewal of a Jewish homeland, which he is committed to see succeed as a morally responsible, democratic state in the Middle East. This is the first attempt by an Israeli author to directly address his Palestinian neighbors and describe how the conflict appears through Israeli eyes. Halevi untangles the ideological and emotional knot that has defined the conflict for nearly a century. In lyrical, evocative language, he unravels the complex strands of faith, pride, anger and anguish he feels as a Jew living in Israel, using history and personal experience as his guide. Halevi's letters speak not only to his Palestinian neighbor, but to all concerned global citizens, helping us understand the painful choices confronting Israelis and Palestinians that will ultimately help determine the fate of the region.

The Palestine-Israeli Conflict Heinemann-Raintree Library

The essential guide that allows both sides to be heard Rabbi Professor Dan Cohn-Sherbok presents the Israeli perspective, while Dr Dawoud El-Alami presents the Palestinian perspective Updated to cover the most recent events, including the US recognition of Jerusalem as the capital of Israel and the May 2021 fighting in Gaza, this bestselling introduction explores the history, motivations and people behind the Palestine-Israel conflict – and assesses the prospects for peace after almost eighty years.

The War for Palestine Brookings Institution Press

Winner of the 2014 Lionel Trilling Book Award An examination of the failure of the United States as a broker in the

Palestinian-Israeli peace process, through three key historical moments For more than seven decades the conflict between Israel and the Palestinian people has raged on with no end in sight, and for much of that time, the United States has been involved as a mediator in the conflict. In this book, acclaimed historian Rashid Khalidi zeroes in on the United States' s role as the purported impartial broker in this failed peace process. Khalidi closely analyzes three historical moments that illuminate how the United States' involvement has, in fact, thwarted progress toward peace between Israel and Palestine. The first moment he investigates is the "Reagan Plan" of 1982, when Israeli prime minister Menachem Begin refused to accept the Reagan administration' s proposal to reframe the Camp David Accords more impartially. The second moment covers the period after the Madrid Peace Conference, from 1991 to 1993, during which negotiations between Israel and Palestine were brokered by the United States until the signing of the secretly negotiated Oslo accords. Finally, Khalidi takes on President Barack Obama' s retreat from plans to insist on halting the settlements in the West Bank. Through in-depth research into and keen analysis of these three moments, as well as his own firsthand experience as an advisor to the Palestinian delegation at the 1991 pre-Oslo negotiations in Washington, DC, Khalidi reveals how the United States and Israel have actively colluded to prevent a Palestinian state and resolve the situation in Israel' s favor. Brokers of Deceit bares the truth about why peace in the Middle East has been impossible to achieve: for decades, US policymakers have masqueraded as unbiased agents working to bring the two sides together, when, in fact, they have been the agents of continuing injustice, effectively preventing the difficult but essential steps needed to achieve peace in the region. From the Hardcover edition.

Hamas and Palestine Interlink Publishing

Two prominent Israeli liberals argue that for the conflict between Israel and the Palestinians to end with peace, Palestinians must come to terms with the fact that there will be no "right of return." In 1948, seven hundred thousand Palestinians were forced out of their homes by the first Arab-Israeli War. More than seventy years later, most of their houses are long gone, but millions of their descendants are still registered as refugees, with many living in refugee camps. This group—unlike countless others that were displaced in the aftermath of World War II and other conflicts—has remained unsettled, demanding to settle in the state of Israel. Their belief in a "right of return" is one of the largest obstacles to successful diplomacy and lasting peace in the region. In *The War of Return*, Adi Schwartz and Einat Wilf—both liberal Israelis supportive of a two-state solution—reveal the origins of the idea of a right of return, and explain how UNRWA - the very agency charged with finding a solution for the refugees - gave in to Palestinian, Arab and international political pressure to create a permanent "refugee" problem. They argue that this Palestinian demand for a "right of return" has no legal or moral basis and make an impassioned plea for the US, the UN, and the EU to recognize this fact, for the good of Israelis and Palestinians alike. A runaway bestseller in Israel, the first English translation of *The War of Return* is certain to spark lively debate throughout America and abroad.

The Palestine-Israel Conflict Routledge

Michael Rydelnik, professor of Jewish studies at Moody Bible Institute, goes beyond the media images for an in depth, biblically grounded look at the "crisis that never ends"--the conflict between the Israelis and the Arabs. Dr. Rydelnik explores such questions as: Will the violence ever stop? Who really has a right to the land? How did it all start...and where will it all end? This revised and updated edition includes a new chapter that looks at the events that brought the end to the Terror War in 2004, discusses the change of leadership in the Israeli government, and examines the conflict within the Palestinian government following the surprise election victory of the terrorist group Hamas.

The Routledge Atlas of the Arab-Israeli Conflict Moody Publishers

Discusses the history of the people, culture, and politics of the Middle East, and the complex foreign relations between Middle Eastern and European powers.

Bending History Macmillan

Captioned maps covering modern Arab-Israeli hostilities, indicating national strengths and policies, military movements and engagements, and changes in Middle East borders.

Palestine and the Arab-Israeli Conflict Palgrave Macmillan

"The conflict between Palestine and Israel is one of the most highly publicized and bitter struggles of modern times, a dangerous tinderbox always poised to set the Middle East aflame, and to draw the United States into the fire. In this volume the author illuminates the history of the problem, reducing it to its very essence. He explores the Palestinian-Israeli dispute in twenty-year segments, to highlight the historical complexity of the conflict throughout successive decades. Each chapter starts with an examination of the relationships among people and events that marked particular years as historical stepping stones in the evolution of the conflict, including the 1897 Basel Congress, the 1917 Balfour Declaration and British occupation of Palestine, and the 1947 U.N. Partition Plan and the war for Palestine. Providing an exploration of the main issues, the author explores not only the historical basis of the conflict, but also looks at how and why partition has been so difficult and how efforts to restore peace continue today"--OCLC

Letters to My Palestinian Neighbor St. Martin's Press

In this moving account of the barriers between Israelis and Palestinians, leading Israeli journalist Isabel Kershner traces the route of the wall Israel is building and reports its profound effects on people living on both sides. Kershner provides rich and insightful portraits of Israeli settlers feeling abandoned on the wrong side of the fence; Palestinian farmers angry at being cut off from their lands and groves; Arab families split up in a town now divided by the barrier; and Israelis protesting that it is an obstacle to peace. Exploring the reasons for the barrier and its political and moral implications, Kershner focuses on the people committed to their causes. As the future relationship between Israelis and Palestinians is being determined, *Barrier: The Seam of the Israeli-Palestinian Conflict* is an important book that addresses one of the most controversial solutions.

Brokers of Deceit OUP Oxford

A riveting account examines the major assumptions underpinning U.S. foreign policy in the Middle East during the Bush years, offering original insights and drawing on interviews with 45 global leaders, including Colin Powell, Salam Fayyad and Condoleezza Rice.

Transforming the Israeli-Palestinian Conflict Cambridge University Press

Theologian, philosopher, and political radical, Martin Buber (1878–1965) was actively committed to a fundamental economic and political reconstruction of society as well as the pursuit of international peace. In his voluminous writings on Arab-Jewish relations in Palestine, Buber united his religious and philosophical teachings with his politics, which he felt were essential to a life of public dialogue and service to God. Collected in *A Land of Two Peoples* are the private and open letters, addresses, and essays in which Buber advocated binationalism as a solution to the conflict in the Middle East. A committed Zionist, Buber steadfastly articulated the moral necessity for reconciliation and accommodation between the Arabs and Jews. From the Balfour Declaration of November 1917 to his death in 1965, he campaigned passionately for a "one state" solution. With the Middle East embroiled in religious and ethnic chaos, *A Land of Two Peoples* remains as relevant today as it was when it was first published more than twenty years ago. This timely reprint, which includes a new preface by Paul Mendes-Flohr, offers context and depth to current affairs and will be welcomed by those interested in Middle Eastern studies and political theory.

Teaching the Arab-Israeli Conflict MIT Press

From the much lauded author of *Breaking News* comes a version of *Walking the Bible* just for Israel. With its dense history of endless conflict and biblical events, Israel's coastline is by far the most interesting hundred miles in the world. As longtime chief of NBC's Tel Aviv news bureau, Martin Fletcher is in a unique position to interpret Israel, and he brings it off in a spectacular and novel manner. Last year he strolled along the entire coast, from Lebanon to Gaza, observing facets of the country that are ignored in news reports, yet tell a different and truer story. *Walking Israel* is packed with hilarious moments, historical insights, emotional, true-life tales, and, above all, great storytelling.

Understanding the Arab-Israeli Conflict Wayne State University Press

The Palestine-Israel conflict is the most notorious and ingrained conflict in living memory. Yet the way it is reported in the media is often confusing, leading many to falsely assume the hostilities stretch continuously back to an ancient period. *The Palestine-Israel Conflict* provides a balanced, accessible, and annotated introduction that covers the full history of the region, from Biblical times until today. Perfect for the general reader, as well as students, it offers a comprehensive yet lucid rendering of the conflict, setting it in its proper historical context. This fourth edition brings us up to date, and includes recent events such as Israel's Operation Protective Edge, developments between Fatah and Hamas, ongoing Palestinian resistance, and the entirety of the Obama years. This book cuts through the layers of confused and contradictory information on the subject, and will help clarify the ongoing conflict for its readers.

New Jewish Philosophy and Thou

Hamas and Palestine: The Contested Road to Statehood analyses the Palestinian Islamist movement, Hamas, between 2005 and 2017. The book expounds how Hamas has employed a dual resistance strategy, consisting of political and armed resistance, as a mechanism to achieve, maintain, and defend its continued political viability. Hamas entered politics to transform the role of the Palestinian Authority from an administrative institution into one driving the Palestinian quest for independence. To achieve this the analysis explains how Hamas implemented a process of soft-Islamisation in Gaza. This was intended to build the institutional capacity of the Authority based on the bureaucratisation and professionalisation of key institutions, while selectively increasing the role of Islam in society. The book provides a detailed explanation of key shifts in Hamas' political behaviour as it adapts to the vagaries and vicissitudes of governing Gaza, despite the imposition of Israel's political and economic siege. Employing the Inclusion-Moderation theoretical framework, the book traces Hamas' transformation from a non-state armed group into a legitimate actor in Palestinian politics. The book's analysis also highlights the key role that Hamas' national liberation agenda has on shifting its behaviour towards adopting more moderate and inclusive policy stances. Specifically, the analysis demonstrates how Hamas has made measurable shifts in its political behaviour towards accepting the primacy of the two-state solution, and its dealings with Israel and the Peace Process. The book provides a comprehensive assessment of Hamas' time in government and its capacity to deal with the vicissitudes of governing. It is a valuable resource for students and researchers interested in the Israeli-Palestinian conflict and Middle East Politics.

The War on Error Simon and Schuster

Analyzes Israel's attempts during its formative era to solve an existential problem: how to secure energy supplies for what can aptly be described as a land of milk, honey, and no oil, in the shadow of the conflict with Arabs.

[Life in a Country Album](#) George Weidenfeld & Nicholson

This acclaimed study surveys the dominant popular and scholarly images of the Israel–Palestine conflict.

Finkelstein opens with a theoretical discussion of Zionism, locating it as a romantic form of nationalism that assumed the bankruptcy of liberal democracy. He goes on to look at the demographic origins of the Palestinians, with particular reference to the work of Joan Peters, and develops critiques of the influential studies of both Benny Morris and Anita Shapira. Reviewing the diplomatic history with Aban Eban's oeuvre as his foil, Finkelstein closes by demonstrating that the casting of Israel as the innocent victim of Arab aggression in the June 1967 and October 1973 wars is not supported by the documentary record. This new edition critically reexamines dominant popular and scholarly images in the light of the current failures of the peace process.

[Israel](#) Stanford Studies in Comparative Race and Ethnicity

This atlas traces not only the tangled and bitter history of the Arab-Jewish struggle from the early 20th century to the present, it also illustrates the move towards finding peace and the efforts to bring the fighting to an end through negotiation.

[The War of Return](#) Rosetta Books

A re-examination of the Arab-Israeli war of 1948 written by leading Arab, Israeli and western scholars.
