If a hungry little traveler shows up at your house, you might want to give him a cookie. If you give him a cookie, he's going to ask for a glass of milk. He'll want to look in a mirror to make sure he doesn't have a milk mustache, and then he'll ask for a pair of scissors to give himself a trim.... The consequences of giving a cookie to this energetic mouse run the young host ragged, but young readers will come away smiling at the antics that tumble like dominoes through the pages of this delightful picture book.

The Fifth Discipline Harper Collins

7 Simple Steps to Financial Freedom Penguin UK

Pulitzer Prize winner Hedrick Smith ’ s new book is an extraordinary achievement, an eye-opening account of how, over the past four decades, the American Dream has been dismantled and we became two Americas. In his bestselling The Russians, Smith took millions of readers inside the Soviet Union. In The Power Game, he took us inside Washington ’ s corridors of power. Now Smith takes us across America to show how seismic changes, sparked by a sequence of landmark political and economic decisions, have transformed America. As only a veteran reporter can, Smith fits the puzzle together, starting with Lewis Powell ’ s provocative memo that triggered a political rebellion that dramatically altered the landscape of power from then until today. This is a book full of surprises and revelations—the accidental beginnings of the 401(k) plan, with disastrous economic consequences for many; the major policy changes that began under Jimmy Carter; how the New Economy disrupted America ’ s engine of shared prosperity, the “ virtuous circle ” of growth, and how America lost the title of “ Land of Opportunity. ” Smith documents the transfer of \$6 trillion in middle-class wealth from homeowners to banks even before the housing boom went bust, and how the U.S. policy tilt favoring the rich is stunting America ’ s economic growth. This book is essential reading for all of us who want to understand America today, or why average Americans are struggling to keep afloat. Smith reveals how pivotal laws and policies were altered while the public wasn ’ t looking, how Congress often ignores public opinion, why moderate politicians got shoved to the sidelines, and how Wall Street often wins politically by hiring over 1,400 former government officials as lobbyists. Smith talks to a wide range of people, telling the stories of Americans high and low. From political leaders such as Bill Clinton, Newt Gingrich, and Martin Luther King, Jr., to CEOs such as Al Dunlap, Bob Galvin, and Andy Grove, to heartland Middle Americans such as airline mechanic Pat O ’ Neill, software systems manager Kristine Serrano, small businessman John Terboss, and subcontractor Eliseo Guardado, Smith puts a human face on how middle-class America and the American Dream have been undermined. This magnificent work of history and reportage is filled with the penetrating insights, provocative discoveries, and the great empathy of a master journalist. Finally, Smith offers ideas for restoring America ’ s great promise and reclaiming the American Dream. Praise for Who Stole the American Dream? “ [A] sweeping, authoritative examination of the last four decades of the American economic experience. ” —The Huffington Post “ Some fine work has been done in explaining the mess we ’ re in. . . . But no book goes to the headwaters with the precision, detail and accessibility of Smith. ” —The Seattle Times “ Sweeping in scope . . . [Smith] posits some steps that could alleviate the problems of the United States. ” —USA Today “ Brilliant . . . [a] remarkably comprehensive and coherent analysis of and prescriptions for America ’ s contemporary economic malaise. ” —Kirkus Reviews (starred review) “ Smith enlivens his narrative with portraits of the people caught up in events, humanizing complex subjects often rendered sterile in economic analysis. . . . The human face of the story is inseparable from the history. ” —Reuters

The Parable of the Pipeline (Tamil) Manjul Publishing

MORE THAN ONE MILLION COPIES IN PRINT • “One of the seminal management books of the past seventy-five years.”—Harvard Business Review This revised edition of the bestselling classic is based on fifteen years of experience in putting Peter Senge’s ideas into practice. As Senge makes clear, in the long run the only sustainable competitive advantage is your organization’s ability to learn faster than the competition. The leadership stories demonstrate the many ways that the core ideas of the Fifth Discipline, many of which seemed radical when first published, have become deeply integrated into people’s ways of seeing the world and their managerial practices. Senge describes how companies can

rid themselves of the learning blocks that threaten their productivity and success by adopting the strategies of learning organizations, in which new and expansive patterns of thinking are nurtured, collective aspiration is set free, and people are continually learning how to create the results they truly desire. Mastering the disciplines Senge outlines in the book will: • Reignite the spark of genuine learning driven by people focused on what truly matters to them • Bridge teamwork into macrocreativity • Free you of confining assumptions and mindsets • Teach you to see the forest and the trees • End the struggle between work and personal time This updated edition contains more than one hundred pages of new material based on interviews with dozens of practitioners at companies such as BP, Unilever, Intel, Ford, HP, and Saudi Aramco and organizations such as Roca, Oxfam, and The World Bank.

A Novel Concord Theatricals

From the bestselling author of The Circle and The Monk of Mokha comes a taut, suspenseful story of two foreigners' role in a nation's fragile peace. 'Tightly written, carefully designed to wrong-foot preconceptions, and astute . . . An intensely gripping story' Evening Standard An unnamed country is leaving the darkness of a decade at war, and to commemorate the armistice the government commissions a new road connecting two halves of the state. Two men, foreign contractors from the same company, are sent to finish the highway. While one is flighty and adventurous, wanting to experience the nightlife and people, the other wants only to do the work and go home. But both men must eventually face the absurdities of their positions, and the dire consequences of their presence. With echoes of J. M. Coetzee and Graham Greene, this timeless novel questions whether we can ever understand another nation's war, and what role we have in forging anyone's peace. 'Certainly his best book since What is the What, The Parade may well be the sound of a major writer finding his mature voice' Spectator Questions are the Answers The Parable of the PipelineHow Anyone Can Build a Pipeline of Ongoing Residual Income in the New Economy

“Deftly written, gripping and informative. Empire of Wild is a rip-roaring read!”—Margaret Atwood, From Instagram “Empire of Wild is doing everything I love in a contemporary novel and more. It is tough, funny, beautiful, honest and propulsive—all the while telling a story that needs to be told by a person who needs to be telling it.”—Tommy Orange, author of There There A bold and brilliant new indigenous voice in contemporary literature makes her American debut with this kinetic, imaginative, and sensuous fable inspired by the traditional Canadian Métis legend of the Rogarou—a werewolf-like creature that haunts the roads and woods of native people’s communities. Joan has been searching for her missing husband, Victor, for nearly a year—ever since that terrible night they’d had their first serious argument hours before he mysteriously vanished. Her Métis family has lived in their tightly knit rural community for generations, but no one keeps the old ways . . . until they have to. That moment has arrived for Joan. One morning, grieving and severely hungover, Joan hears a shocking sound coming from inside a revival tent in a gritty Walmart parking lot. It is the unmistakable voice of Victor. Drawn inside, she sees him. He has the same face, the same eyes, the same hands, though his hair is much shorter and he's wearing a suit. But he doesn't seem to recognize Joan at all. He insists his name is Eugene Wolff, and that he is a reverend whose mission is to spread the word of Jesus and grow His flock. Yet Joan suspects there is something dark and terrifying within this charismatic preacher who professes to be a man of God . . . something old and very dangerous. Joan turns to Ajean, an elderly foul-mouthed card shark who is one of the few among her community steeped in the traditions of her people and knowledgeable about their ancient enemies. With the help of the old Métis and her peculiar Johnny-Cash-loving, twelve-year-old nephew Zeus, Joan must find a way to uncover the truth and remind Reverend Wolff who he really is . . . if he really is. Her life, and those of everyone she loves, depends upon it.

With an extremely critical eye, brilliant comic artist Alfonso Font explores some of the darkest facets of mankind and showcases the vilest human weaknesses as a gloomy farce. Written and drawn over 30 years ago, "Dark Stories" first appeared independently in a Spanish magazine, but was never before published in an album format. Now, finally, the stories compiled in this volume have not lost any of their momentum. The compelling aesthetic sensitivity of Mr. Font and his uninhibited drawing style are not for the faint of heart - the powerful imagery and the morbid humor run like golden thread throughout the book and will leave almost nobody indifferent.

Is your Dream going to college & getting a degree? How many college grads find work in their chosen fields today? How many are doing that same work 10 years later... or even 5 years later? Likely one out of hundred. Is your Dream getting a good JOB? Working for living? Can you get a job where you can earn what you are worth... where you will become financially independent... and find fulfillment... and gain freedom... trading your time for money? BURKE HEDGES -- Have you ever been made fun of...ridiculed...and abused...until finally there came a time when you said, "ENOUGH IS ENOUGH!" Well, I came to that point in my life. I'm mad as hell--and I'm not going to take it anymore! So I wrote this book to tell you the truth...to tell you what your real chances are today to make it in conventional businesses that are closing their doors every day--and laying off people by the thousands! I finally decided that someone needs to tell the truth about how the average person could succeed in an industry that is revolutionizing the way the world does business...how you could be your own boss and earn anywhere from part-time income to an absolute fortune in an unconventional business called Network Marketing. Is Network Marketing a scam?...A scheme?...Or the American Dream? You deserve to know the truth. The whole truth. And nothing but the truth! Read this book...and you be the judge!

## The Go-Giver Random House Trade Paperbacks

Nya, an inner-city public high school teacher, is committed to her students but desperate to give her only son Omari opportunities they'll never have. When a controversial incident at his upstate private school threatens to get him expelled, Nya must confront his rage and her own choices as a parent. But will she be able to reach him before a world beyond her control pulls him away? With profound compassion and lyricism, Pipeline brings an urgent conversation powerfully to the fore. Morisseau pens a deeply moving story of a mother's fight to give her son a future – without turning her back on the community that made him who he is.
