The Tao Te Ching Vintage
A contemporary graphic novel adaptation of a spiritual classic. This graphic-novel version of the Tao Te Ching—the poetic classic that is the philosophical and religious basis of Taoism—brings the teachings into a modern light in a completely fresh and unique way. Each of the 81 poem-passages of the Tao Te Ching is

reinterpreted by award-winning graphic novel writer Sean Michael Wilson and brought to life by the artful illustrations of Hong Kong artist Cary Kwok, who sets the text in various contemporary scenes to bring out the modern relevance.

Completing the trilogy that began with the Parent's Tao Te Ching (praised as "pure gold" by Hugh Prather) and continued with the Couple's Tao Te Ching ("a singular book," said George Fowler), William Martin now distills and freshly reinterprets the Tao for "sages," or those in the second half of life. As Martin writes, sages are the "primary keepers and transmitters of wisdom, culture, values, and spirituality." Martin's free-verse interpretation captures the ancient spirit of Lao Tzu's text, yet speaks directly to modern readers. The text is accompanied by a visual interpretation of the Tao in more than 50 original ink-brush drawings. Like the Parent's Tao and Couple's Tao before it, the Sage's Tao has the hallmarks of a classic. "You have ceased trying /To tie up all loose ends./You have discovered/That life does not need to be neat/You have more

questions than answers,/And this is a great delight to you./You trust the mystery of life/Without having to possess it." - from the book

The Sage's Tao Te Ching Harper Collins

A Times Literary Supplement 's Book of the Year 2020 A New Statesman's Best Book of 2020 A Bloomberg's Best Book of 2020 A Guardian Best Book About Ideas of 2020 The world-renowned philosopher and author of the bestselling Justice explores the central question of our time: What has become of the common good? These are dangerous times for democracy. We live in an age of winners and losers, where the odds are stacked in favor of the already fortunate. Stalled social mobility and entrenched inequality give the lie to the American credo that "you can make it if you try". The consequence is a brew of anger and frustration that has fueled populist protest and extreme polarization, and led to deep distrust of both government and our fellow citizens--leaving us morally unprepared to face the profound challenges of our time. World-

renowned philosopher Michael J. Sandel argues that to overcome the crises that are upending our world, we must rethink the attitudes toward success and failure that have accompanied globalization and rising inequality. Sandel shows the hubris a meritocracy generates among the winners and the harsh judgement it imposes on those left behind, and traces the dire consequences across a wide swath of American life. He offers an alternative way of thinking about success--more attentive to the role of luck in human affairs, more conducive to an ethic of humility and solidarity, and more affirming of the dignity of work. The Tyranny of Merit points us toward a hopeful vision of a new politics of the common good.

Getting Right with Tao Shambhala Publications
Simple ways to a fuller and more vibrant existence, drawn from the Taoist tradition and shaped to fit our modern lives. *Relax, You're Already Home* explores how we can enrich our lives in modern America by incorporating simple habits discovered in the Taoist tradition. We don't have to dramatically reshape our lives or perform time-consuming rituals like meditation, kung fu, or

breathing practices. Dr. Raymond Barnett instead shows how we can focus on basic daily Taoist habits through activities like going to the park, gardening, or enjoying a cup of tea. He even helps us create our own rituals around holidays, saints, historical figures or events, or anything else that resonates with us. This warm and accessible book is ideal for anyone whose life seems too fast and complicated, as well as for those who are interested in Eastern religions but don't have the time or inclination to take up esoteric practices. Complete with "interactives" that suggest exercises and probing questions, *Relax, You're Already Home* is a perfect primer for Taoism and a philosophy in its own right.

In this New York Times – bestselling book, Dr. Daniel Siegel shows parents how to turn one of the most challenging developmental periods in their children's lives into one of the most rewarding. Between the ages of twelve and twenty-four, the brain changes in important and, at times, challenging ways. In *Brainstorm*, Dr. Daniel Siegel busts a number of commonly held myths about adolescence—for example, that it is merely a stage of "immaturity" filled with often "crazy" behavior. According to

Siegel, during adolescence we learn vital skills, such as how to leave home and enter the larger world, connect deeply with others, and safely experiment and take risks. Drawing on important new research in the field of interpersonal neurobiology, Siegel explores exciting ways in which understanding how the brain functions can improve the lives of adolescents, making their relationships more fulfilling and less lonely and distressing on both sides of the generational divide.

The profound, poetic wisdom of the Tao Te Ching lends itself beautifully to the subject of healing. Haven Trevino's modern adaptation of this ancient work captures the essence of the original in language accessible to all. The Tao of Healing gives wonderful insight and hope to both healers and those in

need of healing. Trevino, a student of the Tao Te Ching for many years, began this inspirational work after he was diagnosed with Lou Gehrig's disease, an event that motivated him "to bring into focus a whole range of creative skills, experiences, lessons, and visions." Haven Trevino spent more than 12 years studying alternative healing methods and shamanism, and his gentle, accepting spirit shows through every verse of this wonderful book.

A Simple Guide to Socratic Parenting St. Martin's Griffin

Socratic Parenting focuses on developing a personal parenting philosophy and sharing that philosophy with your child through dialogues, asking open-ended questions, and modeling the behavior you want to see in your child. It applies the Socratic Method to parenting, helping parents find personal answers to universal questions. Traditional punishment and reward techniques may classically condition desired behaviors, but parents who develop their own self-discipline and critical thinking skills will naturally encourage their children to

become self-disciplined, independent thinkers.

Dao de Jing New World Library

"A brilliant book, overflowing with wisdom." —Philip J. Ivanhoe, author of Confucian Reflections
The ancient Chinese philosopher Mencius compared children to tender sprouts, shaped by soil, sunlight, water, and the efforts of patient gardeners. At times children require our protection, other times we must take a step back and allow them to grow. A practical parenting manual, philosophical reflection on the relationship between parent and child, and necessary response to modern stereotypes of Eastern parenting, *Little Sprouts and the Dao of Parenting* reconsiders cultural definitions of success and explores how we might support and nourish young people. Engaging deeply with foundational Daoist and Confucian thinkers, philosopher Erin Cline shows how we can strengthen innate virtues of compassion, generosity, and individuality in our own tender

sprouts.
