Wesley's historic questions have been asked of those considered for full connection (ordination) since as early as 1784, the first Conference of the Methodist Episcopal Church, presided over by Francis Asbury and Thomas Coke. The questions also have a broader Wesleyan context. Many of these questions were originally used with the people Wesley called "Helpers," lay men and women to whom Wesley gave responsibility for leadership in the Methodist societies. They were class leaders, stewards, local preachers and travelling preachers. The questions addressed topics Wesley believed to be essential for persons responsible for leading others in discipleship and mission in the world. The nineteen questions cover topics from faith in Christ to spiritual practices to debt. The questions around commitment to the rules of the Church have a contemporary urgency in this season of division. Building from her blog on the 19 Questions, Are You Going On To Perfection, at www.artofholiness.com, Carolyn will thoughtfully unpack each question in a historical and personal way.

The most powerful prayer ever prayed! The Lord's Prayer is the single most important, useful prayer given to humanity. No other prayer compares. When the

disciples asked Jesus to teach them how to pray, He gave them (and us) a prayer that produces incredible power--power by which we can live and breathe and know an incomparable fullness of life. A prayer that draws us deeper with the Father and opens the door to a transforming, never-ending relationship with Him. At the heart of the Lord's Prayer is both an invitation to learn how Jesus Himself prayed and to discover a revitalized spiritual intimacy that will grace you and sustain you with confidence, clarity, and focus every day of your life. Do you want to see things happen in your life too? Author and pastor Jim Stern reminds us in his new book that the Lord's Prayer supplies all you need to unleash LIFE as Jesus did--through intimacy with the Father.

The singles ministry at New Day Temple of Faith is beginning to unravel, and the pastor is considering dissolving the ministry. Some members believe the only way to hold it together is by getting their pastor to join. And why shouldn't their leader show support by joining, considering the pastor's own single status? Some church members support the idea, while others frown upon the fact that they are being led by a shepherd who is single in the first place. It becomes an all-out war, with one side wanting the pastor to embrace singlehood, while others secretly play matchmaker. Marriage has been the furthest thing from the pastor's mind, not because there hasn't been an opportunity, but because there really hasn't been time. With a needy congregation facing trials and tribulations, Pastor has no time to play the dating game. Being a pastor on call twenty-four seven, who has time for a serious relationship period, other than the one with God? Eventually, decisions have to be made around New Day. Will these decisions mend the ministry or destroy the church?

This reflection, though brutally honest, provides insight to the conflicts that face the children of ministers, pastors, religious clergy, deacons, and church leaders. It challenges fellow Christians, to nurture the lives of these children without punishing judgments. This work provokes congregants and leaders to nurture preachers kids, and provide heartfelt guidance and vigilant prayer. It encourages prayer-warriors, to guard over the hearts of preachers kids. The book leads the reader toward self-examination and self-correction. The author makes a noteworthy disclaimer; I do not have a license in counseling, a degree in psychology or theology. I am not an elder or deacon in any church, nor do I hold office as a board member on any religious organization. I am not a minister, pastor or evangelist. I am neither an acclaimed author nor an authority of any kind. Forgive me if I have misquoted scripture or taken verses out of context. However I hope the Bible verses I have quoted throughout this book would not seem preachy; but then again, I am a preachers daughter. I trust that, these scriptures will grab at your hearts and soothe your soul-wounds. I hope they will provide a new perspective and they would be as you have never heard them or thought of them before. The author writes from a unique perspective, that of a preachers kid. I am the voice of a group that is easily misunderstood and even shunned. We are the group that, should know better. Just being born into the subculture of preachers kids we are automatically judged by all, (the righteous and the unrighteous alike). We are expected to... by default, be good, be upright, make no mistakes, be all things to all men all of the time. We are to be mature in all judgments from the moment of birth, and on and on it goes. Few can comprehend our journey toward our Father on a road less traveled. This journey will be enlightening and comforting to all who read it. It will bring hope to those who are confused and lost. The book although empathetic to all parties, makes all accountable for their behaviors toward others and to the Heavenly Father. It is with great love and sensitivity that the author leads the reader to finding relationship with Jesus. Just for a moment, the reader can walk in the shoes of preachers kids with understanding and empathy. It brings much-needed direction and guidance. The author attempts to bridge the gap between all of you and preachers kids. It also attempts to reconcile the disconnection between preachers kids and Jesus. This work is raw and honest. It is a reflection of a lost generation who need to know the true power of redemption and the priceless gift of grace and love.

A unique and validating look at the tension you feel between disillusionment and a desire for truth, Searching for Enough helps you see your doubt not as an emotion to fear but as an invitation to be followed. Do you ever find yourself thinking, "I'm not enough, and I'm never going to be. And I know I'm not supposed to say this, but God's not enough for me either." Whether or not we attend church, deep down we wonder if the biblical story of faith is really enough for the complexity of the world in which we live. We fill our lives with other things, hoping that maybe the next experience or accomplishment will complete us. Yet with every goal we reach, we still feel discouraged and anxious. In Searching for Enough, Pastor Tyler Staton draws on ancient and modern insights to introduce us, as if for the first time, to Jesus' disciple Thomas: history's most notorious skeptic. Like Thomas, we are caught between two unsatisfying stories: We want to believe in God but can't reconcile his presence with our circumstances and internal struggles. But what if there's a better story than shame? What if there's redemption so complete that there's nothing left to hide? What if there is a God who can heal your resentments, fears, and loneliness in such a profound way that you feel whole? From a place of spiritual companionship and deep authenticity, Tyler shows us that it is not an empty tomb that will change our lives, but the presence of the living God. Whether you are a distant skeptic, an involved doubter, or a busy but bored Christian, Searching for Enough invites you to find enough in a God who offers the only promises that never disappoint.

A Man Who Prays Zondervan

My goal in writing this book is to help busy pastors and laymen who may not be able to go to seminary, do not have time to read the multiple tomes written about preaching, or are overwhelmed by the volume of such books. Perhaps he is bi-vocational (which we all know is a code word for full-time job plus a full-time pastorate) and has wrestled with attaining excellence in the pulpit on a weekly basis. Maybe he has an MDiv but has grown stale in his study and needs a fresh perspective. These are common experiences among pastors, so I share my solution—a simple process for preparing sermons that are faithful to God's Word. The process outlined in this book is designed to maximize the value of time which can be afforded to sermon preparation. When the week is closing in and your study time feels compressed, Sunday's sermon still must be prepared. In those moments, a defined process which is simple, easy to use, and stays true to Scripture will serve you well. I believe you will find the information and instructions in this book beneficial in such a way. The information within the book is written in a conversational tone. However, the content is a condensation of scholarly work and hermeneutical theory. This book has been divided into two major sections: Ideology and Methodology. The first major division will deal with the ideology behind the process; why we do it the way we do. We must begin with similar views on the value, power, and importance of the Bible if we are going to be able to convey its truth well. The process in this book is based on a high view of Scripture as God's Word. The major presupposition underlying this process is that the Word of God is inerrant, infallible,

and written by the inspiration of the Holy Spirit. Thus, it seemed important to establish a starting place from where we can all move forward together with a shared understanding of how to approach God's Word. The second major division is the process itself. After an introductory segment, each of the short chapters in that section will deal with a different step in the process. Although the process is divided into steps, it is not intended to become a robotic, factory-like process. The purpose of the steps is to give you a method to work through a passage in the Bible and discover the truth within it, then, to convey that truth to your audience in an understandable way. One of my goals has been to keep this as simple as possible while also respecting the importance of the task. Another goal is to give you a tool which you can start using the first week you read it.
