The Pioneers: The Sources of the Susquehanna; a Descriptive Tale is a historical novel, the first published of the Leatherstocking Tales, a series of five novels by American writer James Fenimore Cooper. While The Pioneers was published in 1823, before any of the other Leatherstocking Tales, the period of time it covers makes it the fourth chronologically. The story takes place on the rapidly advancing frontier of New York State and features a middle-aged Leatherstocking (Natty Bumppo), Judge Marmaduke Temple of Templeton, whose life parallels that of the author's father Judge William Cooper, and Elizabeth Temple (the author's sister Susan Cooper), of Cooperstown. The story begins with an argument between the Judge and the Leatherstocking over who killed a buck, and as Cooper reviews many of the changes to New York's Lake Otsego, questions of environmental stewardship, conservation, and use prevail. The plot develops as the Leatherstocking and Chingachgook begin to compete with the Temples for the loyalties of a mysterious young visitor, "Oliver Edwards," the "young hunter," who eventually marries Elizabeth. Chingachgook dies,

exemplifying the vexed figure of the "dying Indian," and Natty vanishes into the sunset. For all its strange twists and turns, 'The Pioneers' may be considered one of the first ecological novels in the United States.

A Tale (1827) is a historical novel by James Fenimore Cooper, the third novel written by him featuring Natty Bumppo, his fictitious frontier hero, who is simply known as "the trapper" in it.

Chronologically The Prairie is the fifth and final installment of the Leatherstocking Tales. It depicts Natty in the final year of his life still proving helpful to people in distress on the American frontier. Continuity with The Last of the Mohicans is indicated by the appearance of the grandson of Duncan and Alice Heyward of The Last of the Mohicans and the noble Pawnee chief Hard Heart, whose name is English for the French nickname for the Delaware, le Coeur-dur. Natty is drawn to Hard Heart as a noble warrior in the likeness of his dear friend Uncas, "the last of the Mohicans."

The Pioneers Illustrated Val de Grace

The moving wartime story of friendship and heroism, set against the dramatic backdrop of the World War II Battle of Dunkirk In the marshes of Essex, one of the last wild places left in England, a disfigured artist lives alone in an abandoned lighthouse. Shunned by society, he spends his days painting scenes of the coast and the birds that migrate to the meadowlands every winter. His days are solitary until one November afternoon, a young girl from a nearby village comes to his door carrying a wounded snow goose in her arms. The unlikely pair develop a friendship that deepens over the ensuing years, waiting together for the arrival of the birds every autumn. In 1940, with England at war, the birds depart early from the shores. The man, too, is called away by his duty as an Englishman to help evacuate the soldiers stranded on the beaches of Dunkirk. A moving tale of love, war, bravery, and sacrifice.

The Leatherstocking Tales II Barnes & Noble

The American Revolution comes to vivid life in two dramatic tales of espionage, intrigue, and romance from the author of The Last of Mohicans. With his second novel, The Spy: A Tale of the Neutral Ground, in 1821, James Cooper (the Fenimore would come later)

found his true voice and what became his most enduring subject matter: the history of his young nation, born of the clash between Old World and New. Set largely in Westchester County--site of the real-life intrigues of Benedict Arnold and Major John Andre--The Spy traces the conflicting allegiances of rebels and loyalists, with the supposed loyalist spy Harvey Birch (actually in the service of George Washington) finding himself caught up in conflicts between friendship and duty as he moves between the two sides. Washington himself makes an incognito appearance as the mysterious "Mr. Harper." Cooper continued in the same vein with Lionel Lincoln; Or, The Leaguer of Boston (1825), a carefully researched panorama of the coming of the Revolution, complete with detailed depictions of the battles of Lexington and Concord and Bunker Hill. With the hero a native-born American serving in the British Army, issues of loyalty are again complex, and some American reviewers, not for the last time, found Cooper's politics a bit too ambiguous for comfort. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Cambridge Companion to American Novelists Knopf
William Cooper and James Fenimore Cooper, a father and son who embodied the contradictions that divided America in the early years of the Republic, are brought to life in this Pulitzer Prize-winning book. William Cooper rose from humble origins to become a wealthy land speculator and U.S. congressman in what had until lately been the wilderness of upstate New York, but his high-handed style of governing resulted in his fall from power and political disgrace. His son James Fenimore Cooper became one of this country's first popular novelists with a book, The Pioneers, that tried to come to terms with his father's failure and imaginatively reclaim the estate he had lost. In William Cooper's Town, Alan Taylor dramatizes the class between gentility and democracy that was one of the principal consequences of the American Revolution, a struggle that was waged both at the polls and on the pages of our national literature. Taylor shows how Americans resolved their revolution through the creation of new social reforms and new stories that evolved with the expansion of our frontier.

The Pathfinder, or The Inland Sea is a historical novel by James Fenimore Cooper, first published in 1840. It is the fourth novel Cooper wrote featuring Natty Bumppo, his fictitious frontier hero, and the third chronological episode of the Leatherstocking Tales. The inland sea of the title is Lake Ontario.

Samuel F.B. Morse's Gallery of the Louvre and the Art of Invention

On his return to America in 1833 Cooper found a lack of moral progress; absent were frankness of speech and independence of action; people were actually afraid to criticize anything American; society was interested only in material wealth; young men were physically and mentally lazy; Home as Found was an attempt, perhaps imperfect, to inspire something better. This is the sequel to Homeward Bound. James Fenimore Cooper (1789-1851) was an American novelist, travel writer, and social critic, regarded as the first great American writer of fiction. He was famed for his action-packed plots and his vivid, if somewhat idealized, portrayal of American life in the forest and at sea.....James Fenimore Cooper (September 15, 1789 - September 14, 1851) was an American writer of the first half of the 19th century. His historical romances draw a picture of frontier and American Indian life in the early American days which created a unique form of American literature. He lived most of his life in Cooperstown, New York, which was founded by his father William on property that he owned. Cooper was a lifelong member of the Episcopal Church and contributed generously to it. He attended Yale University for three years, where he was a member of the Linonian Society. Cooper served in the U.S. Navy as a midshipman, which greatly influenced many of his novels and other writings. The novel that launched

his career was *The Spy*, a tale about counter-espionage set during the American Revolutionary War and published in 1821. He also wrote numerous sea stories, and his best-known works are five historical novels of the frontier period known as the *Leatherstocking Tales*. Cooper's works on the U.S. Navy have been well received among naval historians, but they were sometimes criticized by his contemporaries. Among his most famous works is the Romantic novel *The Last of the Mohicans*, often regarded as his masterpiece, (although it was mercilessly mocked by Mark Twain).

A Journey Through Literary America

This 304 page coffee table book takes a look at 26 of America's great authors and the places that inspired them. Unique to this book of literary biography is the element of the photograph. With over 140 photographs throughout, the images add mood and dimension to the writing and they are often shockingly close to what the featured authors described in their own words. Lushly illustrated, and beautifully designed, the book is as much of a pleasure to look at as it is to read. Rags to riches. Forbidden loves. Supernatural experiences. Narrow escapes. Some of the greatest stories of American literature are the stories of the scribes themselves and of the places that sparked their imaginations. In 2007, writer Thomas Hummel and photographer Tamra Dempsey set out in search of the sources of inspiration for 26 of this country's greatest authors. Two years and twenty thousand miles later, the result is *A Journey Through Literary America* -- a literary pilgrimage in photography and prose. In the words of one reviewer, "this is a beautiful and necessary book."
