The Politics of Regulation: Institutions and Regulatory ...

Regulation as an art and craft of governance, as an institutional reality, as a field of study, and as a public discourse is more salient and celebrated nowadays than ever before. However, the challenges are as great as the achievements.

Scholars and students of comparative politics, public policy, regulation theory, institutional economics and political sociology will find it to be essential reading. It will also prove a valuable source of reference for those working or dealing with regulatory authorities and for business managers in private industries and services operating under a regulatory framework.
