“ Straight up, parent tested, and funny to boot, Jamie gives you all the information you need. ”
—Amber Dusick, author of Parenting: Illustrated with Crappy Pictures A proven six-step plan to help you toilet train your preschooler quickly and successfully, from potty-training expert, Pied Piper of Poop, and social worker Jamie Glowacki. Worried about potty training? Let Jamie Glowacki, potty-training expert, show you how it ’ s done. Her 6-step, proven process to get your toddler out

of diapers and onto the toilet has already worked for tens of thousands of kids and their parents. Here ’ s the good news: your child is probably ready to be potty trained EARLIER than you think (ideally, between 20 – 30 months), and it can be done FASTER than you expect (most kids get the basics in a few days—but Jamie ’ s got you covered even if it takes a little longer). If you ’ ve ever said to yourself: ** How do I know if my kid is ready? ** Why won ’ t my child poop in the potty? ** How do I avoid “ potty power struggles ” ? ** How can I get their daycare provider on board? ** My kid was doing so well—why is he regressing? ** And what about nighttime?! Oh Crap! Potty Training can solve all of these (and other) common issues. This isn ’ t theory, you ’ re not bribing with candy, and there are no gimmicks. This is real-world, from-the-trenches potty training information—all the questions and all the ANSWERS you need to do it once and be done with diapers for good.

Among the Trump era ’ s savviest insiders, one name stands especially tall: Kellyanne. As

a highly respected pollster for corporate and Republican clients and a frequent television talk show guest, Kellyanne Conway had already established herself as one of the brightest lights on the national political scene when Donald Trump asked her to run his presidential campaign. She agreed, delivering him to the White House, becoming the first woman in American history to manage a winning presidential campaign, and changing the American landscape forever. Who she is, how she did it, and who tried to stop her is a fascinating story of personal triumph and political intrigue that has never been told...until now. In Here ’ s The Deal, Kellyanne takes you on a journey all the way to the White House and beyond with her trademark sharp wit, raw honesty, and level eye. It ’ s all here: what it ’ s like to be dissected on national television. How to outsmart the media mob. How to outclass the crazy critics. How to survive and succeed male-dominated industries. What happens when the perils of social media really hit home. And what happens when the divisions across the country start playing out in one ’ s own family. In this open and vulnerable account, Kellyanne turns the camera on herself. What she has to share—about our politics, about the media, about her time in the White House, and about

her personal journey—is an astonishing glimpse of visibility and vulnerability, of professional and personal highs and lows, and ultimately, of triumph.

In this "superwonderrific" New York Times bestseller (Jerry Spinelli), two bullied middle-school boys finally fight back with the power of funny. David and his best friend Michael were tagged with awful nicknames way back in preschool when everyone did silly things. Fast-forward to seventh grade: "Pottymouth" and "Stoopid" are still stuck with the names -- and everyone in school, including the teachers and their principal, believe the labels are true. So how do they go about changing everyone's minds? By turning their misery into megastardom on TV, of course! And this important story delivers more than just laughs -- it shows that the worst bullying isn't always physical . . . and that things will get better. A great conversation starter for parents to read alongside their kids! Official Notice to Parents: There is no actual pottymouthing or stupidity in this entire book! (Psst, kids: that second part might not be entirely true.)

The Tao of Martha St. Martin's Griffin

"One of the finest writers of the new nonfiction" (Harper's Bazaar) explores the role of art in our tumultuous modern era. In this remarkable, inspiring collection of essays, acclaimed writer and critic Olivia Laing makes a brilliant case for why art matters, especially in the turbulent political weather of the twenty-first century. Funny Weather brings together a career's worth of Laing's writing about art

and culture, examining their role in our political and emotional lives. She profiles Jean-Michel Basquiat and Georgia O'Keeffe, reads Maggie Nelson and Sally Rooney, writes love letters to David Bowie and Freddie Mercury, and explores loneliness and technology, women and alcohol, sex and the body. With characteristic originality and compassion, she celebrates art as a force of resistance and repair, an antidote to a frightening political time. We're often told that art can't change anything. Laing argues that it can. Art changes how we see the world. It makes plain inequalities and it offers fertile new ways of living.
