your company's success. In this fully revised edition of the definitive product management
guide, veteran product management thought leader and practitioner Steven Haines clearly
illustrates the entire product life cycle, from beginning to end. The Product Manager's Desk
Reference is packed with an array of best practices and helpful hints that are critical to the
efficient management of products. Written for practitioners by a practitioner, The Product
Manager's Desk Reference explains how to: Choose and justify which products to build Plan
for their profitable creation and deployment Develop and launch them Manage them once they
take on their life Enter the market Gracefully retire them and replace them with new products Efficiently allocate investments across all of the products in an organization The ProductManager's Desk Reference embodies everything "product management." It is a comprehensive, versatile, must-have resource for anyone who works in any company, in any industry, who seeks to
successfully and profitably market and manage products and services. PRAISE FOR THE
Product Manager's Desk Reference: "There are some books that are destined to become
classics in their field. The Product Manager's Desk Reference by Steven Haines is one of those books. Anyone working not just in product management but also marketing and business development should take the time to read and absorb the comprehensive body of
knowledge that Steven has organized around product management." — AMANDA NOZ, Head of
Positioning and Messaging, Alcatel-Lucent "Steven has done an excellent job of defining and setting a
standard definition of the roles and responsibilities of this "accentual profession" to the
industry, and has provided a path along with tools to improve your skills within the product
management profession." — BRIAN WEBER, Manager of Product Management, Thomson
Realtors "Steven Haines covers this multifaceted topic in a systematic manner that makes the
book easy to navigate. His groundbreaking proposal that product management become a
formal discipline is an accurate reflection of the acute need for these skills in the business
community." — DAN O'DAY, Senior Director, Product Management, Thomson Reuters "From now on, this book will stand as an important reference point for all product
management teams." — MARK ELLIOTT, Vice President, Product Management, Smiths
Detection "The Product Manager's Desk Reference is a practical guide to the activities firms
need to engage in to develop the discipline of product management. When actively utilized, the
Desk Reference promotes consistency and standardization of methodology, which in turn
leads to repeatable process, good decision making, and positive outcomes. This book is an
incredibly valuable resource." — DEBORAH LORENZEN, Chief Operating Officer, BNY
Mellon
