In her new book, Nancy Kline, bestselling author of Time To Think, suggests that for us to radically improve our communication we should make the propmise 'I won't interrupt you'. By making this promise to our colleagues and loved ones we can deepen our relationships, increase our productivity, and enjoy deeper, richer conversations. It may, in fact, be the most important promise we ever make. Nancy has spent the last three decades researching independent thought and the barriers that prevent us from thinking for ourselves. This is the remarkable true story of a young Jewish girl and her brother growing up during the Second World War, caught in a world turned upside down by the Nazis. Written specially for children, Eva describes her happy early childhood in Vienna with her kind and loving parents and her older brother Heinz, whom she adored. But when the Nazis marched into Austria everything changed. Eva's family fled to Belgium, then to Amsterdam where, with the help of the Dutch Resistance, they spent the next two years in hiding - Eva and her mother in one house, and her father and brother in another. Finally, though, they were all betrayed and deported to Auschwitz concentration camp in Poland. Despite the horrors of the camp, Eva's positive attitude and stubborn personality (which had often got her into trouble) saw her through one of the most tragic events in history and she and her mother eventually returned to Amsterdam. Sadly her father and brother perished just weeks before the liberation. Eva and her mother went back to the house where Heinz and his father had hidden, for Eva had remembered that Heinz had told her he had hidden his paintings beneath the floorboards there. Sure enough, there were over thirty beautiful paintings. Heinz hadn't wasted any of his talents during his captivity. For Eva, here was a tangible, everlasting memory of her brother and a reminder of her father's promise that all the good things you accomplish will make a difference to someone, and your achievements will be carried on. Heinz's paintings have been on display in exhibitions in the USA and are now a part of a permanent exhibition in

Amsterdam's war museum. Told simply and clearly for younger readers, THE PROMISE is an unforgettable story, written by Eva Schloss, the step-daughter of Otto Frank and Barbara Powers, Eva's very close friend.

After the publication of *The Origins of Totalitarianism* in 1951, Hannah Arendt undertook an investigation of Marxism, a subject that she had deliberately left out of her earlier work. Her inquiry into Marx's philosophy led her to a critical examination of the entire tradition of Western political thought, from its origins in Plato and Aristotle to its culmination and conclusion in Marx. *The Promise of Politics* tells how Arendt came to understand the failure of that tradition to account for human action. From the time that Socrates was condemned to death by his fellow citizens, Arendt finds that philosophers have followed Plato in constructing political theories at the expense of political experiences, including the pre-philosophic Greek experience of beginning, the Roman experience of founding, and the Christian experience of forgiving. It is a fascinating, subtle, and original story, which bridges Arendt's work from *The Origins of Totalitarianism* to *The Human Condition*, published in 1958. These writings, which deal with the conflict between philosophy and politics, have never before been gathered and published. The final and longer section of *The Promise of Politics*, titled "Introduction into Politics," was written in German and is published here for the first time in English. This remarkable meditation on the modern prejudice against politics asks whether politics has any meaning at all anymore. Although written in the latter half of the 1950s, what Arendt says about the relation of politics to human freedom could hardly have greater relevance for our own time. When politics is considered as a means to an end that lies outside of itself, when force is used to "create" freedom, political principles vanish from the face of the earth. For Arendt, politics has no "end"; instead, it has at times been—and perhaps can be again—the never-ending endeavor of the great plurality of human beings to live together and share the earth in mutually guaranteed freedom. That is the promise of politics.

Because of their faith in the crucified Messiah, the Christian nations are indebted to Israel. Yet they have largely marginalized and even rejected God's chosen people. In this volume Cardinal Jean-Marie Lustiger reflects on a number of subjects and concerns common to both Christians and Jews -- the Ten Commandments, fulfillment of biblical prophecy, Christian anti-Semitism, and more. As a Jewish-born Roman Catholic priest, Cardinal Lustiger has a unique viewpoint. He became Archbishop of Paris and a cardinal while remaining keenly aware of his indelible Jewish identity and of the

vital Jewish roots of Christianity. Aware that his reflections may be controversial -- possibly offending Jewish and Christian readers alike -- he nonetheless boldly shares his perspectives in *The Promise*, hoping that readers will see him as speaking and writing in good faith, in the service of the Word of God given for the happiness and salvation of all.

No single work is more responsible for the heightened interest in argumentation and informal reasoning—and their relation to ethics and jurisprudence in the late twentieth century—than Chaïm Perelman and Lucie Olbrechts-Tyteca's monumental study of argumentation, *La Nouvelle Rhétorique: Traité de l'Argumentation*. Published in 1958 and translated into English as *The New Rhetoric* in 1969, this influential volume returned the study of reason to classical concepts of rhetoric. In *The Promise of Reason: Studies in The New Rhetoric*, leading scholars of rhetoric Barbara Warnick, Jeanne Fahnestock, Alan G. Gross, Ray D. Dearin, and James Crosswhite are joined by prominent and emerging European and American scholars from different disciplines to demonstrate the broad scope and continued relevance of *The New Rhetoric* more than fifty years after its initial publication. Divided into four sections—Conceptual Understandings of *The New Rhetoric*, Extensions of *The New Rhetoric*, The Ethical Turn in Perelman and *The New Rhetoric*, and Uses of *The New Rhetoric*—this insightful volume covers a wide variety of topics. It includes general assessments of *The New Rhetoric* and its central concepts, as well as applications of those concepts to innovative areas in which argumentation is being studied, such as scientific reasoning, visual media, and literary texts. Additional essays compare Perelman's ideas with those of other significant thinkers like Kenneth Burke and Richard McKeon, explore his career as a philosopher and activist, and shed new light on Perelman and Olbrechts-Tyteca's collaboration. Two contributions present new scholarship based on recent access to letters, interviews, and archival materials housed in the Université Libre de Bruxelles. Among the volume's unique gifts is a personal memoir from Perelman's daughter, Noémi Perelman Mattis, published here for the first time. *The Promise of Reason*, expertly compiled and edited by John T. Gage, is the first to investigate the pedagogical implications of Perelman and Olbrechts-Tyteca's groundbreaking work and will lead the way to the next generation of argumentation studies.

What is the central theme of the Bible? Given the diversity of authorship, genre, and context of the Bible's various books, is it even possible to answer such a question? Or in trying to do so, is an external grid being unnaturally superimposed on the biblical text? These are difficult questions that the discipline of biblical theology has struggled to answer. In this thoroughly revised and expanded edition of his classic *Toward an Old Testament Theology*, Walter Kaiser offers a solution to these unresolved issues. He proposes that there is indeed a unifying center to the theology and message of the Bible that is indicated and affirmed by Scripture itself. That center is the promise of God. It is one all-encompassing promise of life through the Messiah that winds itself throughout salvation history in both the Old and New Testaments, giving cohesiveness and unity to the various parts of Scripture. After laying out his proposal, Kaiser works chronologically through the books of both testaments, demonstrating how the promise is seen throughout, how the various sub-themes of each book relate to the promise, and how God's plan to fulfill the promise progressively unfolds. Here is a rich and illuminating biblical theology that will stir the emotion and the intellect.
