We Will Prove Them Herewith Deseret Book

In the tradition of *The Screwtape Letters* by C. S. Lewis comes this fascinating work of historical fiction from the mind of Elder Neal A. Maxwell. Readers of the scriptures have long marveled at the account of the city of Enoch and its translation. What was their society like? Suppose ancient records had been kept and were made available to us today. What lessons might they contain? Elder Neal A. Maxwell tells the story of Enoch's ministry and the glory of his Christ-centered society through the eyes of a man called Mahijah, who urges his friend Omner to move to Zion before it's too late. Mahijah's imaginary letters provide a vivid portrayal of life in the city of Enoch, whose inhabitants the Lord called Zion, because they were of one heart and one mind, and dwelt in righteousness (Moses 7:18). (Previously published under the title *Of One Heart*.)

"In 1996 Latter-day Saints were stunned by the news that Elder Neal A. Maxwell had contracted acute leukemia. Confronted by his illness, Elder Maxwell experienced the "wintry doctrine" he had eloquently taught for years--that the Lord may deliberately choose to school his disciples in tutorials of affliction designed to enlarge their souls. Discipleship, the central message of Elder Maxwell's life, is a theme that helps us not only know Elder Maxwell but also know how to better follow the Savior ourselves. Compassionate, witty, politically astute, and spiritually authentic, Neal Maxwell was always passionately engaged in life's battles. During his dark hours of chemotherapy, he whispered, 'I want a jersey. On the team, on this side [of the veil] or that side, I don't want to sit on the sidelines.' This instinct for action impelled him into the infantry in World War II where, on Okinawa, shaking and crying in a foxhole full of mud and foul water, he pledged his life to the Lord and was miraculously spared. He discovered the power of the scriptures while fighting in the Lord's army as a missionary in Canada. Next came the intellectual engagements of university studies and the political skirmishes of Washington, D.C. Then, tutored by President Harold B. Lee, he became the Church's commissioner of education when an entire generation of LDS college students needed his fresh, open, and faithful mentoring. Ordained an Apostle in 1981, Elder Maxwell engaged in a broader struggle, between the sacred and the secular, the tension between faith and reason, and finally his greatest cause--his spiritual ministry. His eloquent defense of Christianity and his brilliant reconciliation of faith and intellect are a rich legacy. But beyond that, he showed us that with the Savior's help, ordinary people can be better, less competitive, more loving, and receive the soul-transforming gift of charity. In this inspiring, sometimes humorous, and moving biography, Elder Bruce C. Hafen has painted an intimate portrait of a beloved apostle, capturing the warm, personal stories that reveal the heart and mind of a true disciple of Christ." --Back cover.

"Who Are You America?" - Contains an astonishing prophetic message for our time, as it brings the revelation of an ancient secret about America's true ancestry and heritage. In this spellbinding book, the reader is enticed along a path of exciting discovery in which age old concepts are presented in a wholly new way. The subject matter concerns America's connection with Israel both ancient and modern. The reader cannot fail to be impressed by the revelatory explanation given to every aspect of America's colorful heraldry. It literally is an eye opening experience! After you have read this book and studied its illustrations, you will never be able to look at either the Great Seal of America or the Presidential Seal in the same light again. This connection is truly astounding, and in fact the dissemination of this knowledge has a potential akin to

dynamite, which has global geopolitical reverberations. "Who Are You America?" - Removes the veil that has lain over the true ancestry and the incredible origins of the American and related peoples of this world. Its author offers a stark call for America's to wake up and rise to the incredible promise of their amazing heritage. At the same time the reader is shown how in these perilous times the fortunes of the nation might be restored. Whilst this may be a little book, it nevertheless carries a BIG message, which is of the greatest importance and relevance to every citizen of the United States of America.

"Robert MacFarlane has written that language does not just register experience, it produces it. Our religious language in particular informs and shapes our understanding of God, our sense of self, and the way we make sense of our challenging path back to loving Heavenly Parents. Unfortunately, to an extent we may not realize, our religious vocabulary has been shaped by prior generations whose creeds, in Joseph Smith's words, have filled the world with confusion. "I make all things new," proclaimed the Lord. Regrettably, many are still mired in the past, in ways we have not recognized. In this book, Fiona and Terry Givens trace the roots of our religious vocabulary, explore how a flawed inheritance compounds the wounds and challenges of a life devoted to discipleship, and suggest ways of reformulating our language in more healthy ways all in the hope that, as B. H. Roberts urged, we may all cooperate in the works of the Spirit to find a truer expression of a gospel restored."--

The Neal A. Maxwell Quote Book Shadow Mountain

A handbook of help and hope when facing personal tragedy. When the storms of life blow in unexpectedly, wreaking havoc and leaving a trail of destruction, why does one person fall apart while another perseveres and even finds a deeper sense of purpose afterward? In *Beyond the Storm*, Debra Morton reveals why, providing the techniques and strategies that helped her and many others not only survive but also thrive, even in the most painful of circumstances. While ministering to victims of Hurricane Katrina and grieving the death of her granddaughter, Morton realized that the key to pushing forward in the midst of setbacks was having a defined set of coping skills. So she created the "Storm Playbook," which teaches how to renew your hope, reclaim your passion, and experience fulfillment and joy again. That playbook is here for you to use immediately, along with interactive tools, journaling questions, and scripture studies that will guide you through pain and struggle and into strength and victory once again. *Beyond the Storm* is an essential help for flourishing after the devastating effects of life's blows so you can actively pursue the purpose you were designed to fulfill.

A sparkingly strange odyssey through the kaleidoscope of America's new spirituality: the cults, practices, high priests and prophets of our supposedly post-religion age. Fifty-five years have passed since the cover of *Time* magazine proclaimed the death of God and while participation in mainstream religion has indeed plummeted, Americans have never been more spiritually busy. While rejecting traditional worship in unprecedented numbers, today's Americans are embracing a kaleidoscopic panoply of spiritual traditions, rituals, and subcultures -- from astrology and witchcraft to SoulCycle and the alt-right. As the Internet makes it ever-easier to find new "tribes," and consumer capitalism forever threatens to turn spirituality into a lifestyle brand, remarkably modern American religious culture is undergoing a revival comparable with the Great Awakenings of centuries past. Faith is experiencing not a decline but a Renaissance. Disillusioned with organized religion and political establishments alike, more and more Americans are seeking out spiritual paths driven by intuition,

not institutions. In *Strange Rites*, religious scholar and commentator Tara Isabella Burton visits with the techno-utopians of Silicon Valley; Satanists and polyamorous communities, witches from Bushwick, wellness junkies and social justice activists and devotees of Jordan Peterson, proving Americans are not abandoning religion but remixing it. In search of the deep and the real, they are finding meaning, purpose, ritual, and communities in ever-newer, ever-stranger ways.

Cultivating a Life for God calls upon us to rethink our busy, fast-paced lives. If there is a stirring in your soul for "something more" in your spiritual journey, take a risk on what God might do in and through your life. Discover the compassion that comes from heaven and can be experienced in a Life Transformation Group (LTG). You may never be the same again "The Life Transformation Group system is a grass roots tool for growth. Through this simple system the most essential elements of vital spiritual ministry are released to common Christians without the need for specialized training. It taps the disciple's internal motivation and provides the support needed to grow in the essentials of a spiritual life. The LTG empowers the common Christian to do the uncommon work of reproductive discipling." (page 63) "In my years of ministry, I have not found any method that produces such powerful results in fulfilling the Great Commission. I personally plan on using this system for the rest of my life to make as many disciples of the kingdom as I can before Christ calls me home" - Neil Cole (page 89) - See more at: <http://www.cmresources.org/cultivating-a-life-for-god>

The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the "doctrine of life and salvation for all the honest-in-heart" (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened "within them a desire to know and understand the things of God more than they ever did before in their lives" and will begin to "inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness" (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of Church members and to awaken within them a greater desire to know the things of God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections-- "Teachings of Brigham Young" and "Suggestions for Study." The first section consists of extracts from Brigham Young's sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young's teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young's teachings. Members should refer to and carefully reread his words on the principle being discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the "Lion of the Lord" (HC, 7:434)--the prophet, seer, and revelator, President Brigham Young.

The Language of Creation is a commentary on the primeval stories from the book of Genesis. It is often difficult to recognize the spiritual wisdom contained in these narratives because the current scientific worldview is deeply rooted in materialism. Therefore, instead of looking at these stories through the lens of modern academic disciplines, such as sociology, psychology, or the physical sciences, this commentary attempts to interpret the Bible from its own cosmological perspective. By contemplating the

ancient biblical model of the universe, *The Language of Creation* demonstrates why these stories are foundational to western science and civilization. It rediscovers the archaic cosmic patterns of heaven, earth, time, and space, and sees them repeated at different levels of reality. These fractal-like structures are first encountered in the narrative of creation and then in the stories of the Garden of Eden, Cain and Abel, and the flood. The same patterns are also revealed in the visions of Ezekiel, the book of Daniel, and the miracles of Moses. The final result of this contemplation is a vision of the cosmos centered on the role of human consciousness in creation.

For readers of the Book of Mormon, King Benjamin's speech is a treasure trove of inspiration, wisdom, eloquence, and spiritual insight. King Benjamin's Speech: "That Ye May Learn Wisdom" is the most substantial collection of studies ever to focus exclusively on this landmark address. The contributors examine this speech in the multifaceted contexts in which it was delivered: as a classic speech of a departing leader near the time of his death, as the focus of an annual festival season mandated anciently under the law of Moses, as part of a covenant renewal ceremony delivered within the sacred precinct of the Nephite temple in Zarahemla, and as preparation for the coronation of a new king. Historical and linguistic tools and information are employed in these essays to help the reader to better grasp the speech's historical setting, its doctrinal implications, its literary qualities, its influence then and now, and its overall brilliance.
