The Proposition Springer Science & Business Media international immunity law, traversing a wealth of national and international practice.

Few topics of international law speak to the imagination as much as international immunities. Two Treatises of Government H.M. WARD PRESS

Questions pertaining to immunity from jurisdiction or execution under international law surface on a frequent basis before national courts, including at the highest levels of the judicial branch and before international courts or tribunals. Nevertheless, international immunity law is and remains a challenging field for practitioners and scholars alike. Challenges stem in part from the uncertainty pertaining to the customary content of some immunity regimes said to be in a 'state of flux', the divergent – and at times directly conflicting - approaches to immunity in different national and international jurisdictions, or the increasing intolerance towards impunity that has accompanied the advance of international criminal law and human rights law. Composed of thirty-four expertly written contributions, the present volume uniquely provides a comprehensive tour d'horizon of

Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a

supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and

discussion of the most recent scholarly thought.

With her thirtieth birthday looming, Emma Harrison finds her biological clock clanging and the elusive knight in shining armor yet to appear. She's running out of options, especially after her gay best friend backs out from being her sperm donor. Of course, there's always a sperm bank, but Emma fears a donor mix-up might impregnate her with the spawn of Satan. Resident company womanizer, Aidan Fitzgerald, is used to always getting what he wants, especially in the bedroom. When Emma spurns his advances at the company Christmas party, he's determined to have her no matter what it takes. After Aidan learns of Emma's predicament, he is quick to offer a proposition that will benefit them both. He will father

Emma's child, but she must conceive it with him naturally. Not one for hook-ups or casual sex, Emma is reluctant to take him up on his offer, but his charm, coupled with her intense desire for motherhood, wins out. Soon their baby-making sessions become more than just physical. Aidan can't seem to walk away from her while Emma begins to wonder if Aidan could be the one. But can Aidan leave his past behind to become the man Emma needs him to be?

THE SERIES WITH OVER 12 MILLION COPIES SOLD "Volume 3 in the USA Today Bestselling series." "A one-night stand with a hot, artistic stranger-what could go wrong?" They say the best way to get over a broken heart is a random hook-up. So my new

BFF is dragging me to a bar. All I have to do is wear a slutty dress, choose a dude, and do the deed, right? The thing is, this isn't me. I'm the good girl-the one who has sex for love. But, since the love of my life is shackled up with someone else, I guess it's time to move on. One night, one time. That's all. I'll have a clean slate. A guy with a sketch pad, sitting alone, catches my eye. I'm a sucker for the artistic type with dark hair and bright blue eyes. Soon we're in his hotel room doing things I've never done. His smoldering body, perfectly toned with hot skin and a firm touch, has my mind reeling with the things to come. We're both naked and glistening with sweat, breathless. And then he darts, right before doing the

deed, abandoning me in his room. He doesn't return. A week later I see him again, and realize that he wasn't just a random guy-he's my teacher. My heart clenches at my massive mistake, and I still don't grasp the extent of it. I should have run and never looked back.

"Genre: New Adult Romance" "This story unfolds over multiple volumes, approximately 125 pigs each."

"Volumes 1 & 2 are available now."

Secrets and Lies 3 Mathematics
Having eradicated the obstacles between them, Emma Johnson and Caleb Blackney are prepared to embrace their future. They have important decisions to make, especially as it pertains to Emma's heritage and her choice to remain human. Unfortunately,

Caleb's refusal to allow anyone or anything to harm his mate only complicates matters. Until an unforeseen event changes all the rules. When Caleb's sister goes missing, personal issues are forced aside. To secure their future, Emma and Caleb will have to face their fears, confront their enemies, and unite their families to stand against a shadow from her past that could kill them all.

A short story by New York Times bestselling author H.M. Ward set in her Sexy Ferro World When billionaire Sean Ferro crosses my path, it's my job to destroy him. His crimes are horrific, and there's no way I'm letting

him walk away from them. Whether he wins or loses in court is irrelevant. I'll destroy any chance he has for a happy life when this is over, whether he lands in a jail cell or not. The arrogant bastard is more beautiful than I thought. He sits there, day after day, closed off and quiet. Dark hair pushed out of his face, and those blue eyes staring into space, unseeing. I assist the prosecution and twist his silence into apathy, steadily transforming the image of a broken man into a disturbed monster. I destroy him completely well before the end of the trial. Society hates him. And so do I. But one night will change everything. One chance encounter shows me my mistake. This isn't something I can't change, so I offer the only thing I know he needs--me.

He doesn't care about my in England from the Medieval personal life, my recent loss, period to the later years of

the 17th century. Including new research, this is the most detailed study to date of early modern English algebra, which builds on work published in 1685 by John Wallis (Savilian Professor of Geometry at Oxford) on the history of algebra. Stedall's book follows the reception and dissemination of important algebraic ideas and methods from continental Europe (especially those of Viète) and the consequent revolution in the state of English mathematics in the 17th century. The text emphasises the contribution of Wallis, but substantial reference is also provided to other

important mathematicians such as Harriot, Oughtred, Pell and Brouncker.

The Proposition 4 Harvard University Press

Revolutionary ideas on how to use markets to achieve fairness and prosperity for all. Many blame today's economic inequality, stagnation, and political instability on the free market. The solution is to rein in the market, right? Radical Markets turns this thinking on its head. With a new foreword by Ethereum creator Vitalik Buterin and

virtual reality pioneer Jaron Lanier as well as a new afterword by Eric Posner and Glen Weyl, this provocative book reveals bold new ways to organize markets for the good of everyone. It shows how the emancipatory force of genuinely open, free, and competitive markets can reawaken the dormant nineteenth-century spirit of liberal reform and lead to greater equality, prosperity, and cooperation. Only by radically expanding the scope of markets can we reduce inequality, restore robust

economic growth, and resolve political conflicts. But to do that, we must replace our most sacred institutions with truly free and open competition—Radical Markets shows how.

**The Social Psychology of
Collective Victimhood** Oxford
University Press

"Not only is this book the best sort of true-crime writing, but it is also a stunning exploration of the concept of manhood in America" (Sebastian Junger, New York Times--bestselling author of *War*). Through six detailed accounts of murders involving gay men, *American Honor Killings* examines the facts of cases that are too often politicized, sensationalized, or simply

ignored. David McConnell researched killings from small-town Alabama to San Quentin's death row, and here recounts both notorious and lesser-known crimes. We may tend to think these stories involve either the perpetrator's internal struggle over his own identity or a victim's fatally miscalculated proposition. They're almost never that simple. These riveting narratives reveal how different factors played into each case, among them ideas and beliefs about masculinity. Together, they form a secret American history of rage and desire. In each story, victims, murderers, friends, and relatives come breathtakingly alive. The result is a true-crime book of unusual power, depth, and

psychological insight—a journalistic tour de force made all the more impressive by jailhouse interviews” (Publishers Weekly). “A masterpiece of reportage . . . At turns heartbreaking and terrifying . . . If Truman Capote were alive today, he would die of envy. David McConnell has taken the mantle of great American nonfiction writer.” —Evan Wright, author of *Generation Kill*

A new romance novel by New York Times bestselling author H.M. Ward about sex, soul mates, and deadly secrets. When *Celebrity Magazine* declares rock star Trystan Scott the sexiest man alive, I'm not surprised. How can anyone claim otherwise about those blazing blue eyes, rock-hard abs, dark hair, and a totally lickable dimple? Before the billionaire playboy rose to stardom, we were friends for a

while and lovers for a night. Though that was nearly a decade ago, our connection burns brightly in my memory. We weren't a one night stand, not to me. I can admit it--I got played. To him, I was just another conquest. My beautiful best friend is long gone, and I've moved on. But when fate forces us to meet face to face, everything I felt for him comes rushing back. Trystan is crashing and burning fast. The press flock like vultures, waiting for him to kill himself or worse. Either way, his mistakes earn them millions. One night, one time, one word is all

it takes to wash away a decade of reason and regret. One secret threatens to push him six feet under, and, when those beautiful eyes turn to me for help, how can I say no? Genre: Contemporary, Raw Romance Type: Novel, 437 pgs Stand alone, no cliffhanger, with epilogue *Manwhore* Oxford University Press
