Pathways to Public  
Relations Wipf and  
Stock Publishers  
We live in a culture  
that's all about

self, becoming the  
best "me" I can be  
instead of becoming  
like Jesus. This me-  
centered message  
affects every area of  
our lives--our  
friendships, our  
marriages, even our  
faith--and it breaks  
each one in different  
ways. The self-  
focused life robs our  
joy, shrinks our

---

souls, and is the reason we never quite break free of insecurity. In this book, Sharon Hodde Miller invites us into a bigger, Jesus-centered vision--one that restores our freedom and inspires us to live for more. She helps readers - identify the secret source of insecurity - understand how self-focus sabotages seven areas of our lives - learn four practical steps for focusing on God and others - experience freedom from the burden of self-focus Anyone yearning for a purpose bigger than "project me" will cherish this paradigm-shifting message of true fulfillment.

## **The Happy Christian**

## **Broadleaf Books**

The purpose of this book is to combine perspectives of scholars from Africa on Child Theologies from a variety of theological sub-disciplines to provide some theological and ministerial perspectives on this topic. The book disseminates original research and new developments in this study field, especially as relevant to the African context. In the process it addresses also the global need to hear voices from Africa in this academic field. It wants to convey the importance of considering Africa's children in theologising. The different chapters represent diverse methodologies but the central and common focus is to approach the subject from the viewpoint of Africa's children. The individual authors' varied theological sub-disciplinary

---

dispositions contribute to the unique and distinct character of the book. Almost all chapters are theoretical orientated with less empirical research, although some of the chapters refer to empirical research which the authors have done in the past. Most of the academic literature in the field of Theologies of Childhood is from American or British- European origin. The African context is fairly absent in this discourse, although it is the youngest continent and presents unique and relevant challenges. This book was written by theological scholars from Africa, focussing on Africa's children. It addresses not only theoretical challenges in this field but also provides theological perspectives for ministry with children and for important social change. Written from a variety of

theological sub-disciplines, the book is aimed at scholars across theological sub- disciplines, especially those theological scholars interested in the intersections between theology, childhood studies and African cultural or social themes. It addresses themes and provide insights that is also relevant for specialist leaders and professionals in this field. No part of the book was plagiarised from another publication or published elsewhere before.

Erasmus, Contarini, and the Religious Republic of Letters  
Baker Books

This 2005 book examines how the religious search for meaning shaped contemporary assumptions about friendship, gender, reading and writing.

What if you had been deceived

---

about an important Bible teaching that has huge impact on peoples openness to the gospel and on the reputation of Jesus church? Would you want to know? What if your church could double the number of teachers and leaders and experience revitalization by implementing one Bible teaching? Would you want to know how? Discover the following: What Gods creation intent was for the roles of men and women How the Fall radically changed male and female relationships and impacts us every day An interpretive key with transformative potential for every marriage How misinterpretation of the two primary gender role passages in the Bible has deceived millions and caused great harm How a major emphasis of scripture has been stifled or ignored How to implement a game-changing Bible truth in your church Theologies of Childhood and the Children of Africa Routledge Over the centuries, scholars have studied how individuals, institutions and groups have used various rhetorical stances to

persuade others to pay attention to, believe in, and adopt a course of action. The emergence of public relations as an identifiable and discrete occupation in the early 20th century led scholars to describe this new iteration of persuasion as a unique, more systematized, and technical form of wielding influence, resulting in an overemphasis on practice, frequently couched within an American historical context. This volume responds to such approaches by expanding the framework for understanding public relations history, investigating broad, conceptual questions concerning the ways in which public relations rose as a practice and a field within different cultures and countries at different times in history. With its unique cultural and contextual emphasis, Pathways to Public

---

Relations shifts the paradigm of public relations history away from traditional methodologies and assumptions, and provides a new and unique entry point into this complicated arena.

Should Women Be Pastors and Leaders in Church?

WestBow Press

This revised and expanded edition offers a big possibility: the hope of achieving real, experiential union with God. "The Christian of the future will be a mystic or will not exist." This word of warning from theologian Karl Rahner was uttered half a century ago, and today, Christianity is indeed in crisis. Is mysticism necessary for the survival of Christianity? What exactly is Christian mysticism? How can it be relevant in our crisis-ridden world? Questions like these inspire *The New Big Book of Christian Mysticism*, a

newly updated edition from beloved spiritual teacher and bestselling author Carl McColman. *The New Big Book of Christian Mysticism* serves as both introduction and practical instruction for a living contemplative practice today. In addition to the overview of mysticism, spiritual and prayer practices in mysticism, the various types of mysticism in Christian tradition, and influential mystics through the millennia, this second edition offers an embodied understanding of the mystic life with a more diverse range of voices and perspectives, from Howard Thurman to Pauli Murray. It also includes new chapters and themes that address embodied mysticism, contemplation and social justice, and the ongoing relevance of Jesus's message of radical equality and inclusivity. This bigger book introduces both Christians and non-

---

Christians to the contemplative tradition within Christianity, a tradition that has often been marginalized or cloistered (to the church's detriment). As a practice-oriented book, this is an invitation to embrace the mystical element within Christianity—a practice that can equip faithful persons with a joyful sense of divine intimacy, not just for personal benefit but as a foundation to a life of service and activism in the interest of justice. McColman's overview of mysticism shows how it has been practiced and lived through the centuries and will prove inspirational for today's seekers, regardless of their faith tradition. At its heart, Christian mysticism is an ancient practice that incorporates meditation, contemplation, worship, philosophy, the quest for enlightenment, the thirst for a better world, and the experience

of divine presence. Free of Me AOSIS The Reformed Two-Kingdom project has generated a great deal of literature. However, this literature is often characterized by inflamed rhetoric. Further, though it is standard fare to assume that Kline was the architect of the project, in reality, there has been very little scholarly examination of this point. In response, Kline's system is analyzed through the means of a dialectical discourse with three differing models within the Reformed tradition—the Theonomist, Perspectivalist, and Dooyeweerdian schools. Through this means, the study keeps away from surface-level polemics and instead directs

---

readers to the critically important substructural level of current discussions. While clarifying some of the key differences between Kline and his interlocutors, often-overlooked points of nuance are also highlighted. These points are shown to be important in that they present the potential to lessen frustration and impasse in the ongoing dialogue.

### The South African Pioneer

A unique combination of biblical teaching, scientific research, and personal biography shows those who follow Jesus how to live joyful, purposeful lives. Hopelessness has invaded much of our culture, even

reaching deep into the church. But while the world is awash in negativity, Christians have resources to live differently. In *The Happy Christian*, professor and pastor David Murray blends the best of modern science and psychology with the timeless truths of Scripture to create a solid, credible guide to positivity. The author of the acclaimed *Christians Get Depressed Too*, Murray exposes modern negativity's insidious roots and presents ten perspective-changing ways to remain optimistic in a world that keeps trying to drag us down. *The Happy Christian* invites readers to shed
