A unique combination of biblical teaching, scientific research, and personal biography shows those who follow Jesus how to live joyful, purposeful lives. Hopelessness has invaded much of our culture, even reaching deep into the church. But while the world is awash in negativity, Christians have resources to live differently. In *The Happy Christian*, professor and pastor David Murray blends the best of modern science and psychology with the timeless truths of Scripture to create a solid, credible guide to positivity. The author of the acclaimed *Christians Get Depressed Too*, Murray exposes modern negativity's insidious roots and presents ten perspective-changing ways

to remain optimistic in a world that keeps trying to drag us down. *The Happy Christian* invites readers to shed negativity and become countercultural missionaries by demonstrating the positive power of the gospel in their lives.

The Purple Womb Thomas Nelson
Ethel E. Sims lives in San Diego, CA with her husband of over 30 years. "Living life and working together in the Lord" is their life long pleasure. They are The Elect, called to church family leadership and social ministry development. They enjoy Christian music, travelling, and reading. They have one son, two daughters, two sons-in-love and three beautiful MeMe-BeBe girls, all living in Southern California. She is involved in launching

a new literary project called The Purpose Womb (TPW) (TM). TPW is the branding of her life purpose message and the public platform for promoting, publishing, and marketing her BOU'QUE literary designs, collections, and special editions. Her Southern roots in Grambling, Louisiana stems into Jonesboro-Hodge and Shady Grove where she began her early childhood education. She is the youngest of three siblings and was raised by single, divorced Biology and Chemistry teacher. Being part of a nurturing, extended family has made her the woman she is today. She enjoys power-shopping, social-walking, and designing interior spaces. Ole fashioned home cooking, unfermented

fruit-tea parties, Cajon style soul food family gatherings, and restaurant dining are favorites, too. As an Alumni of National University, she holds her Masters and Undergraduate degrees in Business Administration. She uses her formal education, certified training, and life skills coaching to advocate for children, youth, and families. Ethel Sims is an Executive Director of a grass-roots non-profit organization where she provides leadership and community service to help combat poverty, child abuse, and family dysfunctional behaviors. She teaches child-parent leadership and parenting classes for foster-kinship and community families. Her professional expertise consists of Real Estate,

Business Entrepreneurship, Child Development, Youth-Urban Education, and Social Economic Development. She is a lifetime member of The Who's Who - Women in Business and is a licensed Real Estate Broker, by profession. She holds undergraduate and graduate degrees in Business Administration and is a certified Child and Family Care Ministry Executive.

Reformation 2.0 Baker Books

Though the paradigm of modernist progression has been challenged on many fronts, Erasmus and other sixteenth-century figures are still commonly viewed as people who led the transition from a religious Middle Ages to a more godless modern era. Erasmus, Contarini and the Religious Republic of Letters, published in 2005, complicates this transition by analysing a unique realm of spiritualised scholarship that cannot fit easily into any conventional intellectual chronology. By analysing the lives, work, and correspondence of Erasmus, Thomas More, Margaret More Roper, Reginald Pole, Gasparo Contarini, and

Vittoria Colonna, this book demonstrates how these Catholic men and women of letters created a distinctive kind of religious community rooted in friendship and spiritualised scholarship. By spanning the too frequently respected gap between humanist reformers in northern and southern Europe, the book uncovers a widespread, if previously less visible, network that exhibited concerns we still grapple with today.

Theologies of Childhood and the Children of Africa AOSIS

After the Enlightenment, German theologians in an over-zealous attempt to apply the then new Scientific Method to the study of the Bible, threw the "Bible Baby" out with the dirty bathwater. Science and evolution were the Zeitgeist, and theologians around the world overly bought into the naturalistic thinking of the time. Looking back, we now can see that almost all the science of the 18th and 19th centuries was very incomplete compared to what we know today. While science corrects itself with time, German theology has a unique and very unscientific way of progressing by building only upon previously accepted ideas even if those previous ideas

were wrong. Thus, the unintended consequence of Biblical criticism over the past 200 years has been the trashing of the Bible as the Word of God. This book traces the history of the problem and proposes a Reformation of the way we view the Bible through Science and History thereby resurrecting the Bible once again to its proper position as the Word of God. If we get the Bible right, we will get Jesus right; if we get Jesus right, it will be all right. *The New Big Book of Christian Mysticism* Cambridge University

Over the centuries, scholars have studied how individuals, institutions and groups have used various rhetorical stances to persuade others to pay attention to, believe in, and adopt a course of action. The emergence of public relations as an identifiable and discrete occupation in the early 20th century led scholars to describe this new iteration of persuasion as a unique, more systematized, and technical form of wielding influence, resulting in an overemphasis on practice, frequently couched within an American historical

context. This volume responds to *Rise of the Good Woman* Xulon such approaches by expanding the Press framework for understanding public relations history, investigating broad, conceptual questions concerning the ways in which public relations rose as a practice and a field within different cultures and countries at different times in history. With its unique cultural and contextual emphasis, *Pathways to Public Relations* shifts the paradigm of public relations history away from traditional methodologies and assumptions, and provides a new and unique entry point into this complicated arena.

"I Don't Even Know Where to Start!" Feeling overwhelmed? Wondering if it's possible to move from "out of my mind" to "in control" when you've got too many projects on your plate and too much mess in your relationships? Kathi and Cheri want to show you five surprising reasons why you become stressed, why social media solutions don't often work, and how you can finally create a plan that works for you. As you identify your underlying hurts, uncover hope, and embrace practical healing,

you'll become equipped to...
trade the to-do list that
controls you for a calendar that
allows space in your life decide
whose feedback to forget and
whose input to invite replace
fear of the future with peace in
the present You can simplify and

The purpose of this book is to
combine perspectives of scholars
from Africa on Child Theologies

from a variety of theological sub-
disciplines to provide some
theological and ministerial
perspectives on this topic. The
book disseminates original research
and new developments in this study
field, especially as relevant to
the African context. In the process
it addresses also the global need
to hear voices from Africa in this
academic field. It wants to convey
the importance of considering
Africa's children in theologising.
The different chapters represent
diverse methodologies but the
central and common focus is to
approach the subject from the
viewpoint of Africa's children. The
individual authors' varied
theological sub-disciplinary
dispositions contribute to the

unique and distinct character of the book. Almost all chapters are theoretical orientated with less empirical research, although some of the chapters refer to empirical research which the authors have done in the past. Most of the academic literature in the field of Theologies of Childhood is from American or British- European origin. The African context is fairly absent in this discourse, although it is the youngest continent and presents unique and relevant challenges. This book was written by theological scholars from Africa, focussing on Africa's children. It addresses not only theoretical challenges in this field but also provides theological perspectives for ministry with children and for important social change. Written from a variety of theological sub-disciplines, the book is aimed at scholars across theological sub- disciplines, especially those theological scholars interested in the intersections between theology, childhood studies and African cultural or social themes. It addresses themes and provide insights that is also relevant for specialist leaders and professionals in this field. No part of the book was plagiarised from another publication or published elsewhere before.

"She is a godly woman." "True love waits." Are these

phrases and many others about gender truly based in scripture, or based on dusty, outdated stereotypes? And how do these perceptions repress people, especially women, from fully expressing their faith? If *Eve Only Knew* offers a fresh perspective on gender and the Bible, destroying trumped-up, captive-creating messages with the freeing proclamation grounded in Jesus' ministry and found everywhere in scripture: that we are all created in God's image, and by relying on our gifts and skills--rather than on gender-designed roles--we become all God means for us to be.

Free of Me Broadleaf Books

We live in a culture that's all about self, becoming the best "me" I can be instead of becoming like Jesus. This me-centered message affects every area of our lives--our friendships, our marriages, even our faith--and it breaks each one in different ways. The self-focused life robs our joy, shrinks our souls, and is the reason we never quite break free of insecurity. In this book, Sharon Hodde Miller invites us into a bigger, Jesus-centered vision--one that restores our freedom and inspires us to live

for more. She helps readers - identify the secret source of insecurity - understand how self-focus sabotages seven areas of our lives - learn four practical steps for focusing on God and others - experience freedom from the burden of self-focus Anyone yearning for a purpose bigger than "project me" will cherish this paradigm-shifting message of true fulfillment.

This revised and expanded edition offers a big possibility: the hope of achieving real, experiential union with God. "The Christian of the future will be a mystic-or will not exist." This word of warning from theologian

Karl Rahner was uttered half a century ago, and today, Christianity is indeed in crisis. Is mysticism necessary for the survival of Christianity? What exactly is Christian mysticism? How can it be relevant in our crisis-ridden world? Questions like these inspire *The New Big Book of Christian Mysticism*, a newly updated edition from beloved spiritual teacher and bestselling author Carl McColman. *The New Big Book of Christian Mysticism* serves as both introduction and practical instruction for a living contemplative practice today. In

addition to the overview of mysticism, spiritual and prayer practices in mysticism, the various types of mysticism in Christian tradition, and influential mystics through the millennia, this second edition offers an embodied understanding of the mystic life with a more diverse range of voices and perspectives, from Howard Thurman to Pauli Murray. It also includes new chapters and themes that address embodied mysticism, contemplation and social justice, and the ongoing relevance of Jesus's message of radical equality and inclusivity. This bigger book introduces both Christians and non-Christians to the contemplative tradition within Christianity, a tradition that has often been marginalized or cloistered (to the church's detriment). As a practice-oriented book, this is an invitation to embrace the mystical element within Christianity—a practice that can equip faithful persons with a joyful sense of divine intimacy, not just for personal benefit but as a foundation to a life of service and activism in the interest of justice. McColman's overview of mysticism shows how it has been practiced and lived

through the centuries and will prove inspirational for today's seekers, regardless of their faith tradition. At its heart, Christian mysticism is an ancient practice that incorporates meditation, contemplation, worship, philosophy, the quest for enlightenment, the thirst for a better world, and the experience of divine presence.

If Eve Only Knew WestBow Press
The Reformed Two-Kingdom project has generated a great deal of literature. However, this literature is often characterized by inflamed rhetoric. Further, though it is

standard fare to assume that Kline was the architect of the project, in reality, there has been very little scholarly examination of this point. In response, Kline's system is analyzed through the means of a dialectical discourse with three differing models within the Reformed tradition—the Theonomist, Perspectivalist, and Dooyeweerdian schools. Through this means, the study keeps away from surface-level polemics and instead directs readers to the critically important substructural level of current discussions. While clarifying some of the key differences

between Kline and his interlocutors, often-overlooked points of nuance are also highlighted. These points are shown to be important in that they present the potential to lessen frustration and impasse in the ongoing dialogue.

Pathways to Public Relations

At the base of every broken life, every dysfunctional relationship, every bad choice is a lie we believe. And at the root of every lie is fear. Fear of not having enough, fear of missing out, fear of being alone. The good news is, once we can identify and name our fears, we can defeat the lies

that control us and live out the more abundant life that Christ promises us. With sharp insight and deep compassion, Clayton King identifies the ten big lies we commonly believe, each rooted in the fear of losing something. He blows them apart, one by one, with God's truth, allowing readers to take back control of their hearts, minds, and actions. Covering such pervasive problems as loneliness, unforgiveness, shame, human suffering, self-image, sexual sin, and more, King shines a light on all those things that are holding us down and clears the way for the faith that sets

us free.
