Should Women Be Pastors and Leaders in Church?

AOSIS

The Reformed Two-Kingdom project has generated a great deal of literature. However, this literature is often characterized by inflamed rhetoric. Further, though it is standard fare to assume that Kline was the architect of the project, in reality, there has been very little scholarly examination of this point. In response, Kline's system is analyzed through the means of a dialectical discourse with three differing models within the Reformed tradition—the Theonomist, Perspectivalist, and Dooyeweerdian schools. Through this means, the study keeps away from surface-level polemics and instead directs readers to the critically

important substructural level of current discussions. While clarifying some of the key differences between Kline and his interlocutors, often-overlooked points of nuance are also highlighted. These points are shown to be important in that they present the potential to lessen frustration and impasse in the ongoing dialogue.

Pathways to Public Relations Thomas Nelson

Over the centuries, scholars have studied how individuals, institutions and groups have used various rhetorical stances to persuade others to pay attention to, believe in, and adopt a course of action. The emergence of public relations as an identifiable and discrete occupation in the early 20th century led scholars to describe this new iteration of

persuasion as a unique, more systematized, and technical form of wielding influence, resulting in an overemphasis on practice, frequently couched within an American historical context. This volume responds to such approaches by expanding the framework for understanding public relations history, investigating broad, conceptual questions concerning the ways in which public relations rose as a practice and a field within different cultures and countries at different times in history. With its unique cultural and contextual emphasis, *Pathways to Public Relations* shifts the paradigm of public relations history away from traditional methodologies and assumptions, and provides a new and

unique entry point into this complicated arena. Covenant Lord and Cultic Boundary Wipf and Stock Publishers

This revised and expanded edition offers a big possibility: the hope of achieving real, experiential union with God. "The Christian of the future will be a mystic or will not exist." This word of warning from theologian Karl Rahner was uttered half a century ago, and today, Christianity is indeed in crisis. Is mysticism necessary for the survival of Christianity? What exactly is Christian mysticism? How can it be relevant in our crisis-ridden world? Questions like these inspire *The New Big Book of Christian Mysticism*, a newly updated edition from beloved spiritual teacher and bestselling author Carl McColman. *The New Big Book of Christian Mysticism* serves as both introduction and practical instruction for a living contemplative practice today. In addition to the overview of mysticism, spiritual and prayer practices in mysticism, the various types of mysticism in Christian tradition, and influential mystics through the millennia, this second edition offers an embodied understanding of the mystic life with a more diverse range

of voices and perspectives, from Howard Thurman to Pauli Murray. It also includes new chapters and themes that address embodied mysticism, contemplation and social justice, and the ongoing relevance of Jesus's message of radical equality and inclusivity. This bigger book introduces both Christians and non-Christians to the contemplative tradition within Christianity, a tradition that has often been marginalized or cloistered (to the church's detriment). As a practice-oriented book, this is an invitation to embrace the mystical element within Christianity a practice that can equip faithful persons with a joyful sense of divine intimacy, not just for personal benefit but as a foundation to a life of service and activism in the interest of justice. McColman's overview of mysticism shows how it has been practiced and lived through the centuries and will prove inspirational for today's seekers, regardless of their faith tradition. At its heart, Christian mysticism is an ancient practice that incorporates meditation, contemplation, worship, philosophy, the quest for enlightenment, the thirst for a better world, and the experience of divine presence.

The Happy Christian
WestBow Press

The purpose of this book is to combine perspectives of scholars from Africa on Child Theologies from a variety of theological sub-disciplines to provide some theological and ministerial perspectives on this topic. The book disseminates original research and new developments in this study field, especially as relevant to the African context. In the process it addresses also the global need to hear voices from Africa in this academic field. It wants to convey the importance of considering Africa's children in theologising. The different chapters represent diverse methodologies but the central and common focus is to approach the subject from the viewpoint of Africa's children. The individual authors' varied theological sub-disciplinary dispositions contribute to the unique and distinct character of the book. Almost all chapters are theoretical orientated with less empirical research, although some of the chapters refer to empirical research which the authors have done in the past. Most of the academic literature in the field of Theologies of Childhood is from American

or British- European origin. The African context is fairly absent in this discourse, although it is the youngest continent and presents unique and relevant challenges. This book was written by theological scholars from Africa, focussing on Africa's children. It addresses not only theoretical challenges in this field but also provides theological perspectives for ministry with children and for important social change. Written from a variety of theological sub-disciplines, the book is aimed at scholars across theological sub-disciplines, especially those theological scholars interested in the intersections between theology, childhood studies and African cultural or social themes. It addresses themes and provide insights that is also relevant for specialist leaders and professionals in this field. No part of the book was plagiarised from another publication or published elsewhere before.

The New Big Book of Christian Mysticism

Independently Published

What if you had been deceived about an important Bible teaching that has huge impact on peoples openness to the gospel and on the reputation of Jesus's church? Would you want to know? What if your

church could double the number of teachers and leaders and experience revitalization by implementing one Bible teaching? Would you want to know how? Discover the following: What Gods creation intent was for the roles of men and women How the Fall radically changed male and female relationships and impacts us every day An interpretive key with transformative potential for every marriage How misinterpretation of the two primary gender role passages in the Bible has deceived millions and caused great harm How a major emphasis of scripture has been stifled or ignored How to implement a game-changing Bible truth in your church Erasmus, Contarini, and the Religious Republic of Letters Broadleaf Books

The Proverbs 31 Man seeks to show Christians that Proverbs 31 is actually written to men in order to encourage them to appreciate and to praise their wives who are portrayed as "superheroes" in this passage (please read to see how this is possible). Proverbs 31 is not a checklist for women. The book dispels many myths about Proverbs 31 and reveals its true meaning. This will not only lift many burdens from women, liberating them with the gospel, but will equip men in unique ways. Backed up by outstanding scholarship, this practical book will change how you see Proverbs 31 and strengthen your marriage.

The Proverbs 31 Man

Cambridge University Press

This 2005 book examines how the religious search for meaning shaped contemporary assumptions about friendship, gender, reading and writing.

The South African Pioneer

A unique combination of biblical teaching, scientific research, and personal biography shows those who follow Jesus how to live joyful, purposeful lives. Hopelessness has invaded much of our culture, even reaching deep into the church. But while the world is awash in negativity, Christians have resources to live differently. In The Happy Christian, professor and pastor David Murray blends the best of modern science and psychology with the timeless truths of Scripture to create a solid, credible guide to positivity. The author of the acclaimed Christians Get Depressed Too, Murray exposes modern negativity's insidious roots and presents ten perspective-changing ways to remain optimistic in a world that keeps trying to drag us down. The Happy Christian invites readers to shed negativity and become countercultural missionaries by demonstrating the positive power of the gospel in their lives.
