The Quantum Self by Danah Zohar (1991-05-24): Amazon.co.uk ...

The work of Danah Zohar and Ian Marshall demonstrates the importance of spiritual intelligence (SQ), which enables us to think “ outside of the box ” and to play with the boundaries—to play an “ infinite game ” . SQ is a transformative intelligence that allows us to break old paradigms and to invent new ones, to reframe problems and situations, to dissolve old patterns and to be open to finding new ones.

Quantum society literally translates into "discontinuous society":--not the holistic vision Zohar had in mind. Many of the concepts used to build quantum society have more to do with complexity theory than with quantum theory. There's nothing wrong with borrowing terms from different realms to convey a concept.
