Elizabethan Secret
Agent: The Untold
Story of William
Ashby (1536-1593)
is the biography of
William Ashby,

Elizabethan
intelligence agent
and diplomat who
served as
ambassador to
Scotland during the
Spanish Armada
crisis. It provides
a fresh social,
political and
foreign policy
insight from the
perspective of a
gentleman spy who
took part in some
of the most

important events of
his time. Much of
the book is focused
on the Anglo-
Scottish geo-
political
relationship during
the decade of
1580-1590, with its
machinations and
bizarre background
stories. Prior to
Ashby's
ambassadorial
appointment, he
served as a senior

'intelligencer' for
Sir Francis
Walsingham,
Elizabeth's
spymaster.

Holy Spy Bloomsbury

Offering a fresh approach to the study of the figure of the diplomat in the early modern period, this collection of diverse readings of archival texts, objects and contexts contributes a new analysis of the spaces, activities and practices of the Renaissance embassy.

[A Prisoner in Malta](#) Hachette UK
There will be a terrible reckoning . .

. England is at war with Spain, and Queen Elizabeth's court is torn apart by brutal rivalries among ambitious young courtiers. The inimitable investigator John Shakespeare is dragged from retirement to work for the Earl of Essex, the queen's favorite. His mission is to unravel the mystery behind the doomed Roanoke colony in North America, but instead, he uncovers a plot to kill the aging queen. With a plague devastating the country, Catholics being tortured, and John's wife keeping secrets from him, Shakespeare has his own survival to secure. Filled with colorful historical detail, *Revenger* is a stunning novel of savage betrayals and salacious intrigue.

The King at the Edge of the World Vintage

This absorbing account of Catholic and anti-Catholic plots and machinations at the English, French, and exiled Scottish courts in the latter part of the sixteenth century is a sequel to John Bossy's highly acclaimed *Giordano Bruno and the Embassy Affair*. It tells the story of an espionage operation in Elizabethan London that was designed to find out what side France would take in the hostilities between Protestant England and the Catholic powers of Europe. France was a Catholic country whose king

was nonetheless hostile to Spanish and papal aggression, Bossy explains, but the king's sister-in-law, Mary Queen of Scots, in custody in England since 1568, was a magnet for Catholic activists, and the French ambassador in London, Michel de Castelnau, was of uncertain leanings. Bossy relates how Queen Elizabeth's Secretary of State, Sir Francis Walsingham, found a mole in Castelnau's household establishment, who passed information to someone in Walsingham's employ. Bossy discovers the identity of these persons, what items of

intelligence were passed over, and what the English government decided to do with the information. He describes how individuals were arrested or fled, a political crisis occurred, an ambassador was expelled, deals were made. He concludes with a discussion of the authenticity of Elizabethan secret operations, arguing that they were not theatrical devices to prop up an unpopular regime but were a response to genuine threats of counter-revolution inspired by Catholic zeal.

Elizabeth's Spymaster
Minotaur Books
An Elizabethan espionage thriller in which playwright Christopher Marlowe spies on Mary,

Queen of Scots while navigating the perils of politics, theater, romance—and murder. England, 1585. In Kit Marlowe's last year at Cambridge, he is approached by Queen Elizabeth's spymaster offering an unorthodox career opportunity: going undercover to intercept a Catholic plot to put Mary, Queen of Scots on Elizabeth's throne. Spying on Queen Mary turns out to be more than Kit bargained for, but his salary allows him to

mount his first play, and over the following years he becomes the toast of London's raucous theater scene. But when Kit finds himself reluctantly drawn back into the world of espionage and treason, he realizes everything he's worked so hard to attain—including the trust of the man he loves—could vanish in an instant. Pairing modern language with period detail, Allison Epstein brings Elizabeth's lavish court, Marlowe's colorful theater troupe, and the squalor of

sixteenth-century London to vivid, teeming life. At the center of the action is Kit himself—an irrepressible, irreverent force of nature. The Watchers Penguin In *The Restless Kings* Nick Barratt presents the tumultuous struggle for supremacy between the first Plantagenet king, Henry II, and his four sons - a drama that tore apart the most powerful family in western Europe and shaped the future of two nations. As well as exploring the personalities and crises facing these extraordinary

people as a family, The Restless Kings follows them as they raced around western Europe, struggling to hold together a vast conglomeration of lands - often through force of arms - whilst constantly harried by their nominal overlord and arch rival, Philip Augustus, king of France. Although the key events took place over 800 years ago, their significance still resonates today. Whether you're looking for the root causes of Brexit or tension in the Middle East, their origins can be found in the actions of the Angevin kings of England. The

Restless Kings will challenge everything you assumed you knew about the medieval world. Above all, it brings to life some of the most remarkable, complex, flawed and brilliant monarchs ever to have sat on the English throne.

The Sultan and the Queen Yale University Press

During the brief reign of the Queen Mary, Walsingham was a Protestant exile in Italy. Returning home when Elizabeth assumed the throne, from 1570 he

became a diplomat to the arch-pragmatist Queen. He was often troubled by her inconsistent policy decisions and for allowing the exile in England of Mary Queen of Scots. His triumph came in 1587 when Mary was at last beheaded after the cunning defeat of the Babington plot. A powerful, if enigmatic figure, loathed by his adversaries and deeply admired by friends and allies, Walsingham became the master coordinator of a feared pan-

European spy network. His spies underpinned his organisation of national resistance to the Spanish Armada, but devotion and duty to Elizabeth was costly and Walsingham died two years later in penury. Historian and storyteller Derek Wilson delves deeply into the life of a fascinating and highly influential figure, bringing us tales of deceit, betrayal and loyalty along the way; popular history of the highest calibre. see www.derekwilson.com
Propaganda and the

Tudor State Routledge
This book offers a fresh understanding of the substance behind the rhetoric of English Renaissance monarchy. Propaganda is identified as a key factor in the intensification of the English state. The Tudor royal image is pursued in all its forms: in print and prayer, in iconography and architecture. The monarchy surrounded itself with the trappings of majesty at court, but in the shires it relied on different strategies of

persuasion to uphold its authority. The Reformation placed the provincial pulpit at the disposal of the crown, and the church became the main conduit of royal propaganda. Sermons taught the duty of obedience, and parish prayer was redirected from local saints towards the sovereign as the symbolic core of the nation. Dr Cooper examines the relationship between the Tudor monarchy and its subjects in Cornwall and Devon,

and the complex interaction between local and national political culture. These were years of social and religious upheaval, during which the western peninsula witnessed three major rebellions, and many more riots and affrays. A vibrant popular religion was devastated by the Protestant Reformation, and foreign invasion was a frequent threat. Cornwall remained recognizably different from England in its ancient language and

traditions. Yet in the midst of all this, popular allegiance to monarchy and nation survived and prospered. The Tudors were mourned and celebrated in towns and parish churches. Loyalty was fostered by the Duchy of Cornwall and the stannaries. Regional difference, far from undermining the power of the crown, was fundamental to its success in the westcountry. This is a study of government at the dangerous edges of

Tudor England, and a testament to the unifying power of propaganda. *Midnight Never Come* The History Press 1601. Queen Elizabeth I is dying. With no heir for the kingdom, potential successors secretly maneuver to be in position when the inevitable occurs. The leading candidate is King James VI of Scotland, but there is a problem. The queen's spymasters fear that James' claim to be a Protestant are untrue. If he secretly shares his family's Catholicism, then forty years of religious war will have been for nothing, and

a bloodbath will ensue. It falls to Geoffrey Belloc to devise a test to discover the true nature of King James's soul. Belloc enlists Mahmoud Ezzedine, a Muslim physician from the Ottoman Empire, as his undercover agent. -- adapted from jacket
The Code Book: The Secrets Behind Codebreaking Anchor
For over 100 years, the agents of MI5 have defended Britain against enemy subversion. Their work has remained shrouded in secrecy—until now. This first-ever

authorized account reveals the British Security Service as never before: its inner workings, its clandestine operations, its failures and its triumphs. The Restless Kings Bantam
Elizabeth I came to the throne at a time of insecurity and unrest. Rivals threatened her reign; England was a Protestant island, isolated in a sea of Catholic countries. Spain plotted an invasion, but Elizabeth's Secretary, Francis Walsingham, was prepared to do whatever it took to protect her. He ran a network of agents in

England and Europe who provided him with information about invasions or assassination plots. He recruited likely young men and 'turned' others. He encouraged Elizabeth to make war against the Catholic Irish rebels with extreme brutality and oversaw the execution of Mary Queen of Scots. The Queen's Agent is a story of secret agents, cryptic codes, and ingenious plots, set in a turbulent period of England's history. It is also the story of a man devoted to his queen, sacrificing his every waking hour to save the threatened English

state.

The Elizabethans
Bloomsbury Publishing
Sir Francis Walsingham's official title was principal secretary to Queen Elizabeth I, but in fact this pious, tight-lipped Puritan was England's

first spymaster. A ruthless, fiercely loyal civil servant, Walsingham worked brilliantly behind the scenes to foil Elizabeth's rival Mary Queen of Scots and outwit Catholic Spain and France, which had arrayed their forces behind her. Though he cut an incongruous figure in Elizabeth's worldly court, Walsingham managed to win the trust of key players like William Cecil and the Earl of Leicester before launching his own secret campaign against

the queen's enemies. Covert operations were Walsingham's genius; he pioneered techniques for exploiting double agents, spreading disinformation, and deciphering codes with the latest code-breaking science that remain staples of international espionage. God's Traitors Penguin
BONUS: This edition contains an excerpt from Rory Clements's *Revenger*. A young woman is found murdered, her body marked with profane symbols. Even more shocking, she's one of Queen Elizabeth's

aristocratic cousins. Is there a connection between this tragedy and a plot to assassinate Sir Francis Drake—a plot that, if successful, could leave England defenseless in the face of a Spanish invasion? Enter John Shakespeare, Tudor England's most remarkable investigator. With the Queen's brilliant reign in jeopardy, Shakespeare travels through London's seedy underworld of spies, sorcerers, prostitutes, and theater people, among whom is his own younger brother, the struggling playwright Will. Shadowed

by his relentless rival, the Queen's chief torturer, John Shakespeare must unmask the shocking identity of a killer before the woman he desires becomes the next martyr in a conspiracy almost too horrific to contemplate—a conspiracy whose consequences might still be felt today.
