While the Grey's Anatomy doctors are seen wheeling patients around the hospital, injecting them with medications, and taking their blood pressure, this really isn't their job. Andrew Holtz, author of the book The Real Grey's Anatomy, told Monster that this is one of the biggest medical myths that the show portrays. "Giving patients injections, making sure they have their medicine, taking their blood pressure and doing hands on things with the patient in the hospital room, that's almost all ...
