I need my space. We need to slow down. I'm just not ready to settle down yet. Single women have heard all these excuses and more from the men in their lives. And with a growing number of people choosing not to marry at all, women who do want to get married are increasingly frustrated by men who, in the end, refuse to make that commitment. In this book, women will learn: how men really view commitment; what factors influence their decision to commit; the difference between cold feet and an intractable single-forever stance; which men are most likely to go the distance; strategies to persuade commitment-phobic men to take the chance on love and marriage; and more. With this book, women looking for commitment from their men can push them off the fence - and into the wedding chapel. Or, if they're found wanting, simply cut them loose with that other famous line: Maybe we should see other people.

The Reasons I Won't be Coming Delacorte Press

A superb collection of short fiction--her first in thirty years and spanning many geographies--from the critically acclaimed author of *Monkeys, Evening, and Thirty Girls*. A NEW YORK TIMES NOTABLE BOOK. A writer dryly catalogs the myriad reasons she cannot write; an artist bicycles through a protest encampment in lower Manhattan and ruminates on an elusive lover; an old woman on her deathbed calls out for a man other than her husband; a hapless fifteen-year-old boy finds himself in sexual peril; two young people in the 1990s fall helplessly in love, then bicker just as helplessly, tortured by jealousy and mistrust. In each of these stories Minot explores the difficult geometry of human relations, the lure of love and physical desire, and the lifelong quest for meaning and connection. Her characters are all searching for truth, in feeling and in action, as societal norms are upended and justice and coherence flounder. Urgent and immediate, precisely observed, deeply felt, and gorgeously written, the stories in *Why I Don't Write* showcase an author at the top of her form.

When she is six, Marie-Laure goes blind and her father builds a perfect miniature of their neighborhood so she can memorize it by touch and navigate her way home. When she is twelve, the Nazis occupy Paris, and father and daughter flee to the walled citadel of Saint-Malo, where Marie-Laure's reclusive great uncle lives in a tall house by the sea. With them they carry what might be the museum's most valuable and dangerous jewel. In a mining town in Germany, the orphan Werner grows up with his younger sister, enchanted by a crude radio they find. Tom Rademacher wishes someone had handed him this sort of book along with his teaching degree: a clear-eyed, frank, boots-on-the-ground account of what he was getting into. But first he had to write it. And as 2014's Minnesota Teacher of the Year, Rademacher knows what he's talking about. Less a how-to manual than a tribute to an impossible and impossibly rewarding profession, *It Won't Be Easy* captures the experience of teaching in all its messy glory. The book follows a year of teaching, with each chapter tackling a different aspect of the job. Pulling no punches (and resisting no punch lines), he writes about establishing yourself in a new building; teaching meaningful classes, keeping students a priority; investigating how race, gender, and identity affect your work; and why it's a good idea to keep an extra pair of pants at school. Along the way he answers the inevitable and the unanticipated questions, from what to do with Google to how to tell if you're really a terrible teacher, to why "Keep your head down" might well be the worst advice for a new teacher. Though directed at prospective and newer teachers, *It Won't Be Easy* is mercifully short on jargon and long on practical wisdom, accessible to anyone—teacher, student, parent, pundit—who is interested in a behind-the-curtain look at teaching and willing to understand that, while there are no simple answers, there is power in learning to ask the right questions.

Mais um romance de sucesso. Verity é perturbador, arrepiante e inesperado. Uma experiência inesquecível. Lowen Ashleigh é uma escritora que se debate com grandes dificuldades financeiras, até que aceita uma oferta de trabalho irrecusável: terminar os três últimos volumes da série de sucesso de Verity Crawford, uma autora de renome que ficou incapacitada depois de um terrível acidente. Para poder entrar na cabeça de Verity e estudar as anotações e ideias reunidas ao longo de anos de trabalho, Lowen aceita o convite de Jeremy Crawford, marido da autora, e muda-se temporariamente para a casa deles. Mas o que ela não esperava encontrar no caótico escritório de Verity era a autobiografia inacabada da autora. Ao lê-la, percebe que esta não se destinava a ser partilhada com ninguém. São páginas e páginas de confissões arrepiantes, incluindo as memórias de Verity relativas ao dia da morte da filha. Lowen decide ocultar de Jeremy a existência do manuscrito, sabendo que o seu conteúdo destroçaria aquele pai, já em tão grande sofrimento. Mas, à medida que os sentimentos de Lowen por Jeremy se intensificam, ela apercebe-se de que talvez seja melhor ele ler as palavras escritas por Verity. Afinal de contas, por mais dedicado que Jeremy seja à sua mulher doente, uma verdade tão horrenda faria com que fosse impossível ele continuar a amá-la. Os elogios da crítica: «Aviso: Verity não vai derreter-lhe o coração... Vai incendiar-lhe a alma.» - Kindle Crack Book Reviews «Isto não é um livro, é uma experiência visceral!» - B. B. Ten Reasons Not to Fall In Love College Boy Publishing

College tuition has risen four times faster than the rate of inflation in the past two decades. While faculties like to blame the rising costs on fancy athletic buildings and bloated administrations, professors are hardly getting the short end of the stick. Spending on instruction has increased twenty-two percent over the past decade at private research universities. Parents and taxpayers shouldn't get overheated about faculty salaries: tenure is where they should concentrate their anger. The jobs-for-life entitlement that comes with an ivory tower position is at the heart of so many problems with higher education today. Veteran journalist Naomi Schaefer Riley, an alumna of one of the country's most expensive and best-endowed schools, explores how tenure has promoted a class system in higher education, leaving contingent faculty who are barely making minimum wage and have no time for students to teach large swaths of the undergraduate

population. She shows how the institution of tenure forces junior professors to keep their mouths shut for a decade or more if they disagree with senior faculty about anything from politics to research methods. Lastly, she examines how the institution of tenure—with the job security, mediocre salaries, and low levels of accountability it entails—may be attracting the least innovative and interesting members of our society into teaching.

Seven Simple Reasons: Why He Won't Marry You! Profile Books

A new collection of short stories from the woman Rick Moody has called "the best prose stylist in America" Her stories may be literal one-liners: the entirety of "Bloomington" reads, "Now that I have been here for a little while, I can say with confidence that I have never been here before." Or they may be lengthier investigations of the havoc wreaked by the most mundane disruptions to routine: in "A Small Story About a Small Box of Chocolates," a professor receives a gift of thirty-two small chocolates and is paralyzed by the multitude of options she imagines for their consumption. The stories may appear in the form of letters of complaint; they may be extracted from Flaubert's correspondence; or they may be inspired by the author's own dreams, or the dreams of friends. What does not vary throughout *Can't and Won't*, Lydia Davis's fifth collection of stories, is the power of her finely honed prose. Davis is sharply observant; she is wry or witty or poignant. Above all, she is refreshing. Davis writes with bracing candor and sly humor about the quotidian, revealing the mysterious, the foreign, the alienating, and the pleasurable within the predictable patterns of daily life.

A brief meditation on the role of technology in his own life and how it has changed the landscape of the United States from "America's greatest philosopher on sustainable life and living" (Chicago Tribune). "A number of people, by now, have told me that I could greatly improve things by buying a computer. My answer is that I am not going to do it. I have several reasons, and they are good ones." Wendell Berry first challenged the idea that our advanced technological age is a good thing when he penned "Why I Am Not Going to Buy a Computer" in the late 1980s for Harper's Magazine, galvanizing a critical reaction eclipsing any the magazine had seen before. He followed by responding with "Feminism, the Body, and the Machine." Both essays are collected in one short volume for the first time.
