Many say Christians will have to endure the Great Tribulation, that horrific period when the Antichrist rules and the world is plunged into darkness. But, with adamant conviction, author Mike Smith says no, and gives convincing evidence for the Pre-Trib Rapture. Sadly, those left behind will face untold hardship. Hardship, suffering, pain, and anguish. Many will die, and those who don't will wish they had.

A new collection of short stories from the woman Rick Moody has called "the best prose stylist in America" Her stories may be literal one-liners: the entirety of "Bloomington" reads, "Now that I have been here for a little while, I can say with confidence that I have never been here before." Or they may be lengthier investigations of the havoc wreaked by the most mundane disruptions to routine: in "A Small Story About a Small Box of Chocolates," a professor receives a gift of thirty-two small chocolates and is paralyzed by the multitude of options she imagines for their consumption. The stories may appear in the form of letters of complaint; they may be extracted from Flaubert's correspondence; or they may be inspired by the author's own dreams, or the dreams of friends. What does not vary throughout Can't and Won't, Lydia Davis's fifth collection of stories, is the power of her finely honed prose. Davis is sharply observant; she is wry or witty or poignant. Above all, she is

refreshing. Davis writes with bracing candor and sly humor about the quotidian, revealing the mysterious, the foreign, the alienating, and the pleasurable within the predictable patterns of daily life.

The worldwide pandemic, mob violence, and anarchy are all signs of Christ's return. Ancient prophecies are being fulfilled and apocalypse looms on the horizon. Most everyone knows we're on the brink, and even skeptics say something's gotta give. The world is rapidly moving toward Armageddon, the end of the age, the end of life as we know it. Of course, for the Christian, the end is just the beginning.

The purpose of a fire alarm system is to provide early warning so evacuation movement can occur during the incipient stage of a fire. The problem addressed by this research was the Aberdeen Fire Department (AFD) had not identified why some occupants at four Housing Authority of Grays Harbor (HAGH) residential manors were not evacuating during fire alarm activations. The purpose of this research was to identify the casual factors of poor evacuation movement and explore viable alternatives to total building evacuation.

College tuition has risen four times faster than the rate of inflation in the past two decades. While faculties like to blame the rising costs on fancy athletic buildings and bloated administrations, professors are hardly getting the short end of the stick. Spending on instruction has increased twenty-two percent over the past decade at private research universities. Parents and taxpayers shouldn't get overheated about faculty salaries: tenure is where they should concentrate their anger. The jobs-for-life entitlement that comes with an ivory tower position is at the heart of so many problems with higher education today. Veteran journalist Naomi Schaefer Riley, an alumna of one of the country's most expensive and best-endowed schools, explores how tenure has promoted a class system in higher education, leaving contingent faculty who are barely making minimum wage and have no time for students to teach large swaths of the undergraduate population. She shows how the institution of tenure forces junior professors to keep their mouths shut for a decade or more if they disagree with senior faculty about anything from politics to research methods. Lastly, she examines how the institution of tenure—with the job security, mediocre salaries, and low levels of accountability it entails—may be attracting the least innovative and interesting members of our society into teaching.

What Your Doctor Isn't Telling You Penguin

Seven Types of Ambiguity is a psychological thriller and a literary adventure of breathtaking scope. Celebrated as a novelist in the tradition of Jonathan Franzen and Philip Roth, Elliot Perlman writes of impulse and paralysis, empty marriages, lovers, gambling, and the stock market; of adult children and their parents; of poetry and prostitution, psychiatry and the law. Comic, poetic, and full of satiric insight, Seven Types of Ambiguity is, above all, a deeply romantic novel that speaks with unforgettable force about the redemptive power of love. The story is told in seven parts, by six different narrators, whose lives are entangled in unexpected ways. Following years of unrequited love, an out-of-work schoolteacher decides to take matters into his own hands, triggering a chain of events that neither he nor his psychiatrist could have anticipated. Brimming with emotional, intellectual, and moral dilemmas, this novel-reminiscent of the richest fiction of the nineteenth century in its labyrinthine complexity-unfolds at a rapid-fire pace to reveal the full extent to which these people have been affected by one another and by the insecure and uncertain times in which they live. Our times, now.

In What Your Doctor Isn't Telling You, Dr. Sherer

provides readers with verifiable information about current medicine, healthcare and relevant public policy so they can make their own best judgments as to whether a change in their behavior will, if they are inclined, effect a positive change in your life. He strips away the veneer of political correctness when it comes to health and provides the basic truths behind the implications of the daily decisions we make that affect out health. These decisions, mostly based in how we approach food, physical activity, our mental and emotional states, our interactions with others and our approach to accessing healthcare, have profound effects on our physical, mental and emotional states. Rather than being a book on how to eat, how to exercise, how to shop for a health plan and so on, this work strives only to inform. Because with information comes power. And with power, there is the potential for positive change.

Lp 6 Smart Reasons Buckeyes from Ohio Won't Vote for Trump! Farrar, Straus and Giroux
From the civil rights struggle in the United States to the crematoria of Auschwitz-Birkenau, there are momentous stories everywhere. But only some survive to become history. Lamont Williams is a black man from the Bronx trying to return to a normal life after serving a six-year prison term for a crime for which he was wrongly convicted. Historian Adam Zignelik is an untenured Columbia professor whose career and long-term relationship are falling apart. When Lamont Williams strikes up an unlikely friendship with a patient at the hospital where he works as a janitor, he learns about the Sonderkommando--prisoners forced to work in the gas chambers and crematoria of the Nazi extermination camps. Meanwhile, Adam pursues a promising research topic suggested by a World War II veteran, a topic that might just save him professionally and even personally. When the lives of these two men intersect, history comes to life in ways neither of them could have foreseen. The Street Sweeper is an astonishing feat of storytelling that addresses the personal and the political as it sweeps across the globe, through the seminal events of the twentieth century to the present. Honest, hypnotic and redemptive, this is a novel that explores the responsibility of the historian, the weight of history on all of us, and the crucial role that bearing witness plays in breaking the cycle of human cataclysm.

Identifying the Reasons why They Won't Leave Bond Street Books
From the #1 New York Times bestselling author of The Midnight Library. "Destined to become a modern classic." —Entertainment Weekly WHAT DOES IT MEAN TO FEEL TRULY ALIVE? At the age of 24, Matt Haig's world caved in. He could see no way to go on living. This is the true story of how he came through crisis, triumphed over an illness that almost destroyed him and learned to live again. A moving, funny and joyous exploration of how to live better, love better and feel more alive, Reasons to Stay Alive is more than a memoir. It is a book about making the most of your time on earth. "I wrote this book because the oldest cliché s remain the truest. Time heals. The bottom of the valley never provides the clearest view. The tunnel does have light at the end of it, even if we haven't been able to see it . . . Words, just sometimes, really can set you free."
