All the history of the people of Pern was there. Dragonholders, Lord Holders and Craftmasters crowded into the tiny inner room to learn the secrets of their beginnings. Ana AIVAS had other gifts to offer -- stored information of old crafts that had been forgotten, of medicine, music and technology. But the greatest promise AIVAS offered was the chance to rid Pern of Thread forever. All the great ones of Pern began the long and arduous task of learning just how to operate the incredible plan. This was a plan of such daring and epic proportions that both dragons and riders would be put at risk...

The Masterharper of Pern Del Rey

"It's a strange thing, nyctophobia. You're not born with it. It can start at any time. It comes and goes, and it's one of the only phobias you can transmit to other people." Newly-married architect Callie and her wealthy husband Mateo move to Hyperion House, a grand old home in southern Spain. It's an eccentric place built in front of a cliff: serene and beautiful, but eerily symmetrical, and cunningly styled so that half the house is flooded with light, and half – locked up and neglected – is shrouded in darkness. Unemployed and feeling isolated

in a foreign country, Callie determines to research the history of the curious building. But the past is sometimes best left alone. Uncovering the folklore of the house's strange history, Callie is drawn into darkness and delusion. As a teenager Callie was afraid of the dark, and now with her adolescent nyctophobia returning she becomes convinced there's someone in the darkened rooms. Somewhere in the darkness lies the truth about Hyperion House. But some doors should never be opened.

It will take a new friendship and a new responsibility to teach Kindan that even a seemingly impossible dream is never out of reach . . . and that light can be found in the deepest darkness. Suddenly deadly spores were falling like silver threads from the sky, devouring everything—and everyone—on their path. It began to look as if the colony, cut off from Earth and lacking the resources to combat the menace, was doomed. Then some of the colonists noticed that the small, dragonlike lizards that inhabited their new world were joining the fight against Thread, breathing fire on it and teleporting to safety. If only, they thought, the dragonets were big enough for a human to ride and intelligent enough to work as a team with a rider... And so they set their most talented geneticist to work to create the creatures Pern so desperately needed—Dragons!

Freedom's Ransom Penguin

"[McCaffrey is the] master of the well-told tale."—Chicago Sun-Times As long as the people of Pern could remember, the Holds had protected them from Thread, the

deadly silver strands that fell from the sky. In exchange for sanctuary in the huge

stone fortresses, the people tithed to their Lord Holders, who in turn supported the dragonriders, Pern's greatest weapon against Thread. But not everyone on Pern was protected. Some, like Jayge's trader clan, simply preferred the freedom of the roads to the security of a hold. Others, like Aramina's family, had lost their homes.

Regardless of their differences, however, they all feared the outlaws who preyed on holds and holdless alike. The Lady Thella's renegades are the most dangerous yet—all they need is Aramina, whose telepathic link with dragons can help them evade the dragonrider patrols. But Jayge is out to stop Thella . . . and he will never let her have Aramina.

***** The Talents were the elite of the Nine Star League. Their gifts were many and varied, ranging from the gently telepathic, to the rare and extremely valued Primes. On the Primes rested the entire economic wealth and communications systems of the civilised worlds. But Primes were scarce - only very rarely was a new one born. And now, on the planet Altair, in a small mining colony on the western mountain range, a new Prime existed, a three-year-old girl - trapped in a giant mud slide that had wiped out the rest of the Rowan mining community. Every Altarian who was even mildly talented could 'hear' the child crying for help, but no one knew where she was buried. Every resource on the planet was centred into finding 'The Rowan' - the new Prime, the first ever to be born on Altair, an exceptionally unique Prime, more talented, more powerful, more agoraphobic, more lonely, than any other Prime yet known in the Nine Star league...
