The Judicial Process: Law, Courts, and Judicial Politics is an all-new, concise yet comprehensive core text that introduces students to the nature and significance of the judicial process in the United States and across the globe. It is social scientific in its approach, situating the role of the courts and their impact on public policy within a strong foundation in legal

theory, or political jurisprudence, as well as legal scholarship. Authors Christopher P. Banks and David M. O' Brien do not shy away from the politics of the judicial process, and offer unique insight into cutting-edge and highly relevant issues. In its distinctive boxes, "Contemporary Controversies over Courts" and "In Comparative Perspective," the text examines topics such as the dispute pyramid, the law and morality of same-sex marriages, the "hardball politics" of judicial selection, plea bargaining trends, the right to counsel and "pay as you go" justice, judicial decisions limiting the availability of class actions, constitutional courts in Europe, the judicial role in creating major social change, and the role lawyers, juries and alternative dispute resolution techniques play in the U.S. and throughout the world. Photos, cartoons, charts, and graphs are used throughout the text to facilitate student learning and highlight key aspects of the judicial process.

An instant New York Times Bestseller! “ Stirring...Lithwick ’ s approach, interweaving interviews with legal commentary, allows her subjects to shine...Inspiring. ” —New York Times Book Review “ In Dahlia Lithwick ’ s urgent, engaging Lady Justice, Dobbs serves as a devastating bookend to a story that begins in hope. ” —Boston Globe
Dahlia Lithwick, one of the nation ’ s foremost legal commentators, tells the gripping and heroic story of the women lawyers who fought the racism, sexism, and xenophobia of Donald Trump ’ s presidency—and won After the sudden shock of Donald Trump ’ s victory over Hillary Clinton in 2016, many Americans felt lost and uncertain. It was clear he and his administration were going to pursue a series of retrograde, devastating policies. What could be done? Immediately, women lawyers all around the country, independently of each other, sprang into action, and they had a common goal: they weren ’ t going to stand by in the face of injustice, while Trump, Mitch McConnell, and the Republican party did everything in their power to remake the judiciary in their own conservative image. Over the next four years, the women worked tirelessly to hold the line against the most chaotic and malign presidency in living

memory. There was Sally Yates, the acting attorney general of the United States, who refused to sign off on the Muslim travel ban. And Becca Heller, the founder of a refugee assistance program who brought the fight over the travel ban to the airports. And Roberta Kaplan, the famed commercial litigator, who sued the neo-Nazis in Charlottesville. And, of course, Stacey Abrams, whose efforts to protect the voting rights of millions of Georgians may well have been what won the Senate for the Democrats in 2020. These are just a handful of the stories Lithwick dramatizes in thrilling detail to tell a brand-new and deeply inspiring account of the Trump years. With unparalleled access to her subjects, she has written a luminous book, not about the villains of the Trump years, but about the heroes. And as the country confronts the news that the Supreme Court, which includes three Trump-appointed justices, will soon overturn Roe v. Wade, Lithwick shines a light on not only the major consequences of such a decision, but issues a clarion call to all who might, like the women in this book, feel the urgency to join the fight. A celebration of the tireless efforts, legal ingenuity, and indefatigable spirit of the women whose work all too often went unrecognized at the time, Lady Justice is destined to be treasured and passed from hand to hand for generations to come, not just among lawyers and law students, but among all optimistic and hopeful Americans.

Making Population Geography is a lively account of the intellectual history of population geography, arguing that, while population geography may drift in and out of fashion, it must continue to supplement its demographic approach with a renewed emphasis on cultural and political accounts of compelling population topics, such as HIV-AIDS, sex trafficking, teen pregnancy, citizenship and global ageing, in order for it to shed light on contemporary society. *Making Population Geography* draws both on the writings of those like Wilbur Zelinsky and Pat Gober who were at the very epicentre of spatial science in the 1960s and those like Michael Brown and Yvonne Underhill-Sem whose post-punk introspections of method, content and purpose, now push the field in new

directions. Using a wide range of case studies, contemporary examples and current research, the book links the rise and fall of the key concepts in population geography to the changing social and economic context and to geographies turn towards social theory. Referencing the authors classroom experiences both in the US and the UK, *Making Population Geography* will appeal to students studying geography, population issues and the development of critical scholarship.

As growing up in pre-war London looms large in the lives of the Carne sisters, Deirdre, Katrine and young Sheil still share an insatiable appetite for the fantastic. Eldest sister Deirdre is a journalist, Katrine a fledgling actress and young Sheil is still with her governess; together they live a life unchecked by their mother in their bohemian town house. Irrepressibly imaginative, the sisters cannot resist making up stories as they have done since childhood; from their talking nursery toys, Ironface the Doll and Dion Saffyn the pierrot, to their fulsomely-imagined friendship with real high-court Judge Toddington who, since Mrs Carne did jury duty, they affectionately called Toddy. However, when Deirdre meets Toddy's real-life wife at a charity bazaar, the sisters are forced to confront the subject of their imaginings. Will the sisters cast off the fantasies of childhood forever? Will Toddy and his wife, Lady Mildred, accept these charmingly eccentric girls? And when fancy and reality collide, who can tell whether Ironface can really talk, whether Judge Toddington truly wears lavender silk pyjamas or whether the Brontës did indeed go to Woolworths? *The Brontës Went to Woolworths* is part of The Bloomsbury Group, a new library of books from the early twentieth-century chosen by readers for readers.

Shadows of Slaughterhouse Five chronicles the story of 150 American POWs captured in the Battle of the Bulge and eventually caught up in one of the greatest

tragedies of World War II---the firebombing of Dresden. This collection includes oral histories, previously unpublished memoirs, and letters from home and from the front that together tell their compelling story in their own words. From simple hometown beginnings through the awakenings of military life in basic training, from assignment on the supposed "quiet zone" in Belgium to the unexpected Battle of the Bulge, from forced march and entrainment to eventual assignment on work details in Dresden --- the "Florence of the Elbe," to the inferno of Dresden on February 13-14, 1945, and the gruesome work details to follow, the individual and collective recollections and reflections of these 150 young men, the men housed in the famed Slaughterhouse Five, reveal a very personal side of war and the struggle for survival. Yet repatriation did not bring closure to this chapter of their young lives for like shadows their memories would forever be part of them. Today more than sixty years after the firebombing of Dresden, the statue of a steer wishing health and happiness to the citizens of Dresden still stands at the entrance to the public slaughterhouse, a silent witness to the maelstrom that descended upon Dresden and this group of 150 American POWs housed within, Now after more than 60 years of silence for most of these men, Kurt Vonnegut's fellow POWs tell their story of Slaughterhouse Five, in their words as they saw it --- dog face young soldiers assured that the war was soon to be over!

It is not only young boys that Roman Catholic priests abuse; these dysfunctional, deceitful predators, who use God as an excuse for their behavior, emotionally damage many unsuspecting adult women. Bless Me, Father, For I Have Sinned: Confessions of a Priest ' s Mistress is the story of one woman ' s involvement with a Roman Catholic priest and how it changed her life. Just as the male victims are coming forward to tell their stories, there can be no closure for Maggie Renaldi until this story is told. During a vulnerable period in her life, Maggie meets Father Brendan O'Reilly and embarks upon a clandestine affair. Father O'Reilly's fear of commitment and his "I love you, go away" behavior threaten to destroy their friendship and their love, until Maggie intervenes and O'Reilly seeks therapy to save himself. Unfortunately, he chooses a priest-psychotherapist who adds more guilt and shame. From seminaries that require young men to beat themselves bloody to bring the flesh into subjection to bishops who play politics, from power-hungry nuns to superiors who profess "the party line," Bless Me, Father, For I Have Sinned is also a graphic picture of church politics and hypocrisy. Maggie Renaldi is not her real name. All the names as well as the places have been changed to protect the innocent (as well as the guilty).
