During his playing career, a baseball
player's every action on the field is
documented--every at bat, every hit,
every pitch. But what becomes of a player
after he leaves the game? This exhaustive
reference work briefly details the post-
baseball lives of some 7,600 major
leaguers, owners, managers,
administrators, umpires, sportswriters,
announcers and broadcasters who are
now deceased. Each entry tells the date
and place of the player's birth, the number
of seasons he spent in the majors, the
primary position he played, the number of
seasons he spent as a manager in the
majors (if applicable), his post-baseball

career and activities, date and cause of his death, and his final resting place.

From the tragic young Adonis to Za š hapuna, first among goddesses, this handbook provides the most complete information available on deities from the cultures and religions of the ancient Near East, including Anatolia, Syria, Israel, Sumer, Babylonia, Assyria, and Elam. The result of nearly fifteen years of research, this handbook is more expansive and covers

a wider range of sources and civilizations than any previous reference works on the topic. Arranged alphabetically, the entries range from multiple pages of information to a single line—sometimes all that we know about a given deity. Where possible, each record discusses the deity ' s symbolism and imagery, connecting it to the myths, rituals, and festivals described in ancient sources. Many of the entries are accompanied by illustrations that aid in understanding the iconography, and they all include references to texts in which the god or goddess is mentioned. Appropriate for both trained scholars and nonacademic readers, this book collects centuries of Near Eastern mythology into one volume. It will be an especially valuable resource for anyone interested in Assyriology, ancient religion, and the ancient Near East.

Mappa mundi texts and images present a

panorama of the medieval world-view, c.1300; the Hereford map studied in close detail. Filled with information and lore, mappae mundi present an encyclopaedic panorama of the conceptual "landscape" of the middle ages. Previously objects of study for cartographers and geographers, the value of medieval maps to scholars in other fields is now recognised and this book, written from an art historical perspective, illuminates the medieval view of the world represented in a group of maps of c.1300. Naomi Kline's detailed examination of the literary, visual, oral and textual evidence of the Hereford mappa mundi and others like it, such as the Psalter Maps, the "Sawley Map", and the Ebstorf Map, places them within the larger context of medieval art and intellectual history. The mappa mundi in Hereford cathedral is at the heart of this study: it has more than one thousand texts and images of geographical subjects, monuments, animals, plants, peoples, biblical sites and incidents, legendary material, historical information and much more; distinctions between "real" and "fantastic" are fluid; time and space are telescoped, presenting past, present, and future. Naomi Kline provides, for the first time, a full and detailed analysis of the images and texts of the Hereford map which, thus deciphered, allow comparison with related mappae mundi as well as with other texts and images. NAOMI REED KLINE is Professor of Art History at Plymouth State College. Arkansas Methodist princeton alumni weekly The elusive disposition of John's language has been noted by biblical scholars throughout

the history of New Testament studies. The Fourth Gospel is seen as so simple to grasp and yet often pointing beyond itself and beckoning the reader to read deeper. Various socio-linguistic studies have explained this feature as the reflection of the sectarian tendencies in the Johannine Christianity. In his study Saeed Hamid-Khani questions these approaches as inadequate. In turn, he examines John's language within an exegetical and theological framework. He argues that the *Sitz im Leben* of Johannine language was an environment in which the Hebrew Scriptures were the dominant conceptual force for both the Jews and the Christians. In this context he argues that the essential function of John's enigmatic language is wedded to the Evangelist's purpose in writing the Gospel:

namely a steadfast focus upon setting forth that Jesus is the Christ according to the witness of Israel's Scriptures. It is here in these echoes and thematic allusions to the Scriptures that we find the answer to the function and significance of John's unique language: i.e., Jesus is the Messiah, the Saviour of the world, and he is the visible image of the invisible God, the embodiment of the self-revelation of God according to the Scriptures. However, these truths are concealed from the undiscerning and are only revealed by the spirit of God to those who are born of God.

Death. For some, it's simply one of life's certainties, nothing more. For others, it's merely a fleeting thought, one often overshadowed by the

reckless delusion that they have been blessed with the gift of immortality. For Aubrey Miller, death is the definition of her very existence. Overcome with the guilt resulting from the loss of her beloved family, she alters her appearance from the once beautiful, blonde-haired, blue-eyed little girl to that of one shrouded in complete darkness, enveloping herself in her own unbreakable fortress of solitude as a form of protection for others. As she enters her first year of college, her goal is simple: Earn a degree with the least amount of social interaction as possible. What she never anticipates is the formation of very unlikely relationships with two people who will change her life in ways she never believed possible: Quinn Matthews, the boisterous former pageant queen, and Kaeleb McMadden, a childhood friend from her past who never really let her go. Over the years, as their connections intertwine and grow, a seemingly indestructible bond is formed between the three... But when death painfully reemerges, Aubrey is lost once again, burying herself deeper than ever before inside the familiar fortification of her fears. Will the refuge of friendship, the solidarity of life-long bonds, and the power of unconditional love be enough to do the impossible? Will they be enough to finally bring about... When Aubrey Miller begins her education at Titan University, she is no longer the beautiful, blonde-haired, blue-eyed girl of her youth. In fact, she's no longer even Aubrey Miller. Now with jet-black hair, multiple sets of eccentric contact lenses, and several facial piercings, she's veiled herself in complete darkness as a form of protection for herself, as

well as others. As she enters her first year of college, her goal is simple: earn a degree with the least amount of social interaction as possible. What she never anticipates is the formation of very unlikely relationships with two people who will change her life in ways she never believed possible: Quinn Matthews, the overtly cheerful pageant queen, and Kaeleb McMadden, a childhood friend who never really let her go. Over the years, as their connections intertwine and strengthen, a seemingly indestructible bond is formed between the three. And eventually, the ties of friendship and discovery of first love begin to coax her from her darkened path as they slowly bring Aubrey back to life. Spanning the course of four years, this is the story of a young woman's plight to finally reemerge, finding

strength within unbreakable bonds as she delivers herself from her own manufactured darkness and safely back . . . Into the Light. The Publishers' Circular and General Record of British and Foreign Literature Oxford University Press, USA

Drawing upon both Jewish and Christian scriptures, this book lays a groundwork for understanding how grace is a critical element of leadership and followership studies. This volume,

divided into three sections, begins by defining the concept of grace leadership, using biblical examples. Part two discusses how grace leadership develops while the last part of the book offers contemporary examples of leaders displaying grace to their employees. With cases from the military as well as organizational perspectives, this edited collection adds a new wrinkle to the leadership literature and will appeal to scholars in HRM and organizational studies.

In this first of a three-volume work, Vicchio addresses the most ancient Hebrew text of Job in all its complexity, with particular emphasis on the problems of evil and suffering. But he follows this with the "reception history" of the text--how it was translated, read, and interpreted in other ancient works: the Septuagint, apocryphal books, early Christian

writings, Talmud, Midrash, Dead Sea Scrolls, and Peshitta. Two appendices detail how Job has been treated in art and architecture and in Western music. Volume 1: Job in the Ancient World Volume 2: Job in the Medieval World Volume 3: Job in the Modern World

A major document of African American participation in the struggles of the Depression, *The Negro in Illinois* was produced by a special division of the Illinois Writers' Project, one of President Roosevelt's Works Progress Administration programs. The Federal Writers' Project helped to sustain "New Negro" artists during the 1930s and gave them a newfound social consciousness that is reflected in their writing. Headed by Harlem Renaissance poet Arna Bontemps and white proletarian writer Jack Conroy, *The Negro in Illinois* employed major black writers living in Chicago during the 1930s, including

Richard Wright, Margaret Walker, Katherine Dunham, Fenton Johnson, Frank Yerby, and Richard Durham. The authors chronicled the African American experience in Illinois from the beginnings of slavery to Lincoln's emancipation and the Great Migration, with individual chapters discussing various aspects of public and domestic life, recreation, politics, religion, literature, and performing arts. After the project was canceled in 1942, most of the writings went unpublished for more than half a century--until now. Working closely with archivist Michael Flug to select and organize the book, editor Brian Dolinar compiled *The Negro in Illinois* from papers at the Vivian G. Harsh Collection of Afro-American History and Literature at the Carter G. Woodson Library in Chicago. Dolinar provides an informative introduction and epilogue which explain the origins of the project and place it in the context of the Black Chicago Renaissance. Making available an invaluable perspective on African American life, this volume represents a publication of immense historical and

literary importance.

It is generally assumed that science and religion are at war. Many now claim that

science has made religious belief redundant; others have turned to a literalist interpretation of biblical creation to reject or revise science; others try to resolve Darwin with Genesis. "The Nature of Creation" addresses this complex debate by engaging with both modern science and biblical scholarship together. Creation is central to Christian theology and the Bible, and has become the chosen battleground for scientists, atheists and creationists alike. "The Nature of Creation" presents a sustained historical investigation of what the creation texts of the Bible have to say and how this relates to modern scientific ideas of beginnings. The book aims to demonstrate what science and religion can share, and how they differ and ought to differ.

Volume 3. After the ratification of the Good Friday Agreement in two referendums, for the first time in history political institutions throughout the island of Ireland rested upon the freely given assent of majorities of all the peoples on the island. It marked, it was hoped, the full political decolonization of Ireland. Whether Ireland would reunify, or whether Northern Ireland remain in union with Great Britain now rested on the will of the people of Ireland, North and South respectively. This volume explains the making of this settlement, and the many failed initiatives that preceded it under British direct rule. Long-term structural and institutional changes and short-term political maneuvers are given their due in this lively but comprehensive assessment. The Anglo-Irish Agreement is identified as the political tipping point, itself

partially the outcome of the hunger strikes of 1980-81 that had prevented the criminalization of republicanism. Until 2016 the prudent judgment seemed to be that the Good Friday Agreement had broadly worked, eventually enabling Sinn Fein and the DUP to share power, with intermittent attention from the sovereign governments. Cultural Catholics appeared content if not in love with the Union with Great Britain. But the decision to hold a referendum on the UK's membership of the European Union has collaterally damaged and destabilized the Good Friday Agreement. That, in turn, has shaped the UK's tortured exit negotiations with the European Union.
