If you ally compulsion such a referred The Resurrection Of Jesus A New Historiographical Approach Michael R Licona ebook that will allow you worth, get the totally best seller from us currently from several preferred authors. If you want to droll books, lots of novels, tale, jokes, and more fictions collections are along with launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every books collections The Resurrection Of Jesus A New Historiographical Approach Michael R Licona that we will certainly offer. It is not in this area the costs. Its about what you habit currently. This The Resurrection Of Jesus A New Historiographical Approach Michael R Licona, as one of the most full of life sellers here will entirely be in the middle of the best options to review.

The Resurrection of Jesus Oxford University Press

"In our secular age, there is perhaps no claim more stupendous than that Jesus Christ rose from the grave, for this claim introduces an unacceptable supernaturalism into the culture's materialist worldview. Yet, the resurrection of Jesus Christ is at the center of the

Christian religion. From the earliest days of the faith, Christians proclaimed that Christ was risen, and not only that, but His resurrection means something. In *Alive: How the Resurrection of Christ Changes Everything*, Dr. Gabriel N.E. Fluhrer demonstrates that there is good reason to believe in the resurrection of Jesus Christ. He explores the evidence for the resurrection, rebuts popular arguments against it, and provides application for Christians in a hostile culture. Dr. Fluhrer begins by surveying the current landscape of ideas when it comes to the resurrection, focusing especially on the arguments of Bart Ehrman of the University of North Carolina-Chapel Hill. He goes to sketch out some plausibility structures for the historical reality of Christ's resurrection, including the marked change seen in the Apostles. Next, he provides an overview of the Bible's testimony concerning the resurrection, beginning in the Old Testament and continuing with an examination of the Gospels, Acts, and the rest of the New Testament. Finally, Dr. Fluhrer concludes with some applications regarding how understanding the reality of the resurrection bears on the Christian life"--

Kids want to see the evidence for themselves! In a kid-friendly Q&A about at the claims of the Gospel writers and 2,000 years of believing Christians, bestselling author Josh McDowell and his son Sean

examine the compelling evidence and conclude that Jesus Christ conquered death! In clear, accessible chapters that correspond to the adult and teen editions of the book, Josh and Sean invite children ages 7 to 10 to discover the proof of Christ's resurrection and what it means for them today.

The Jesus Inquest Reformation Trust Publishing

Jesus remains a popular figure in contemporary culture and Allison remains one of our best interpreters. He speaks around the country in a variety of venues on matters related to the study of the Historical Jesus. In his new book, he focuses on the historical Jesus and eschatology, concluding that the Jesus was not a Hellenistic wonder worker or teacher of pious morality but an apocalyptic prophet. In an opening chapter that is worth the price of admission, Allison astutely and engagingly captures the history of the search for the historical Jesus. He observes that many contemporary readings of Jesus shift the focus away from traditional theological, Christological, and eschatological

concerns. In provocative fashion, He takes on not only the Jesus Seminar but also other Jesus interpreters such as N.T. Wright and Marcus Borg.

The Son Rises Troubador Publishing Ltd

Death & Resurrection:

Exploring the Mysteries of Suffering & Hope is about the death and resurrection of Jesus lived out rhythmically in the lives of his followers. Sometimes Jesus' followers are in the rhythm of death. Sometimes they are in the rhythm of resurrection. A painful divorce, lost friendship, unrealized dream, failed business and besetting sin are not badges of shame or reminders of weakness. They are all opportunities to participate in the power of Jesus' death and resurrection at work in our bodies (2 Corinthians 4:10). The

problem many Christians face is viewing Jesus' death and resurrection as one time, book end events at the beginning and end of the Christian life. Jesus' death begins the Christian life through the forgiveness of sins. Jesus' resurrection ends the Christian life resulting in resurrection from the dead for all people. It is true, death and resurrection are one time events for Jesus. They are not one time events for Christians. Death and resurrection form the rhythm of the Christian life, just as breathing and a beating heart form the rhythm of bodily life. When Christians embrace the rhythm of dying and rising with Jesus, they will find far greater power, comfort, peace and life in all circumstances.

Publishers

This book provides an original and comprehensive assessment of the hypotheses concerning the origin of resurrection Christology. It fills a gap in the literature by addressing these issues using a transdisciplinary approach involving historical-critical study of the New Testament, theology, analytic philosophy, psychology and comparative religion. Using a novel analytic framework, this book demonstrates that a logically exhaustive list of hypotheses concerning the claims of Jesus' post-mortem appearances and the outcome of Jesus' body can be formulated. It addresses these hypotheses in detail, including sophisticated combinations of hallucination hypothesis with cognitive dissonance; memory distortion; and confirmation bias. Addressing writings from both within and outside of Christianity, it also demonstrates how a comparative religion approach might further illuminate the origins of Christianity. This is a thorough study of arguably the key event in the formation of the Christian faith. As such, it will be of keen interest to theologians, New Testament scholars, philosophers, and scholars of religious studies.

The Resurrection of Jesus Routledge
Nothing is more central to the Bible than

Jesus' death and resurrection, over one weekend in Jerusalem about two thousand years ago. Attempts to make sense of the Bible that do not integrate the crucifixion and resurrection of Jesus are doomed to failure. Jesus' own followers did not expect him to be crucified; they certainly did not expect him to rise again. Yet after these events their thinking and attitudes were so transformed that they could see the sheer inevitability that Jesus would die on a cross and leave an empty tomb behind, and absolutely everything in their lives was changed. However much the Bible insists on the historicity of these events, it is as important to know what they mean as to know that they happened. With clarity and conviction, D. A. Carson unpacks what some of the earliest witnesses wrote, in five New Testament texts, to provide an introductory explanation of Jesus' death and resurrection.

I Believe in the Resurrection of Jesus Ignatius Press

Is the Christian message of Jesus Christ and his resurrection true? Using ten lines of historical evidence, Dr. Craig defends the probability that Jesus was resurrected following his crucifixion. He examines the origin of the Christian movement,

and more provocative subjects, such as the Shroud of Turin, parapsychological phenomena and hallucinations.

Resurrecting Jesus SCM Press

Two of today's most important and popular New Testament scholars, John Dominic Crossan and N. T. Wright, here air their very different understandings of the historical reality and theological meaning of Jesus' Resurrection. The book highlights points of agreement and disagreement between them and explores the many attendant issues. This book brings two leading lights in Jesus studies together for a long-overdue conversation with one another and with significant scholars from other disciplines.

The Resurrection of Jesus Christ Historically and Logically Viewed Wipf and Stock Publishers

"A phenomenal resource that is both user-friendly and up-to-date, [and will] equip believers to defend this crucial issue." - Josh McDowell. Includes an interactive CD in a game-show format to test your memory of the key issues and concepts.

The Resurrection of Jesus Wipf and Stock Publishers

Could there be any new and promising approach to the question of the historicity of Jesus' resurrection? Yes, answers Michael

Licona. And he convincingly points us to a significant deficiency in approaching this question: our historiographical orientation and practice. He then carefully and effectively applies his principles and methods to the question of Jesus' resurrection.

Resurrection of Jesus Gospel Light Publications

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

Scandalous InterVarsity Press

The resurrection of Jesus Christ is one of the best-attested facts of history. But believing in the resurrection is one thing. Knowing what it means is another.

Although much has been written about the apologetics of the resurrection, little has been written about its theological meaning. This book reveals the hidden depths of the theological significance and ongoing relevance of the resurrection of Jesus Christ for our being, our salvation, Christian life, ethics, and our future hope.

The Case for the Resurrection of Jesus Tate Publishing & Enterprises

The Resurrection of Jesus Christ is a compelling fictional novel which retraces the events of the trial of Jesus Christ, through the eyes of Pontius Pilate, and sheds new light on the aftermath surrounding Jesus' death and resurrection. The Jews have delivered Jesus to Pilate, and with him, a host of allegations in which they fail to establish proof that Jesus should be put to death. Even Pilate, after hearing testimony from all sides, including Jesus himself, cannot side with Caiaphas, Annas, and the rest of the Jews, who demand that Jesus be given death by the cross. The trial is highly contentious and personal, and at one point, Pilate fears that the calm of the approaching Passover would be disrupted with riot and insurrection by the angry Jews, if he does not act according to their demands. Thus, Pilate makes a political and fateful decision to condemn Jesus, despite the lack of evidence to convict him of the crimes against him. Pilate's decision to put Jesus to death set off a chain of events that would challenge Pilate's decision to its core. Pilate, subsequently, finds himself in a life-changing conflict that would force him to question his beliefs, his morality, and his

allegiance to Tiberius and the Roman empire.

Knowable Word William B. Eerdmans Publishing Company

Divided into five parts, *A Sense of Presence* explores the central thesis that the resurrection of Jesus could be explained as a psychological event involving one hallucination, possibly occurring to Peter, and a hysterical reaction by colleagues, which convinced them that Jesus had appeared to them too. This approach is justified by showing that claims made by often impressionable people to have witnessed supernatural events in more recent times, such as visions of the Virgin Mary or weeping statues, have usually attracted a similar hysterical reaction involving large numbers. Some of these reactions take hold sufficiently strongly to facilitate the development of new sects or movements, which persist even when their credibility is challenged. The remaining four parts set this thesis in context. Part 1 shows that resurrection was already a widely-accepted concept in the socio-cultural world in which Jesus was born. Part 2 deals with the New Testament accounts of the resurrection, showing that they are often contradictory. Part 4 presents and discusses the philosophical problems involved in a psychophysical person rising from the dead, while Part 5 looks at the historical and theological issues associated with such an event. The argument presented is not intended to be dogmatic, but simply seeks to show that naturalistic alternative

explanations to the one generally accepted by believers should be given far more attention than they usually receive. A Sense of Presence invites readers to challenge the status quo and will appeal to those wishing to challenge generally-accepted Christian views.

Re-bek'ah Fortress Press

Major feature films such *The Passion of the Christ* and *Risen*, and books such as Bill O'Reilly's *Killing Jesus* raise many questions about one of the greatest controversies in history--what really happened to the crucified body of Jesus of Nazareth. Using a popular question-and-answer format, this book examines the historical evidence concerning the fate of Jesus. Did Jesus really die on the cross? If so, what became of his body? Was it stolen? Misplaced? Is the resurrection a cleverly devised plot to found a new religion? Did the disciples of Jesus hallucinate? Is the Resurrection of Jesus a myth developed decades later, after the original disciples' experience of Jesus was distorted by a subsequent generation? Or did Jesus rise from the dead, as he promised and as his disciples came to believe and sacrifice their lives to proclaim? Carl Olson carefully weighs the evidence with in-depth analysis. Whether you are a believer, a skeptic, or something in between, be prepared to have your thinking

challenged by this provocative and insightful book.

Jesus and the Resurrection Inter-Varsity Press

The question of the historicity of Jesus' resurrection has been repeatedly probed, investigated and debated. And the results have varied widely. Perhaps some now regard this issue as the burned-over district of New Testament scholarship. Could there be any new and promising approach to this problem? Yes, answers Michael Licona. And he convincingly points us to a significant deficiency in approaching this question: our historiographical orientation and practice. So he opens this study with an extensive consideration of historiography and the particular problem of investigating claims of miracles. This alone is a valuable contribution. But then Licona carefully applies his principles and methods to the question of Jesus' resurrection. In addition to determining and working from the most reliable sources and bedrock historical evidence, Licona critically weighs other prominent hypotheses. His own argument is a challenging and closely argued case for the historicity of the resurrection of Jesus, the Christ. Any future approaches to dealing with this 'prize puzzle' of New Testament study will need to be routed through *The Resurrection of Jesus*.

The resurrection of Jesus Christ an historical fact Bloomsbury Publishing

Why did Christianity begin, and why did it take the shape it did? To answer this question -- which

any historian must face -- renowned New Testament scholar N. T. Wright focuses on the key points: what precisely happened at Easter? What did the early Christians mean when they said that Jesus of Nazareth had been raised from the dead? What can be said today about this belief? This book, third in Wright's series *Christian Origins and the Question of God*, sketches a map of ancient beliefs about life after death, in both the Greco-Roman and Jewish worlds. It then highlights the fact that the early Christians' belief about the afterlife belonged firmly on the Jewish spectrum, while introducing several new mutations and sharper definitions. This, together with other features of early Christianity, forces the historian to read the Easter narratives in the gospels, not simply as late rationalizations of early Christian spirituality, but as accounts of two actual events: the empty tomb of Jesus and his "appearances." How do we explain these phenomena? The early Christians' answer was that Jesus had indeed been bodily raised from the dead; that was why they hailed him as the messianic "son of God." No modern historian has come up with a more convincing explanation. Facing this question, we are confronted to this day with the most central issues of the Christian worldview and theology.

The Resurrection Of Christ Thomas Nelson

In these lectures, delivered before an audience drawn from all faculties of the University of Munster, Professor Marxsen explores the meaning of the resurrection of Jesus. He

discusses the relevant texts - the Apostles' Creed, the Gospels, Paul, and compares the different traditions. He looks carefully at what we can really know about the 'Easter events', at what the ancient texts set out to say and the ideas of which they made use. He then goes on to show in some detail how the traditions were developed in subsequent history and what it might mean today for a Christian to say 'Jesus is Risen'. The book ends with a chapter on the Christian's future hope. Professor Marxsen deliberately talks about the resurrection of Jesus of Nazareth. In so doing he means to stress that the Risen Christ is identical with the earthly Jesus. Those who lay stress on the resurrection must also remember the faith to which Jesus of Nazareth summoned men.

The Gospel According to Mark Baker Academic

Charles Foster thought he knew the familiar story of the resurrection of Jesus. He thought Christianity rested on sound historical foundations. But could he be wrong? Could Christianity be built on a terrible mistake or downright lie? As nagging doubts began to surface, Foster turned to countless Christian books to find comfort and proof. But all he found were more questions. What began as a personal quest for reassurance quickly turned into an in-depth examination of the most

astounding historical claim of all time. He crawled through Jerusalem tombs, dusty libraries, and the recesses of his own mind in search of an answer. He turned the war in his head—the war between faith and doubt—into this heated, no-holds-barred debate, which presents the case both for and against the resurrection of Jesus. The Jesus Inquest takes you through medical evidence, Jewish burial practices, archaeological hypotheses, maps, ancient artifacts, the canonical and non-canonical gospels, biblical criticism, and much more, providing an unbiased examination of the facts of the case. A practicing trial attorney and University of Oxford academic, Charles Foster vigorously argues both sides of the issue, presenting information in compelling courtroom style and leaving no hard question unaddressed. The Jesus Inquest gives readers the tools necessary to debate the most remarkable and controversial event of world history—a debate so crucial and fascinating it cannot be ignored.

InterVarsity Press

Observe...Interpet...Apply People with Bibles don't always know how to use them. They're good at absorbing and repeating material from sermons, commentaries, and blogs, but they miss the fullness and joy that comes from studying the Bible for themselves. The power

to change the world is available, but it goes untapped. Though study aids are helpful, imagine if your primary ministry curriculum was Scripture itself. You could study the Bible, teach people how to study it themselves, and expect those folks to lead their own Bible studies with their neighbors, coworkers, and friends. Each year, you'd see an increasing number of men and women wield the sword of the Spirit, piercing hearts and drawing the lost to Jesus. Ordinary people can learn to study the Bible. These people may not have been to seminary. They don't have much free time. But they love Jesus and want to be more like him. They want to know him. Knowable Word offers a foundation on why and how to study the Bible. Using a running study of the first chapter of Genesis, it illustrates how to observe, interpret, and apply the Scripture—and gives the vision behind each step. It also shows how to read each Bible passage in light of salvation history. But besides being just a how-to on Bible study, it fuels the desire to learn and grow through studying the Scriptures. This book will appeal to three kinds of people: 1. Beginners who love God and his Word 2.Mature Christians who want to improve their Bible study skills 3.Leaders who long not only to teach but also to equip Knowable Word offers what each group needs: a sensible Bible

study method. By learning to observe, interpret,
and apply, ordinary people will grow
extraordinarily close to Jesus Christ as they
learn to study his knowable Word.
