Ford cuts right through our denial with the 10 questions that immediately reveal the true motivations behind our thoughts and actions. But more than that, by rigorously and honestly asking and answering these 10 vital questions, we regain control and have the power necessary to create the life we always wanted.

of Asking the Right Questions, we want most of all to keep the book readable and short. We are willing to pay the price of omitting several things that would be apposite in a more weighty treatment of critical thinking because those who adopt or learn from Asking the Right Questions have been so assertive in applaud
