The Robot's Rebellion: Finding Meaning in the Age of ...
Accepting and now forcefully responding to this decentering and disturbing idea, Keith Stanovich here provides the tools for the "robot's rebellion," a program of cognitive reform necessary to advance human interests over the limited interest of the replicators and define our own autonomous goals as individual human beings.
The Robot's Rebellion: Finding Meaning in the Age of ...
The image here is that our minds are simply passive vehicles colonized by swarms of parasitic memes. The question becomes not how do people acquire beliefs, but how do beliefs acquire people. Ah, yes, but these swarms of parasitic memes somehow produce a functioning mind that emerges from the chaos.
