Stuarts Oxford : Clarendon Press

A sweeping, cinematic novel about the life of the Winter Queen, Elizabeth Stuart October 1612. King James I is looking to expand England ' s influence in Europe, especially among the Protestants. He invites Prince Frederic of the Palatinate to London and offers him his sixteen-year-old daughter Elizabeth ' s hand in marriage. The fierce and intelligent Elizabeth moves to Heidelberg Castle, Frederic ' s ancestral home, where she is favored with whatever she desires, and the couple begins their family. Amid much turmoil, the Hapsburg emperor is weakened, and with help from Bohemian rebels, Frederic takes over royal duties in Prague. Thus, Elizabeth becomes the Queen of Bohemia. But their reign is brief. Within the year, Catholic Europe unites to take back the Hapsburg throne. Defeated at the Battle of White Mountain, Frederic, Elizabeth, and their children are forced into exile for a much-

reduced life in The Hague. Despite tumultuous seasons of separation and heartache, the Winter Queen makes every effort to keep her family intact. Written with cinematic flair, this historical novel brings in key figures such as Shakespeare and Descartes as it recreates the drama and intrigue of 17th-century England and the Continent. Elizabeth ' s children included Rupert of the Rhine and Sophia of Hanover, from whom the Hanoverian line descended to the present Queen Elizabeth II. *An Historical Genealogy of the Royal House of Stuarts, from the Reign of K. Robert II, to That of K. James VI. Taken from the Most Authentic Authors, Both Scotch and English* Univ of California Press

Profiles the Stuart kings and queens, and discusses important events such as the Great Plague and the Civil War. Explains how people's lives were changed by new developments in science and transport, and voyages of exploration. Includes pictures, documents and artefacts surviving from the Stuart era. Suggested level: junior secondary.

Tudor and Stuart Britain Palala Press
An expert in Stuart England examines the sexual lives of Britons in the seventeenth and early eighteenth centuries in this frank, informative, and revealing history. Acclaimed Stuart historian Andrea Zuvich explores the sexual mores of Stuart Britain, including surprising beliefs, bizarre practices, and ingenious solutions for infertility, impotence, sexually transmitted diseases, and more. Along the way, she reveals much about the prevailing attitudes towards male and female sexual behavior. Zuvich sheds light not only on the saucy love lives of the Royal Stuarts, but also on the dark underbelly of the Stuart era with histories of prostitution, sexual violence, infanticide, and sexual deviance. She looks at everything from what was considered sexually attractive to the penalties for adultery, incest, and fornication. Sex and Sexuality in Stuart Britain touches on the fashion, food, science, art, medicine, magic, literature, love, politics, faith and superstition of the day.

England Under the Stuarts Oxford University Press, USA

"Henry Benedict Thomas Edward Maria Clement Francis Xavier Stuart, Cardinal Duke of York (6 March 1725? 13 July 1807) was a Roman Catholic Cardinal, as well as the fourth and final Jacobite heir to claim the thrones of England, Scotland, France and Ireland publicly. Unlike his father, James Francis Edward Stuart, and brother, Charles Edward Stuart, Henry made no effort to seize the throne. After Charles's death in January 1788 the Papacy did not recognise Henry as the lawful ruler of England, Scotland and Ireland, but referred to him as the Cardinal Duke of York.[2] He spent his life in the Papal States and had a long career in the clergy of the Roman Catholic Church, rising to become the Dean of the College of Cardinals and Cardinal-Bishop of Ostia and Velletri. At the time of his death he was (and still is) one of the longest serving Cardinals in the Church's history."--Wikipedia.

Treasures of the Royal Courts Yale University Press
Centering on five Stuart rulers, plus their royal courtiers and tailors,

this is the first detailed study of elite men's clothing in 17th-century Scotland.

England Under the Stuarts John Wiley & Sons

Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

The Descendants of the Stuarts

Cambridge University Press

Spanning from the inauguration of James I in 1603 to the execution of Charles I in 1649, the Stuart court saw the emergence of a full expression of Renaissance culture in Britain. Hart examines the influence of magic on Renaissance art and how in its role as an element of royal propaganda, art was used to represent the power of the monarch and reflect his apparent command over the hidden forces of nature. Court artists sought to represent magic as an expression of the Stuart Kings' divine right, and later of their policy of Absolutism, through masques, sermons, heraldry, gardens, architecture and processions. As such, magic of the kind enshrined in Neoplatonic philosophy and the court art which expressed its cosmology, played their part in the complex causes of the Civil War and the destruction of the Stuart image which followed in its wake.

The Last of the Royal Stuarts Univ of California Press

Offers an irreverent take on the royal family that united Great Britain, chronicling the trials and triumphs of a dynasty that oversaw the rise of English Protestantism and the evolution of modern British democracy.

LAST OF THE ROYAL STUARTS Macmillan

What if the ousted kings of England, the Stuarts, had claimed the North American colonies? We might have been free of the English a century earlier--no revolution needed! What set up this possibility? How did it happen that those foolish, brave, and unlucky Stuarts did everything wrong to ensure that their Scottish subjects migrated to North America as soon as there were any ships going in

that direction? This amusing book is full of lost causes, wrongheaded kings, and sheer incompetence. Prince Charlie wasn't bonny at all, and Mary, Queen of Scots wasn't innocent. Read all about these feckless kings of Scotland and England, and about how they gave so much to the USA.

Rebellion Oxford University Press

The long-accepted standard view is that the gradual polarization of Court and Parliament during the reigns of James I and Charles I reflected the split between absolutists (who upheld the divine right of the monarchy to rule) and constitutionalists (who resisted tyranny by insisting the monarch was subject to law) and resulted inevitably in civil war. England Under the Stuarts Random House

This Is A New Release Of The Original 1906 Edition.

Art and Magic in the Court of the Stuarts Pen and Sword History

An undisputed classic, England Under the Stuarts is an account of England in the years between 1603 and 1714, charting England's progress from a 'great nation' to a 'great empire'. G. M. Trevelyan's masterful narrative explores the major events of this period, which witnessed the upheavals of Civil War, the Restoration and the Glorious Revolution. While never neglecting to examine the conditions of English life, this celebrated historian highlights the liberty and toleration that emerged during these years. Almost a century after its first publication, and now with a new introduction by John Morrill, Trevelyan's thorough survey of the Stuart age remains certain to inform and delight anybody with an interest in this period of English history.

The Early Stuarts, 1603-1660

Routledge

Providing detailed coverage of the main political and religious issues of the age, this new edition of Tudor and Stuart Britain has expanded sections on Ireland and Scotland, ensuring the text considers Britain as a whole. Historiographically up to date, there is also extra coverage of economic and social topics including trade and industry, the structure of society, the treatment of the poor, and the role of women. A guide to further reading lists the principal works published on the period since 1990, providing students with an excellent resource for extra research. This text is ideal for introductory undergradutate courses in Early Modern British History.

The Royal Stuarts Routledge

Published to accompany the exhibition at

the Victoria and Albert Museum.

An Historical Genealogy of the Royal House of Stuarts, From the Reign of K. Robert II. to That of K. James VI Literary Licensing, LLC

Two centuries of dramatic change are covered by this exciting and richly illustrated work. Eighteen leading scholars explore the political, social, religious, and cultural history of the period when monarchs based in south-east England imperfectly attempted to extend their authority over the whole of the British Isles. These centuries witnessed the Reformation, the civil wars, and two revolutions, in which two monarchs, two wives of a king, and two archbishops of Canterbury were tried and executed, and hundreds of men and women tortured and burned in the name of religion. Yet in the same period, an explosion of literacy and the printed word, transformations in landscapes and townscapes, new forms of wealth, new structures of power, and new forms of political participation freed minds and broadened horizons.

These centuries marked the beginning of Britain's imperial power and its emergence as perhaps the most liberal and mature of European states. The integrated illustrations and maps form an essential part of the book, complementing all aspects of the text. It also contains a Chronology, Glossary, Family Trees of the monarchy, Further Reading, and an extensive Index.

Stuarts Edinburgh : J. & J. Gray

Each of these lavishly illustrated books serves up a brief and manageable portion of the Fraser-edited and much-touted Lives of the Kings and Queens of England. A set of six jewels for Fraser's crown.
