Jesus, Paul, and the Law InterVarsity Press

Jocelyn "Joss" Cole, a burned-out public defender from L.A., has opted for a quieter life in the San Juan Islands of Washington State. Joss has no significant clients other than a group of commercial fisherman suffering from a strange and serious illness, a condition that doctors cannot diagnose, and which Joss believes has an industrial cause. Then into her office comes Dean Belden, a well-heeled client in search of a lawyer to help him set up a business in the islands. Within days Belden is subpoenaed to appear before a federal grand jury. Less than an hour after testifying, and before Joss can discover what happened in the secrecy of the grand jury room, Belden dies in a fiery explosion of his float plane on Seattle's Lake Union. Gideon Van Ry is a nuclear fission expert and a scholar in residence at the Center for Nonproliferation Studies in Monterey, California. One of his duties is to update the Center's database, an extensive catalog listing fissionable materials and weapons of mass destruction. Gideon is troubled by the apparent failure to account for two small tactical nuclear devices missing from a storage facility in the former Soviet Union. The two weapons were last seen in packing crates, to be shipped to an American company called Belden Electronics. Gideon has been unable to locate this firm, and now he is left with only one possible lead, the lawyer who incorporated the company—Jocelyn Cole. Fraught with tension and suspense, *Critical Mass* is Steve Martini at his electrifying best. It is the story of what can happen in a world where private hate and public apathy combine to uncork the sleeping but deadly genie of nuclear terror.

The Rule of Nine Penn State Press

New York Times bestselling master of suspense Steve Martini returns, ensnaring defense attorney Paul Madriani in a web of terror and death being spun in the shadows of America's most sacred and secretive institution—the Supreme Court. A writer is savagely slain while on a publicity tour—a literary provocateur who craved headlines, but whose last book may have gone too far. His revelations about secret language buried in the U.S. Constitution—and hints about an explosive missing letter of Thomas Jefferson's—may be enough to cause an irreparable tear in the fabric of the nation . . . and perhaps drove a volatile youth to homicide. But Paul Madriani thinks a troubled young man with dark connections has been chosen as a scapegoat to cover up something far deadlier that festers in America's political heart. And in the wake of the strange disappearance of a Supreme Court judge, Madriani must survive long enough to find the devastating answers hidden in the shadow of power.

Jacobin Republic Under Fire Harper Collins

They Rule reflects on key political questions raised by the Occupy movement, showing how similar questions have been raised by previous generations of radical activists: who really owns and rules the US? Does it matter that the nation is divided by stark class disparities and a concentration of wealth in the hands of a few? Along the way, this book sharpens readers' sense of who the US oligarchy are, including how their fortunes have changed over the course of US history, how they live and think and how to detect and de-cloak them. *They Rule* is a masterful historical and political analysis, revealing what lies beneath the surface of US society and what ordinary people can do to bring about social change.

Paul & the Law Farrar, Straus and Giroux

In *The Rule of Law in the Real World*, Paul Gowder defends a new conception of the rule of law as the coordinated control of power and demonstrates that the rule of law, thus understood, creates and preserves social equality in a state. In a highly engaging, interdisciplinary text that moves seamlessly from theory to reality, using examples ranging from Ancient Greece through the present, Gowder sheds light on how societies have achieved the rule of law, how they have sustained it in the face of political upheaval, and how it may be measured and developed in the future. *The Rule of Law in the Real World* is an essential work for scholars, students, policymakers, and anyone else who believes the rule of law is critical to the proper functioning of society.

The Rule of Law in the Real World Cambridge University Press

This is the English translation of the monumental study of the theology of the Apostle Paul by the Dutch theologian and Biblical scholar, Herman Ridderbos.

When Jesus said, "Suffer the children," faith healing

is not what he had in mind

Class Houghton Mifflin Harcourt

Paul and the Gift transformed the landscape of Pauline studies upon its publication in 2015. In it, John Barclay led readers through a recontextualized analysis of grace and interrogated Paul's original meaning in declaring it a "free gift" from God, revealing grace as a multifaceted concept that is socially radical and unconditioned—even if not unconditional. *Paul and the Power of Grace* offers all of the most significant contributions from Paul and the Gift in a package several hundred pages shorter and more accessible. Additionally, Barclay adds further analysis of the theme of gift and grace in Paul's other letters—besides just Romans and Galatians—and explores contemporary implications for this new view of grace.

Reinventing Paul Harper Collins

In this poignant companion to *Elijah of Buxton*, two boys united by tragedy find friendship and adventure in the Canadian woods. Benji and Red couldn't be more different. They aren't friends. They don't even live in the same town. But their fates are entwined. A chance meeting leads the boys to discover that they have more in common than meets the eye. Both of them have encountered a strange presence in the forest, watching them, tracking them. Could the Madman of Piney Woods be real? In a tale brimming with intrigue and adventure, Christopher Paul Curtis returns to the vibrant world he brought to life in *Elijah of Buxton*. Here is another novel that will break your heart—and expand it, too. This critically acclaimed story by National Book Award finalist Christopher Paul Curtis joins the Scholastic Gold line, which features award-winning and beloved novels. Includes extra bonus content! Praise for *The Madman of Piney Woods* "Humor and tragedy are often intertwined, and readers will find themselves sobbing and chuckling, sometimes in the same scene." —Kirkus Reviews, Starred Review "A delight, featuring the author's obvious love for his characters, his skillful use of sentiment, and his often hyperbolic humor." —Booklist, Starred Review "Heady stuff. Funny stuff. Smart stuff. Good stuff. Better get your hands on this stuff." —School Library Journal "So suspenseful . . . Curtis deftly makes what might have been simply heart-rending hopeful and redeeming instead . . . A thrill ride of a plot." —The New York Times

Critical Mass Univelt

What is the American rule of law? Is it a paradigm case of the strong constitutionalism concept of the rule of law or has it fallen short of its rule of law ambitions? This open access book traces the promise and paradox of the American rule of law in three interwoven ways. It focuses on explicating the ideals of the American rule of law by asking: how do we interpret its history and the goals of its constitutional framers to see the rule of law ambitions its foundational institutions express? It considers those constitutional institutions as inextricable from the problem of race in the United States and the tensions between the rule of law as a protector of property rights and the rule of law as a restrictor on arbitrary power and a guarantor of legal equality. In that context, it explores the distinctive role of Black liberation movements in developing the American rule of law. Finally, it considers the extent to which the American rule of law is compromised at its frontiers, and the extent that those compromises undermine legal protections Americans enjoy in the interior. It asks how America reflects the legal contradictions of capitalism and empire outside its borders, and the impact of those contradictions on its external goals. The eBook editions of this book are available open access under a CC BY-NC-ND 4.0 licence on www.bloomsburycollections.com. Open access was funded by Northwestern University Pritzker School of Law and the Northwestern Open Access Fund, provided by Northwestern University Libraries.

The Nine Tailors Westminster John Knox Press

"The sort of compulsive page-turner that keeps readers up at night....Both timely and scary....Guardian of Lies more than satisfies." —Washington Times Defense attorney Paul Madriani is caught in a web of deceit and murder involving Cold War secrets, a rare coin dealer who once worked for the CIA, and a furious assassin in *Guardian of Lies*, the most entertaining novel yet in the New York Times bestselling series. Steve Martini, #1

bestselling author of *Shadow of Power*, *Double Tap*, and other acclaimed Madriani thrillers, demonstrates once again why he's one of the genre's masters, along with John Grisham, David Baldacci, James Patterson, John Lescroart, Brad Meltzer, and Scott Turow.

The Arraignment Oxford University Press, USA
This book demystifies and explains a subject that affects every one of us in our private lives and at work. Security is a practical discipline concerned with safeguarding lives, property, information, wealth, reputations, and social wellbeing. It is the basis of civilised society. People, businesses, and nations cannot thrive in its absence, whereas the right kind of security frees us to live fulfilling lives. But deciding what is needed, and then making it happen, is not easy. The threats to our security are complex and continually evolving, as criminals, hackers, terrorists, and hostile foreign states continually find new ways of staying one step ahead of us, their potential victims. At the same time, we are continually creating new vulnerabilities as we adopt new technologies and new ways of working. Those who do not understand the fundamentals of security, risk, and resilience open themselves, and those around them, to avoidable dangers, needless anxieties, and unnecessary costs. Inadequate security may leave them exposed to intolerable risks, while the wrong kind of security is expensive, intrusive, and ineffective. In his essential new book, world-leading security expert Paul Martin sets out the ten most important guiding principles of protective security and resilience. Clearly expressed in the form of simple but powerful rules of thumb, their purpose is to help solve complicated problems for which there are no textbook solutions. The rules offer a powerful toolkit, designed to work in many different situations, including the cyber domain. When we are faced with novel problems requiring complex decisions, it is easy to focus on the wrong things. These rules remind us what really matters. The psychological and behavioural aspects of security are key themes throughout the book. People lie at the heart of security. The criminals, terrorists, and hackers are social animals with complex emotions and psychological predispositions. So too are the victims of those attackers and the security practitioners who strive to protect us. The human dimension is therefore crucial to understanding security. *The Rules of Security* will help anyone with an interest in their own security and that of their home, family, business, or society. It will be indispensable to those in positions of responsibility, allowing them to understand how best to protect their organisation, people, and assets. It assumes no expert technical knowledge and explains the ideas in clear and simple terms. It will appeal to anyone with an interest in security. If you read only one book about security, it should be this one.

Paul and the Law Harper Collins

#1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When *Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my

head: ' I can ' t go on. I ' ll go on. ' ” When Breath Becomes an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

Paul's 'Works of the Law' in the Perspective of Second Century Reception Harper Collins

Drawing upon ten years of research experience, the master scholar James D. G. Dunn presents a book on a major issue in the study of Christian origins: what were the attitudes toward Jewish law within earliest Christianity? This volume not only gathers the author's significant contributions to date but also includes new material. Divided into nine parts, it is set in the wider context of a living dialogue and debate. The introduction maps out Dunn's extensive work in Pauline and Markan studies. The final chapter, "The Theology of Galatians," serves as a summary of Dunn's current position on Paul and the law and brings the volume to a convincing conclusion.

They Rule Forge Books

Martin Luther drew a strong parallel between the religion of medieval Catholicism and the religion of first-century Judaism against which his hero, Paul, contended. Luther asserted that both taught that salvation was earned by works of merit. E.P. Sanders challenged Luther's view of Judaism in his landmark work *Paul and Palestinian Judaism* (1977). Judaism was not in principle a religion in which salvation was earned through obeying the law: it was a religion based upon God's election and grace. The debate which Sanders initiated continues, issuing in a flood of articles and monographs. Dr. Kruse insists, however, that the issues raised in the debate must not be allowed to set the agenda. Instead, he takes the loner route of inductive exegesis, allowing each of Paul's letters to speak for itself before attempting a synthesis of Paul's teaching on the law and justification. He faces squarely and honestly the problems which Paul's attitude to the law raises, and he proposes thoroughly researched and considered solutions. His book is an important contribution to the ongoing debate.

Trader of Secrets Random House

The first " engrossing " (Entertainment Weekly) legal thriller in the New York Times bestselling Paul Madriani series! Defense attorney Paul Madriani was on the rise with the California law firm of Potter, Skarpellos—until a short-lived affair with Potter's wife, Talia, cost him his job. A year later, when Talia is accused of Potter ' s murder Paul is thrust back into the big time—and he soon uncovers secrets that may end his career...and his life. The Madman of Piney Woods Oxford University Press, USA

A legal thriller from the New York Times bestselling author of the Paul Madriani series. It started with a series of bizarre double murders. It led to the arrest of one prime suspect. And it sparked the most explosive trial in a lawyer ' s career. Paul Madriani knows that the man he ' s persecuting is guilty. But one disturbing fact could destroy the case . . . He may not be the only killer.

Bad Faith HarperCollins

From the bestselling author of *Oracle Night* and *The Book of Illusions*, an exhilarating, whirlwind tale of one man's accidental redemption Nathan Glass has come to Brooklyn to die. Divorced, estranged from his only daughter, the retired life insurance salesman seeks only solitude and anonymity. Then Nathan finds his long-lost nephew, Tom Wood, working in a local bookstore—a far cry from the brilliant academic career he'd begun when Nathan saw him last. Tom's boss is the charismatic Harry Brightman, whom fate has also brought to the "ancient kingdom of Brooklyn, New York." Through Tom and Harry, Nathan's world gradually broadens to include a new set of acquaintances—not to mention a stray relative or two—and leads him to a reckoning with his past. Among the many twists in the delicious plot are a scam involving a forgery of the first page of *The Scarlet Letter*, a disturbing revelation that takes place in a sperm bank, and an impossible, utopian dream of a rural refuge. Meanwhile, the wry and acerbic Nathan has undertaken something he calls *The Book of Human Folly*, in which he proposes "to set down in the simplest, clearest language possible an account of every blunder, every pratfall, every embarrassment, every idiocy, every foible, and every inane act I had committed during my long and checkered career as a man." But life takes over instead, and Nathan's despair is swept away as he finds himself more and more implicated in the joys and sorrows of others. *The Brooklyn Follies* is Paul Auster's warmest, most exuberant novel, a moving and unforgettable hymn to the glories and mysteries of ordinary human life.

Paul Simon and Schuster

In this gripping New York Times bestseller, a double murder leads lawyer Paul Madriani into a web of international intrigue and conspiracy. The verdict on *The Jury* was unanimous. Larry King in *USA Today* called it " a cracklin ' good read " and *Publishers Weekly* proclaimed it as " one of Martini ' s best novels to date. " Now, *The Arraignment* takes Madriani into uncharted territory—into the minds of men whose murderous greed knows no bounds...and onto the front lines of the South

American drug war.

Blood Flag Wm. B. Eerdmans Publishing

Defending an innocent young man, defense attorney Paul Madriani uncovers a morass of corruption and greed that leads to the highest levels of political power in this electrifying tale of suspense from New York Times bestselling author Steve Martini. One of the most successful lawyers in the country, Olinda Serna is a master at managing money as well as her influential clients. After years of fierce combat in the political trenches, Serna knows all the dirty secrets, where the bodies are buried, and how deeply they are stacked. When she ' s killed in a roadside crash in the high desert of Southern California, powerful heads in Washington begin to panic, worried that their secrets may not be safe anymore. Alex Ives, a friend of Paul Madriani ' s daughter, is accused of vehicular manslaughter in Serna ' s death. Ives claims he had only one drink on the night of the accident, yet he can ' t remember anything between the time he left for a party north of San Diego and the moment he woke up in a hospital the next morning. He ' s still dazed and a little bruised, but also obviously very afraid. After all, a woman is dead, and he ' s sure he didn ' t kill her. To save an innocent young man ' s life, the brilliant defense attorney must uncover everything he can about Serna and her clients—no matter how unsavory—a search that will lead him into a vortex of corruption, and at its center, a devious killer poised to strike again.

Paul and the Power of Grace Scholastic Inc.

Having quit his school's swim team, Colm tries to swim the lake at his family's summer home, at the same time working on his difficult relationship with his father and pondering the mystery of girls.
