I read Smith's first book: The  
Russians back in the early

1980's. Back then I was struck  
with his description of the huge  
under ground black market  
economy that was pervasive in  
the Soviet Union. He followed  
up with another well-written  
account of the the changing  
times under Gorbachev from  
the mid 1980's to 1990.
