The Glass Mountains Vintage

In the tradition of 'Agent Zigzag' comes a breathtaking biography of WWII's 'Scarlet Pimpernel' as fast-paced and emotionally intuitive as the best spy thrillers. This celebrates unsung hero Robert de La Rochefoucauld, an aristocrat turned anti-Nazi saboteur, and his exploits as a British Special Operations Executive-trained resistant

The Definitive Guide to Overcoming Self Sabotage Routledge

Nick Sullivan is a fast talking, skirt chasing detective whose career has been built on his almost supernatural ability to sense deception. But when a baffling, long forgotten cold case leads him to the door of a popular college professor, Sullivan is sure he's stumbled onto the case of a lifetime. But what begins as a simple homicide investigation ends with one of the most unlikely and dangerous suspects of Sullivan's career--a long dead dictator who has unfinished business with those living in the very future he helped create. While Sullivan searches frantically for answers, the very fate of all he knows and holds dear may hang in the balance.

What kind of life would you live if you didn't allow your fears to hold you back? The Courage Habit offers a powerful program to help you conquer your inner critic, work toward your highest aspirations, and build a courageous community. Are your fears preventing you from living the life you truly want? Do you ever wish that you had a better job, lived in a different city, or had more authentic and nurturing relationships? Many people believe that they would do more, accomplish more, and feel more fulfilled if only they could rid themselves of that fearful inner voice that constantly whispers, "you can't do it." In The Courage Habit, certified life coach Kate Swoboda offers a unique program based in cognitive behavioral therapy (CBT) and acceptance and commitment therapy (ACT) to help you act courageously in spite of fear. By identifying your fear triggers, releasing yourself from your past experiences, and acting on what you truly value, you can make courage a daily habit. Using a practical four-part program, you'll learn to understand the emotions that arise when fears are triggered, and to pause and evaluate your emotional state before you act. You'll discover how to listen without attachment to the self-defeating messages of your inner critic, understand the critic's function, and implement respectful boundaries so that your inner voice no longer controls your behavior. You'll reframe self-limiting life narratives that can—without conscious awareness—dictate your day-to-day decisions. And finally, you'll nurture more authentic connections with family, friends, and community in order to find support and reinforce the life changes you're making. If you feel like something is holding you back from landing your dream job, moving to a new city, having a satisfying love relationship, or simply taking advantage of all life has to offer—and if you have a sneaking suspicion that that something is you—then this one-of-a-kind guide will show you how to finally break free from self-doubt and start living your best life.

The Saboteur Good Press

Business Coaching Made Simple AuthorHouse

Praise is perhaps the most widely used technique to influence others. When used appropriately, praise can motivate people, make them feel better, and improve their social relationships. Often, however, praise fails to work as intended and may even cause harm. Psychological Perspectives on Praise reviews and integrates psychological theory and research to provide an overarching perspective on praise. With contributions from leading scholars in the field, this book amalgamates diverse theoretical and empirical perspectives on praise. The book starts with providing an overview of prominent theories that seek to explain the effects of praise, including self-enhancement theory, self-verification theory, attribution theory, and self-determination theory. It then discusses several lines of empirical research on how praise impacts competence and motivation, self-perceptions (e.g., self-esteem and narcissism), and social relationships. It does so in a range of contexts, including children's learning at school, employees' commitment at work, and people's behavior within romantic relationships. The book concludes by showing how praise can be understood in its developmental and cultural context. Revealing that praise is a message rich in information about ourselves and our social environments, this book will be of interest to social, organizational, personality, developmental, and educational psychologists; students in psychology and related disciplines; and practitioners including teachers, managers, and counselors who use praise in their daily practice.

How one of SOE's youngest agents helped defeat the Nazis Hodder Paperbacks

Debra Griffin takes a job at the local police station as secretary to the detective sergeant, Michael Van Sant. Michael is trying to learn who wants to sabotage his unit, and Debra is soon caught up in his hush-hush investigation--while she tries not to fall head over heels for her boss. But danger is nearer than she thinks. When she confronts the saboteur, Mike and his detectives race against the clock. But is one of the men he trusted trying to get Debra out of the way and bring them down?

The Inspiring True Story of a British Soldier Held Prisoner in Auschwitz

Routledge

Based on the stirring true story, The Saboteur is Andrew Gross's follow-up to the riveting historical thriller, The One Man. A richly-woven story probing the limits of heroism, sacrifice and determination, The Saboteur portrays a hero who must weigh duty against his heart in order to single-handedly end the one threat that could alter the course of World War II. February, 1943. Both the Allies and the Nazis are closing in on attempts to construct the decisive weapon of the war. Kurt Nordstrum, an engineer in Oslo, puts his life aside to take up arms against the Germans as part of the Norwegian resistance. After the loss of his fiancée, his outfit whittled to shreds, he commandeers a coastal steamer and escapes to England to transmit secret evidence of the Nazis's progress towards an atomic bomb at an isolated factory in Norway. There, he joins a team of dedicated Norwegians in training in the Scottish Highlands for a mission to disrupt the Nazis' plans before they advance any further. Parachuted onto the most unforgiving terrain in Europe, braving the fiercest of mountain storms, Nordstrum and his team attempt the most daring raid of the war, targeting the heavily-guarded factory built on a shelf of rock thought to be impregnable, a mission even they know they likely will not survive. Months later, Nordstrum is called upon again to do the impossible, opposed by both elite Nazi soldiers and a long-standing enemy who is now a local collaborator—one man against overwhelming odds, with the fate of the war in the balance, but the choice to act means putting the one person he has a chance to love in peril. "The One Man contains many different plots and characters that cross the globe, and narrator Ballerini effortlessly manages the complex story line. All accents are portrayed authentically... the audio truly enhances the written text. This historical thriller will keep listeners engaged, and although they know how the war ends, they will find themselves on the edge of their seats wondering what happens next." - Booklist on The One Man

The Saboteur Litres

Based on the true story of Operation Gunnerside—the Britain-sponsored mission that sent Norwegian commandos into the Nazi-occupied Telemark region of their country to destroy the enemy's nuclear weapons program—New York Times bestselling author Andrew Gross's The Saboteur is a riveting World War II thriller of espionage and action. February, 1943. Both the Allies and the Nazis are closing in on attempts to construct the decisive weapon of the war. Kurt Nordstrum, an engineer in Oslo, puts his life aside to take up arms against the Germans as part of the Norwegian resistance. After the loss of his fiancée, and with his outfit whittled to shreds, he commandeers a coastal steamer and escapes to England to transmit secret evidence of the Nazis's progress towards an atomic bomb at an isolated factory in Norway. The Saboteur Dwarvenamazon

"American Knights Series III" is subtitled "Miles Knight: The Saboteur." This book continues the historical, ancestral life of the author's 5th Great Grandfather who came to the American Colonies as an indentured servant in 1767 and subsequently became a husband, a father and a successful landowner/farmer. Having freed all the slaves he inherited with the purchase of Shiloh Plantation in Georgia, Miles Knight and his wife, Mary succeed in teaching all their former slaves who chose to be their black servants, to read and write. When Miles is called upon by the Continental Army to be an agent of sabotage for America, he hand selects 7 of the black servants who have been trained for special warfare. "Miles Knight: The Saboteur" depicts life and warfare in the days of the American Patriots as they fought against all odds and the mighty British Empire, to gain their freedom and independence from the oppressive policies of Great Britain, including unfair taxation and lack of representation in the Kings Court and the British Parliament. Book 3 also helps the reader to understand the difficulties of travel and communication in that heavily forested and vast land of colonial America. The reader's will be made privy to the daily lives of the sparsely populated countryside. The tools, food, housing, weapons and methods of making a living are brought forth in some detail. "Miles Knight: The Saboteur" focuses on the 'Battle of Moore's Creek' in and around Wilmington, North Carolina. Miles Knight's contribution to that effort is told in great detail. Relations with Native Indians and Negro Slaves is dealt with from the standpoint of kind, considerate and loving Christian actions. 'The Knights' of Colonial American, having been mistreated in Ireland for centuries by Great Britain, are quick to aid in freeing, educating and socializing with any and all people who are dominated and abused by those in power. This Book III of the American Knights Series promises to entertain and involve the reader.

Simple Sabotage Field Manual The SaboteurA Novel

"Based on a true story, in 1943 the Norwegian resistance is on a mission to thwart Nazi development of nuclear weapons. Parachuting onto the most unforgiving terrain in Europe, Kurt Nordstrum and his team attempt the most daring raid of the war"--

The Saboteur Minotaur Books

The United States had not been attacked by a foreign military force since the war of 1812. Yet in July 1918, a German U-boat shelled local shipping off a little town on Cape Cod, Massachusetts. That strategically absurd but actual event sets the scene for a compelling tale of innocence, survival, and honor. A young student has been forced into the Imperial German Navy because of his language translation skills. On a huge German U-boat, he translates US Navy radio traffic as the submarine raids the US Atlantic Coast. After enduring horrible conditions onboard the U-boat, the young man risks everything to escape, swimming ashore to the safety of America. However, he finds himself facing poisonous anti-

German sentiment and the rabid ambitions of a fanatical gang of vigilantes. His survival depends on the actions of a few honorable men—members of the local coastal life-saving service and two journalists covering the resulting huge news story. A crewman off the hated and feared attack U-boat has come ashore!

Working Below the Surface Summersdale Publishers LTD - ROW

A classic novel from the master of science fiction, Frank Herbert's Whipping Star. "Herbert is one of the most thought-provoking writers of our time; by focusing on 'alien' culture, he makes us examine what the true definition of 'human' is." —The Pacific Sun In the far future, humankind has made contact with numerous other species: Gowachin, Laclac, Wreaves, Pan Spechi, Taprisiots, and Caleban, and has helped to form the ConSentiency to govern among the species. After suffering under a tyrannous pure democracy, the sentients of the galaxy find the need for a Bureau of Sabotage (BuSab) to slow the wheels of government, thereby preventing it from legislating recklessly. BuSab is allowed to sabotage and harass the governmental, administrative, and economic powers in the ConSentiency. Private citizens must not be harassed, and vital functions of society are also exempt. Jorj X. McKie is a born troublemaker who has become one of BuSab's best agents. Drafted for the impossible task of establishing meaningful communication with an utterly alien entity who defies understanding, McKie finds himself racing against time to prevent a mad billionaireess from wiping out all life in the ConSentiency. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Tales of the Internal Saboteur Del Rey

In 1942, young British soldier Arthur Dodd was taken prisoner by the German Army and transported to Oswiecim in Polish Upper Silesia. The Germans gave it another name, now synonymous with mankind's darkest hours. They called it Auschwitz. Forced to do hard labour, starved and savagely beaten, Arthur thought his life would end in Auschwitz. Determined to go down fighting, he sabotaged Nazi industrial work, risked his life to alleviate the suffering of the Jewish prisoners and aided a partisan group planning a mass break-out. This shocking true story sheds new light on the operations at the camp, exposes a hierarchy of prisoner treatment by the SS and presents the largely unknown story of the military POWs held there.

Chamine exposes how your mind is sabotaging you and keeping you from achieving your true potential. He shows you how to take concrete steps to unleash the vast, untapped powers of your mind.

Knowing Him Is Just the Beginning Kings Road Publishing

Detective Isaac Bell's investigation into an attempted assassination brings him to the construction site of the Panama Canal--and straight into a nest of vipers--in the latest adventure in the #1 New York Times-bestselling series from Clive Cussler. Detective Isaac Bell's wife has said that he is always in the wrong place at the right time. This is certainly the case when Bell thwarts the assassination of a U.S. Senator shortly after meeting the man. This heroic rescue is just the start of the mystery for Bell, who suspects that the would-be assassins have a much larger and more dangerous agenda--one involving the nearly-constructed Panama Canal. While the senator supports the building of the canal, there are many, including a local Panamanian insurgency known as the Red Vipers, who never want to see its completion. With millions of dollars and the fates of two nations at stake, Bell heads to Panama to find answers. After a deadly bombing at the canal's construction site, he is determined to stop the insurgents--or whoever is funding them--before they can attack again.

The Untold Story of SOE's Youngest Agent at the Heart of the French Resistance Minotaur Books

Tony Brooks was unique. He was barely out of school when recruited in 1941 by the Special Operations Executive (SOE), the wartime secret service established by Churchill to 'set Europe ablaze'. After extensive training he was parachuted into France in July 1942 - being among the first (and youngest) British agents sent to support the nascent French Resistance. Brook's success was primarily due to his exceptional qualities as a secret agent, although he was aided by large and frequent slices of luck. Among much else, he survived brushes with a British traitor and a notorious double agent; the Gestapo's capture of his wireless operator and subsequent attempts to trap Brooks; brief incarceration in a Spanish concentration camp; injuries resulting from a parachute jump into France; and even capture and interrogation by the Gestapo - although his cover story held and he was released. In an age when we so often take our heroes from the worlds of sport, film, television, music, fashion, or just 'celebrity', it is perhaps salutary to be reminded of a young man who ended the war in command of a disparate force of some 10,000 armed resistance fighters, and decorated with two of this country's highest awards for gallantry, the DSO and MC. At the time, he was just twenty-three years old. This remarkable, detailed and intimate account of a clandestine agent's dangerous wartime career combines the historian's expert eye with the narrative colour of remembered events. As a study in courage, it has few, if any, equals.

The Dosadi Experiment Greenleaf Book Group

The chapters contributed to this book have been written by the staff and associates of The Tavistock Consultancy Service, whose distinctive competence is in the human dimension of enterprise and the dynamics of the workplace. The intention is to identify and explore some of the key themes that have emerged, such as the emotional world of the organisation and the dynamics of resistance to change, and how these affect and influence the understanding of leadership and management in contemporary organizations. No attempt is made to reach a consensus, but rather to raise and map out a territory of continuing question and debate. Contributors:David Armstrong; Andrew Cooper; Tim Dartington; William Halton; Sharon Horowitz; Linda Hoyle; Clare Huffington; Kim James; Sarah Miller; Anton Obholzer; Jane Pooley; and Nick Temple. Part of the Tavistock Clinic Series.
