This book is the story that begins with The Man's final stage of his walk from Ringsend to Clonskeagh where the story becomes that of Posher to whom something seems to have happened which has led him to a decline over one day where his safe place The Millpond no longer protects him from his demons, is it him or the man who is real or are they the ghosts in the story. Perhaps it is the events and people in Posher's life that are not real.

**The Lock Artist** Little, Brown

"I was the Miracle Boy, once upon a time. Later on, the Milford Mute. The Golden Boy. The Young Ghost. The Kid. The Boxman. The Lock Artist. That was all me. But you can call me Mike."

Marked by tragedy, traumatized at the age of eight, Michael, now eighteen, is no ordinary young man. Besides not uttering a single word in ten years, he

discovers the one thing he can somehow do better than anyone else. Whether it's a locked door without a key, a padlock with no combination, or even an eight-hundred pound safe ... he can open them all. It's an unforgivable talent. A talent that will make young Michael a hot commodity with the wrong people and, whether he likes it or not, push him ever close to a life of crime. Until he finally sees his chance to escape, and with one desperate gamble risks everything to come back home to the only person he ever loved, and to unlock the secret that has kept him silent for so long. Steve Hamilton steps away from his Edgar Award-winning Alex McKnight series to introduce a unique new character, unlike anyone you've ever seen in the world of crime fiction. Detective Harry Bosch has retired from the LAPD, but his half-brother, defense attorney Mickey Haller, needs his help. A woman has been brutally murdered in her bed and all evidence points to Haller's client, a former gang member turned family man. Though the murder rap seems ironclad, Mickey is sure it's a setup. Bosch doesn't want anything to do with crossing the aisle to work for the defense. He feels it will undo all the good he's done in his thirty years as a homicide cop. But Mickey promises to

Harry proves that his client did it, under the rules of discovery, they are obliged to turn over the evidence to the prosecution. Though it goes against all his instincts, Bosch reluctantly takes the case. The prosecution's file just has too many holes and he has to find out for himself: if Haller's client didn't do it, then who did? With the secret help of his former LAPD partner Lucy Soto, Harry starts digging. Soon his investigation leads him inside the police department, where he realizes that the killer he's been tracking has also been tracking him. In a uniquely entertaining book by a rising star, here are uncanny true tales of haunted highways, weird encounters, and legends of the road. It may have happened to you; it's happened to almost everyone who's ever driven down a highway at night, or in the fog, or snow. Something suddenly appears: a flash of movement, a shadow...what was

it? It could be, as the true stories in this book attest, a ghost. These are true stories from the highways and byways of America. These firsthand accounts are as varied as the storytellers themselves—some are detailed and filled with the terror and suspense that made people feel they had to share what happened to them with others; others are brief and straightforward retellings of truly chilling events. Here is a chupacabra attack on the desert highway between L.A. and Las Vegas; ghost trains and soldiers; UFOs; the prom girl ghost of Alabama; a demon in

Stunningly dark, hugely intelligent and thoroughly addictive, Ghostman announces the arrival of an exciting and highly distinctive novelist. When a casino robbery in Atlantic City goes horribly awry, the man who orchestrated it is obliged to call in a favor from someone who's occasionally called Jack. While it's doubtful that anyone knows his actual name or anything at all about his true identity, or even if he's still alive, he's in his mid-thirties and lives completely off the grid, a criminal's criminal who does entirely as he pleases and is almost impossible to get in touch with. But within hours a private jet is flying this

exceptionally experienced fixer and cleaner-upper from Seattle to New Jersey and right into a spectacular mess: one heister dead in the parking lot, another winged but on the run, the shooter a complete mystery, the \$1.2 million in freshly printed bills god knows where and the FBI already waiting for Jack at the airport, to be joined shortly by other extremely interested and elusive parties. He has only forty-eight hours until the twice-stolen cash literally explodes, taking with it the wider, byzantine ambitions behind the theft. To contend with all this will require every gram of his skill, ingenuity and self-protective instincts, especially when offense and defense soon become meaningless terms. And as he maneuvers these exceedingly slippery slopes, he relives the botched bank robbery in Kuala Lumpur five years earlier that has now landed him this unwanted new assignment. From its riveting opening pages, Ghostman effortlessly pulls the reader into Jack's refined and peculiar world—and the sophisticated shadowboxing grows ever more intense as he moves, hour by hour, toward a constantly reimprovised solution. Isaac leads a remarkable foursome of Choctaw comrades: a tough minded teenage girl, a shape-shifting panther boy, a lovable five-year-old ghost who only wants her mom and dad to be happy, and Isaac's talking dog, Jumper. *A Game of Ghosts* Little, Brown  
In his fierce search for a new case, Detective Harry Bosch

discovers a killer hiding behind suspicious DNA evidence -- and a political conspiracy that could destroy the Los Angeles Police Department. DNA from a 1989 rape and murder matches a 29-year-old convicted rapist. Was he an eight-year-old killer or has something gone terribly wrong in the new Regional Crime Lab? The latter possibility could compromise all of the lab's DNA cases currently in court. Then Bosch and his partner are called to a death scene fraught with internal politics. Councilman Irvin Irving's son jumped or was pushed from a window at the Chateau Marmont. Irving, Bosch's

---

longtime nemesis, has demanded that Harry handle the investigation. Relentlessly pursuing both cases, Bosch makes two chilling discoveries: a killer operating unknown in the city for as many as three decades, and a political conspiracy that goes back into the dark history of the police department.

In this "superb" thriller, Detective Harry Bosch links the bullet from a recent crime to the unsolved killing of a young female photographer during the 1992 L.A. riots (Wall Street

Journal). In a case that spans 20 years, Harry Bosch links the bullet from a recent crime to a file from 1992, the killing of a young female photographer during the L.A. riots. Harry originally investigated the murder, but it was then handed off to the Riot Crimes Task Force and never solved.
