Fire Season Penguin Lydia Smith, a clerk at the Bright Ideas bookstore, calls the lonely regulars who spend every day marauding the store's overwhelmed shelves "BookFrogs." When Joey Molina, a young BookFrog, kills himself in the bookstore's upper room, he bequeaths his meager worldly possessions to her. Trinkets and books; the detritus of a lonely, uncared for

man. But they seem to contain a hidden message. As Lydia untangles the mystery of Joey's suicide, she unearths a long buried memory from her own violent childhood.

Unleashed Simon and Schuster

"Welcome to Quinn, Montana, population: 956. A town where nearly all of the volunteer firemen are named Jim, where The Dirty Shame--the only bar in town--refuses to serve mixed drinks (too much work), where the locals hate the newcomers (then again, they hate the locals, too), and where the town softball team has never even come close to having a winning season. Until now. Rachel Flood has snuck back into town after leaving behind a trail of chaos nine years prior. She's here to make

amends, but nobody wants to hear it, especially her mother Laverna. But with the help of a local boy named Jake and a little soul-searching, she just might make things right."--Amazon.com.

Pretend We Are Lovely: A Novel Tin House Books

Winner of the 2011 Autumn House Press Fiction Contest, selected by Stewart O'Nan.

Daredevils Graywolf Press

" Insightful, emotional, and enraging. By sharing his story in gripping detail, Michael Tubbs embodies an old feminist tradition whereby the personal is political. He empowers us to fight for equal opportunities for our communities, and encourages us to amass the courage to overcome loss and injustice. " —Ibram X. Kendi, National Book Award-winning author of Stamped

from the Beginning and How to Be an Antiracist The making of a visionary political leader—and a blueprint for a more equitable country

“ Don ’ t tell nobody our business, ” Michael Tubbs ’ s mother often told him growing up. For Michael, that meant a lot of things: don ’ t tell anyone about the day-to-day struggle of being Black and broke in Stockton, CA. Don ’ t tell anyone the pain of having a father incarcerated for 25 years to life. Don ’ t tell anyone about living two lives, the brainy bookworm and the kid with the newest Jordans. And also don ’ t tell anyone about the particular joys of growing up with three “ moms ” —a Nana who never let him miss church, an Auntie who ’ d take him to the library any time, and a mother, “ She-Daddy ” , who schooled him in the wisdom of hip-hop and taught him never to take no for an answer. So for a long time Michael didn ’ t tell anyone his story, but as he went on to a scholarship at Stanford and an internship in the Obama White House, he began to realize the power of his experience, the need for his perspective in the halls of power. By the time he returned to Stockton to become, in 2016 at age 26, its

first Black mayor and the youngest-ever mayor of a major American city, he knew his story meant something. The Deeper the Roots is a memoir astonishing in its candor, voice, and clarity of vision. Tubbs shares with us the city that raised him, his family of badass women, his life-changing encounters with Oprah Winfrey and Barack Obama, the challenges of governing in the 21st century and everything in between—en route to unveiling his compelling vision for America rooted in his experiences in his hometown.

Hello Goodbye Hello Autumn House Fiction

The Cassandra follows a woman who goes to work in a top secret research facility during WWII, only to be tormented by visions of what the mission will mean for humankind. Mildred Groves is an unusual young woman. Gifted and cursed with the ability to see the future, Mildred runs away from home to take a secretary position at the Hanford Research Center in the early 1940s. Hanford, a massive construction camp on the banks of the Columbia River in remote South Central Washington, exists to test and manufacture a

mysterious product that will aid the war effort. Only the top generals and scientists know that this product is processed plutonium, for use in the first atomic bombs. Mildred is delighted, at first, to be part of something larger than herself after a lifetime spent as an outsider. But her new life takes a dark turn when she starts to have prophetic dreams about what will become of humankind if the project is successful. As the men she works for come closer to achieving their goals, her visions intensify to a nightmarish pitch, and she eventually risks everything to question those in power, putting her own physical and mental health in jeopardy. Inspired by the classic Greek myth, this 20th century reimagining of Cassandra's story is based on a real WWII compound that the author researched meticulously. A timely novel about patriarchy and militancy, The Cassandra uses both legend and history to look deep into man's capacity for destruction, and the resolve and compassion it takes to challenge the powerful.

Hoopty Time Machines W. Norton & Company

Forgotten California Murders 1915 to 1968 chronicles homicides that

happened so long ago they have been forgotten even by the families of the killers and the victims. Their crimes are no less shocking than the murders that have had books and films made about them. Evergreen Simon and Schuster Winner of the Alex Award “ Mike Muñoz is a Holden Caulfield for a New Millennium—a '10th-generation peasant with a Mexican last name, raised by a single mom on an Indian reservation' . . . Evison, as in his previous four novels, has a light touch and humorously guides the reader, this time through the minefield that is working-class America. ” --The New York Times Book Review For Mike Muñoz, life has been a whole lot of waiting for something to happen. Not too many years out of high school and still doing menial work--and just fired from his latest gig as a lawn boy on a landscaping crew--he 's smart enough to know that he 's got to be the one to shake things up if he 's ever going to change his life. But how? He 's not qualified for much of anything. He has no particular talents, although he is stellar at handling a lawn mower and wielding clipping shears. But now that career seems to be behind him. So what 's next for Mike Muñoz? In this funny, biting, touching, and ultimately inspiring novel, bestselling

author Jonathan Evison takes the reader into the heart and mind of a young man determined to achieve the American dream of happiness and prosperity--who just so happens to find himself along the way. See You in Paradise Flatiron Books: An Oprah Book Finally available in the United States, a singular story collection that Time Out declared "unsettlingly brilliant" A student's suicide note is not what it seems. A high school football rivalry turns absurd—and deadly. A much-loved cat seems to have been a different animal all along. A pair of identical twins aren't identical at all—or even related. A man finds his own yellowed birth announcement inside a bureau bought at auction. Set in a small upstate New York town, told in a conversational style, Pieces for the Left Hand is a stream of a hundred anecdotes, none much longer than a page. At once funny, bizarre, familiar, and disturbing, these deceptively straightforward tales nevertheless shock and amaze through uncanny coincidence, tragic misunderstanding, strange occurrence, or sudden insight. Unposted letters, unexpected visitors, false memories—in J. Robert Lennon's vision of America, these are the things that decide our fate. Wry and deadpan, powerful and philosophical, these addictive little tales reveal the everyday world as a strange and eerie place. Ostrich Eye MCD x FSG Originals

Andy Carpenter's accountant, Sam Willis, is stunned to receive a phone call out of the blue from Barry Price, a high school friend he hasn't spoken to in years, pleading for help with something too frightening to discuss on the phone. Barry needs Sam's financial acumen and lawyer Andy Carpenter's legal expertise—and he needs them immediately. But when Sam almost runs over an injured dog lying in the road on the way to Barry's house, he can't drive off without waiting for help to arrive. By the time Sam makes it, Barry's already taken off on a private airplane headed who-knows-where. Assuming their help is no longer needed, Sam and Andy turn their full attention to helping the dog Sam found recover from his injuries. Then they learn that Barry's plane has crashed, and they come to the terrifying realization that Sam was also supposed to have been killed on that plane. Barry was in far more serious trouble than either of them knew, and for Sam and Andy, the trouble is only beginning. Unleashed, David Rosenfelt's next Andy Carpenter mystery, is a thrilling read, full of Rosenfelt's trademark clever plotting, humor, and

engaging prose.

Forgotten California Murders
Graywolf Press

An Oprah Magazine Editors' Pick and Publishers Weekly Best of the Season It's the summer of 1982 in Blacksburg, Virginia—seven years after the suspicious death of a son and sibling—and the Sobel family is hungry. Francie dresses in tennis skirts and ankle socks and weighs her grams of allotted carrots and iceberg lettuce. Her semi-estranged husband Tate prefers a packed fridge and hidden doughnuts. Daughters Enid, ten, and Vivvy, almost thirteen, are subtler versions of their parents, measuring their summer vacation by meals had or meals skipped. But at summer's end, secrets both old and new emerge and Francie disappears, leaving the family teetering on the brink.

Told from alternating points of view by the four living Sobels, *Pretend We Are Lovely* is a sharp and darkly funny story of forgiveness, family secrets, and the losses we inherit. At its core is the ever-complicated and deeply-devoted bond of sisterhood as the girls, left mostly to their own devices, must navigate their way through middle school, find comfort in each other, and learn the difference between food and nourishment.

The Great Dissenter
featherproof books

The first substantial collection

of short fiction from "a writer with enough electricity to light up the country" (Ann Patchett) "I guess the things that scare you are the things that are almost normal," observes one narrator in this collection of effervescent and often uncanny stories. Drawing on fifteen years of work, *See You in Paradise* is the fullest expression yet of J. Robert Lennon's distinctive and brilliantly comic take on the pathos and surreality at the heart of American life. In Lennon's America, a portal to another universe can be discovered with surprising nonchalance in a suburban backyard, adoption almost reaches the level of blood sport, and old pals return from the dead to steal your girlfriend. Sexual dysfunction, suicide, tragic accidents, and career stagnation all create surprising opportunities for unexpected grace in this full-hearted and mischievous depiction of those days (weeks, months, years) we all have when things just don't go quite right.

Subduction Henry Holt and Company

From the winner of 2014's PEN Robert W. Bingham Prize, an unforgettable debut novel about Loretta, a teenager married off as a "sister wife," who makes a break for freedom At the heart of this exciting debut novel, set in Arizona and

Idaho in the mid-1970s, is fifteen-year-old Loretta, who slips out of her bedroom every evening to meet her so-called gentile boyfriend. Her strict Mormon parents catch her returning one night, and promptly marry her off to Dean Harder, a devout yet materialistic fundamentalist who already has a wife and a brood of kids. The Harders relocate to his native Idaho, where Dean's teenage nephew Jason falls hard for Loretta. A Zeppelin and Tolkien fan, Jason worships Evel Knievel and longs to leave his close-minded community. He and Loretta make a break for it. They drive all night, stay in hotels, and relish their dizzying burst of teenage freedom as they seek to recover Dean's cache of "Mormon gold." But someone Loretta left behind is on their trail... A riveting story of desire and escape, *Daredevils* boasts memorable set pieces and a rich cast of secondary characters. There's Dean's other wife, Ruth, who as a child in the 1950s was separated from her parents during the notorious Short Creek raid, when federal agents descended on a Mormon fundamentalist community. There's Jason's best friend, Boyd,

part Native American and caught up in the activist spirit of the time, who comes along for the ride, with disastrous results. And Vestal's ultimate creation is a superbly sleazy chatterbox—a man who might or might not be Evel Knievel himself—who works his charms on Loretta at a casino in Elko, Nevada. A lifelong journalist whose Spokesman column is a fixture in Spokane, WA, Shawn has honed his fiction over many years, publishing in journals like *McSweeney's* and *Tin House*. His stunning first collection, *Godforsaken Idaho*, burrowed into history as it engaged with masculinity and crime, faith and apostasy, and the West that he knows so well. *Daredevils* shows what he can do on a broader canvas—a fascinating, wide-angle portrait of a time and place that's both a classic coming of age tale and a plunge into the myths of America, sacred and profane. Macmillan
New short story collection by Glori Simmons
The Deeper the Roots *The Sasquatch Hunter's Almanac*
“ Utterly unique . . . examines themes of love, intrusion, loss, community and trust against a backdrop of a Makah reservation in the Pacific Northwest. ” —*Ms. Magazine* Selected as a Staff Pick

by The Paris Review Silver Medal winner in the Independent Publisher Book Awards in Multicultural Fiction *Fleeing the shattered remains of her marriage and treachery by her sister, a Latina anthropologist named Claudia takes refuge in Neah Bay, a Native whaling village on the jagged Pacific coast. Claudia yearns to lose herself to the songs of the tribe and the secrets of a spirited hoarder named Maggie. Instead, she stumbles into Maggie's prodigal son Peter, who, spurred by his mother's failing memory, has returned seeking answers to his father's murder. Claudia helps Peter's family convey a legacy delayed for decades by that death, but her presence, echoing centuries of fraught contact with indigenous peoples, brings lasting change and real damage. Through the ardent collision of Peter and Claudia, *Subduction* portrays not only their strange allegiance after grievous losses but also their shared hope of finding solace and community on the Makah Indian Reservation. An intimate tale of stunning betrayals, *Subduction* bears witness to the power of stories to disrupt—and to heal. “ Young beautifully and vividly renders the Pacific Northwest, particularly the unique world of Neah Bay. *Subduction* is at once a thought-provoking meditation on the geography and geology of the natural world and a generous exploration of the natural shifts and movements that shape her characters. ” —Jonathan Evison, New York Times bestselling author of *Legends of the North Cascades* *Suffering Fools* Henry Holt and*

The Sasquatch Hunter's Almanac Macmillan
Favorite Monster Red Hen Press
In this rich, shadowy, glittering anthology edited by Sharma Shields and Maya Jewell Zeller, a multitude of Northwest writers share their singular stories, essays, and poems that center what Shields calls “the literature of despair.” These pages confront what is difficult in life with extraordinary precision and grace: In Beth Piatote's story “Secondary Infection,” a Yakama auntie narrates the undoing of a lonely woman; in the essay “There Is No Story Until It Happens to You,” Richard Fifield writes about a devastating car crash in the remote Montana northlands of his youth; in his series of poems, “During the Pandemic,” Rick Barot reflects on fear, isolation, and hope as quarantine descends; in her visual poem, “The Columbia Basin Pygmy Rabbit: An Auto-Elegy,” artist Mita Mahato mourns the decline of a fragile species and the terrors of human impact on the environment. In works that span themes from colonialism to environmentalism, from

divorce to disease, from toxic masculinity to a loss of faith, the writers here unflinchingly address what makes us vulnerable, what makes us complex, what cleaves us and what connects us. As Zeller writes in the book's introduction, this ambitious anthology pushes us to "learn, memorize, and recite the songs sung by these regional voices, mapping us into a communal root system of evergreen selves."

Finding Bigfoot Random House of Canada

In *I ' m Fine, But You Appear to Be Sinking* the strange and the mundane collide. These are stories of strange experiences set in familiar places, and of familiar experiences set in strange places. Many of the pieces in *I ' m Fine* take place close to home, in suburban neighborhoods, or rural communities. The settings are conventional, yet something unexpected, or even magical, is occurring. In one piece, a couple speculates about random objects that appear without reason in their backyard. In another, neighbors try to figure out if a local meth dealer is keeping a live tiger captive on his property. In other pieces, it ' s the setting that ' s fantastical, but the characters ' reactions that remain ordinary, like in the titular story where a

journalist lost at sea and hunted by a mythical ocean creature admits to struggling with loneliness and isolation in much the same way he does even when he ' s safe at home. Although they are not directly linked by any specific character, the pieces in this collection are bound through reoccurring imagery and a shared theme of protagonists in emotional peril. There are unexpected appearances and disappearances, movement of inanimate objects, the search for something lost, the finding of something unusual. There are prophecies, dreams, unidentifiable creatures, and environmental catastrophes on a scale both large and small. There are action figures and octopuses, sullen teenagers and missing cats. At their core, these stories are imbued with mystery, oddity, humor, and empathy. They each stand on their own, but mean considerably more when read together.

The Sasquatch Hunter's Almanac Harper Collins

The "superb" (The Guardian) biography of an American who stood against all the forces of Gilded Age America to fight for civil rights and economic freedom: Supreme Court Justice John Marshall Harlan. They say that history is written by the victors. But not in the case of the most famous dissenter on the Supreme Court. Almost a century after his death, John Marshall Harlan ' s words helped end

segregation and gave us our civil rights and our modern economic freedom. But his legacy would not have been possible without the courage of Robert Harlan, a slave who John ' s father raised like a son in the same household. After the Civil War, Robert emerges as a political leader. With Black people holding power in the Republican Party, it is Robert who helps John land his appointment to the Supreme Court. At first, John is awed by his fellow justices, but the country is changing. Northern whites are prepared to take away black rights to appease the South. Giant trusts are monopolizing entire industries. Against this onslaught, the Supreme Court seemed all too willing to strip away civil rights and invalidate labor protections. So as case after case comes before the court, challenging his core values, John makes a fateful decision: He breaks with his colleagues in fundamental ways, becoming the nation ' s prime defender of the rights of Black people, immigrant laborers, and people in distant lands occupied by the US. Harlan ' s dissents, particularly in *Plessy v. Ferguson*, were widely read and a source of hope for decades. Thurgood Marshall called Harlan ' s *Plessy* dissent his "Bible" —and his legal roadmap to overturning segregation. In the end, Harlan ' s words built the foundations for the legal revolutions of the New Deal and Civil Rights eras. Spanning from the Civil War to the Civil Rights movement and beyond, *The Great Dissenter* is a "magnificent" (Douglas Brinkley) and "thoroughly researched" (The New York

Times) rendering of the American legal system ' s most significant failures and most inspiring successes.

Midnight at the Bright Ideas Bookstore Vintage

A woman running a halfway house of paroled sexual predators is left wondering if her favorite has committed his most unthinkable crime yet. A groundskeeper, who has just discovered that his ex is pregnant, digs up an infant's tombstone inscribed with his own name. A traumatic traffic collision sends an aging couple back into their decades-long marriage. Whether it be a dying man spying on two teenage lovers, or a new mother running from her colicky infant, the nine stories in *Suffering Fools* spring from the dark corners of our psyches, revealing the fears and contradictions that give shape to unconditional love.

The Unsuitable Hachette Books

From the New York Times best-selling author and host of *Hidden Brain* comes a thought-provoking look at the role of self-deception in human flourishing. Self-deception does terrible harm to us, to our communities, and to the planet. But if it is so bad for us, why is it ubiquitous? In *Useful Delusions*, Shankar Vedantam and Bill Mesler argue that, paradoxically,

self-deception can also play a vital role in our success and well-being. The lies we tell ourselves sustain our daily interactions with friends, lovers, and coworkers. They can explain why some people live longer than others, why some couples remain in love and others don ' t, why some nations hold together while others splinter. Filled with powerful personal stories and drawing on new insights in psychology, neuroscience, and philosophy, *Useful Delusions* offers a fascinating tour of what it really means to be human.
