"This version by a translator who understands the high art of low humor is conspicuously funny."—Time
The Satyricon is a classic of comedy, a superbly funny picture of Nero's Rome as seen through the eyes of Petronius, its most amorous and elegant courtier. William Arrowsmith's translation—a lively, modern, unexpurgated text—recaptures all the ribald humor of Petronius's picaresque satire. It tells the hilarious story of the pleasure-seeking adventures of an educated rogue, Encolpius, his handsome serving boy, Giton, and Ascyltus, who lusts after Giton—three impure pilgrims who live by their wits and other men's purses. The Satyricon unfailingly turns every weakness of the flesh, every foible of the mind, to laughter.

"Deep grief gnaws at my vitals and drags me down, almost to the very doors of death itself," moans Quartrilla, drawing near Encolpius, her eyes glistening. "I am afraid that, with the careless impulsiveness of youth, you may divulge, to the common herd, what you witnessed in the shrine of Priapus -- and reveal the rites of the Gods to the rabble." "I stretch out my suppliant hands to your knees. I beg and pray you do not make a mockery and a joke of our nocturnal rites . . . nor lay bare the secrets of so many years," she whispers -- and tells the young man how he must pay . . . by "curing" her body of the "ills" besetting her." The Rabelaisian "Satyricon" of Petronius, one of the most infamous books of all time, follows the rogue Encolpius and his serving boy Giton as they engage in fortune-hunting adventure, amorous misadventure and extravagant feasting in the Rome of the first century, in the time of Nero's court.

The Satyricon is a Latin work of fiction in a mixture of prose and poetry, which is commonly known as prosimetrum, characterizing as serious and comic elements, erotic and decadent passages. The surviving sections of the original text detail the

bizarre exploits of the narrator, Encolpius, and his slave and boyfriend Giton, a handsome sixteen-year-old boy. It is regarded as useful evidence for the reconstruction of how lower classes lived during the early Roman Empire.

The Satyricon of Gaius Petronius Arbiter - Complete and unexpurgated translation by W. C. Firebaugh - Of the many masterpieces which classical antiquity has bequeathed to modern times, few have attained, at intervals, to such popularity; few have so gripped the interest of scholars and men of letters, as has this scintillating miscellany known as the Satyricon, ascribed by tradition to that Petronius who, at the court of Nero, acted as arbiter of elegance and dictator of fashion. The flashing, wit, the masterly touches which bring out the characters with all the detail of a fine old copper etching; the marvelous use of realism by this, its first prophet; the sure knowledge of the perspective and background best adapted to each episode; the racy style, so smooth, so elegant, so simple when the educated are speaking, beguile the reader and blind him, at first, to the many discrepancies and incoherences with which the text, as we have it, is marred. The more one concentrates upon this author, the more apparent these faults become and the more one regrets the lacunae in the text. Notwithstanding numerous articles which deal with this work, some from the pens of the most profound scholars, its author is still shrouded in the mists of uncertainty and conjecture. He is as impersonal as

Shakespeare, as aloof as Flaubert, in the opinion of Charles Whibley, and, it may be added, as genial as Rabelais; an enigmatic genius whose secret will never be laid bare with the resources at our present command. The *Satyricon*, or *Satyricon liber* ("The Book of Satyrlike Adventures"), is a Latin work of fiction believed to have been written by Gaius Petronius, though the manuscript tradition identifies the author as a certain Titus Petronius. The *Satyricon* is an example of Menippean satire, which is very different from the formal verse satire of Juvenal or Horace. The work contains a mixture of prose and verse (commonly known as *prosimetrum*); serious and comic elements; and erotic and decadent passages. As with the *Metamorphoses* (also called *The Golden Ass*) of Apuleius, classical scholars often describe it as a "Roman novel," without necessarily implying continuity with the modern literary form. The surviving portions of the text detail the misadventures of the narrator, Encolpius, and his lover, a handsome sixteen-year-old servant boy named Giton. Throughout the novel, Encolpius has a difficult time keeping his lover faithful to him as he is constantly being enticed away by others. Encolpius's friend Ascyltus (who seems to have previously been in a relationship with Encolpius) is another major character. It is one of the two most extensive witnesses to the Roman novel (the only other being the fully extant *Metamorphoses* of Apuleius, which has significant differences in style and plot). *Satyricon* is also regarded as useful evidence for the reconstruction of how lower classes lived during the early

Roman Empire.

This new version from the 1922 edition, translated by W. C. Firebaugh, illustrated by Norman Lindsay (47 plates). Gaius Petronius Arbiter (c. 27 - 66 AD) was a Roman courtier during the reign of Nero. He is generally believed to be the author of the *Satyricon*, a satirical novel believed to have been written during the Neronian era (54-68 AD). The work is narrated by its central figure, Encolpius, a retired, famous gladiator of the area. The surviving sections of the novel begin with Encolpius traveling with a companion and former lover named Ascyltos, who has joined Encolpius on numerous escapades. Encolpius' slave, Giton, is at his owner's lodging when the story begins. The *Satyricon* is considered one of the gems of Western literature, and, according to Branham, it is the earliest of its kind in Latin. Petronius mixes together two antithetical genres: the cynic and parodic Menippean satire, and the idealizing and sentimental Greek romance. The mixing of these two radically contrasting genres generates the sophisticated humor and ironic tone of *Satyricon*.

Petronius: Selections from the Satyricon Library of Alexandria Documenting the colourful escapades of the former gladiator Encolpius and his less than faithful lover Giton, the Satyricon plunges the reader into the lives of ordinary Roman citizens, vividly revealing the Empire's seamy underbelly. A host of unforgettable characters are satirically presented, such as the pretentious parvenu host Trimalchio in the memorable banquet scene, the lascivious priestess Quartilla and the narrator's unreliable, roguish friend Ascyltus. Sometimes referred to as the first novel – although surviving only in fragments – this bawdy, picaresque and surprisingly modern narrative is considered one of the founding texts of Western literature.

Turning his head, Trimalchio saw what was going on. "Friends," he remarked. "I ordered pea-hen's eggs set under the hen, but I'm afraid they're addled, by Hercules I am let's try them anyhow, and see if they're still fit to suck." We picked up our spoons, each of which weighed not less than half a pound, and punctured the shells, which were made of flour and dough, and as a matter of fact, I very nearly threw mine away for it seemed to me that a chick had formed already, but upon

hearing an old experienced guest vow, "There must be something good here," I broke open the shell with my hand and discovered a fine fat fig-pecker, imbedded in a yolk seasoned with pepper.
