This Is A New Release Of The Original 1922 Edition.

The Roman Guide to Slave Management Literary Licensing, LLC

The birthplace of graffiti, New York City, has evolved into a global center for street art. Its public surfaces host a range of media from handmade stickers and wheatpastes to huge installations and murals. Artists from across the globe routinely travel to New York City to grace its walls as they refashion the city into one huge never-ending unofficial street art festival. Among these are such contemporary urban legends as D'Face, Banksy, Os Gemeos, Case, MaClaim, Invader, Stik and Faith 47. Street Art NYC showcases both sanctioned and unsanctioned works captured in the course of a transformative decade that saw the emergence of over a dozen distinctly engaging projects. The hugely popular Bushwick Collective, L.I.S.A Project NYC and Welling Court Mural Project are highlighted with introductory essays. Local community-based projects and festivals, as well as those responding to specific environmental and social issues, are also represented. Banksy's one month 2013 residency, Better Out than In is documented with words and images. And homage is paid to the legendary 5 Pointz graffiti and street art mecca. Street Art NYC is a beautifully designed hardcover book. The full color photographs by Lord K2 captures the art in the city, printed on thick coated paper, and Lois Stavsky's text provides the context. This is the only book to spotlight the transformational decade that marked the shift from largely unsanctioned to widely curated street art throughout New York City's five boroughs. This book is a collaboration between Lord K2, an award-winning photographer and curator of the online Museum of Urban Art and Lois Stavsky, a noted street art documentarian and editor of the popular blog, Street Art NYC.

This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

[The Satyricon of Petronius Arbiter](#) Penguin

"This version by a translator who understands the high art of low humor is conspicuously funny."—Time  
The Satyricon is a classic of comedy, a superbly funny picture of Nero's Rome as seen through the eyes of Petronius, its most amorous and elegant courtier. William Arrowsmith's translation—a lively, modern, unexpurgated text—recaptures all the ribald humor of Petronius's picaresque satire. It tells the hilarious story of the pleasure-seeking adventures of an educated rogue, Encolpius, his handsome serving boy, Giton, and Ascyllus, who lusts after Giton—three impure pilgrims who live by their wits and other men's purses. The Satyricon unfailingly turns every weakness of the flesh, every foible of the mind, to laughter.

*Cena Trimalchionis* John Wiley & Sons

A "fascinating" meditation on the joys of a not-so-dead language (Los Angeles Review of Books). From acclaimed novelist and Oxford professor Nicola Gardini, this is a personal and passionate look at the Latin language: its history, its authors, its essential role in education, and its enduring impact on modern life—whether we call it "dead" or not. What use is Latin? It's a question we're often asked by those who see the language of Cicero as no more than a cumbersome heap of ruins, something to remove from the curriculum. In this sustained meditation, Gardini gives us his sincere and brilliant reply: Latin is, quite simply, the means of expression that made us—and continues to make us—who we are. In Latin, the rigorous and inventive thinker Lucretius examined the nature of our world; the poet Propertius told of love and emotion in a dizzying variety of

registers; Caesar affirmed man's capacity to shape reality through reason; Virgil composed the Aeneid, without which we'd see all of Western history in a different light. In Long Live Latin, Gardini shares his deep love for the language—enriched by his tireless intellectual curiosity—and warmly encourages us to engage with a civilization that has never ceased to exist, because it's here with us now, whether we know it or not. Thanks to his careful guidance, even without a single lick of Latin grammar, readers can discover how this language is still capable of restoring our sense of identity, with a power that only useless things can miraculously express. "Gardini gives another reason for studying classical languages: 'The story of our lives is just a fraction of all history . . . life began long before we were born.' This is the very opposite of a practical argument—it is a meditative, even self-effacing one. To learn a language because it was spoken by some brilliant people 2,000 years ago is to celebrate the world; not a way to optimize yourself, but to get over yourself."—The Economist  
"Nicola Gardini's paean to Latin belongs on the shelf alongside Nabokov's Lectures on Literature. With a similar blend of erudition, reverence, and impeccable close reading, he connects the dots between etymology and poetry, between syntax and society. And he proves, in the process, that a mysterious and magnificent language, born in ancient Rome, is still relevant to each and every one of us."—Jhumpa Lahiri, Pulitzer Prize winner and New York Times–bestselling author of Roman Stories

*The Date and Author of the Satyricon* G.N. Morang  
Curl up with a collection of romantic short stories taking you from nineteenth-century Vienna, over the wild moors of Northumberland to the snowy streets of pre-revolutionary St Petersburg. Part of the Macmillan Collector's Library; a series of stunning, clothbound, pocket sized classics with gold foiled edges and ribbon markers. These beautiful books make perfect gifts or a treat for any book lover. This edition features an introduction by author and journalist Amanda Craig. A collection of eighteen romantic short stories from the award winning and much loved Eva Ibbotson, A Glove Shop in Vienna will show you the great passions and astute observations of everyday life. Join Great Uncle Max, torn between his grand and secret love for Susie, the enchanting glove shop assistant, and the devotion of his opera singing wife. Meet Miss Bennett, drama mistress at the fading Markham Street Primary School, whose search for a baby Jesus for the nativity play yields unexpected and miraculous results. And agonise with Kira, a dancer in Russia's Imperial Ballet school, thrown out onto the streets of St. Petersburg and found by Edwin, a lonely dreamer. By turns comical, satirical, romantic and always unpredictable these wise stories are a delight from start to finish.

*The Satyricon of Petronius* Macmillan Collector's Library  
Petronius Arbiter, reputed author of the Satyricon, presents a portrait of society of the 1st century. This work is considered to be the first western European novel.

[Petronius and the Anatomy of Fiction](#) Createspace Independent Publishing Platform

A scholar explores the history of slavery in Ancient Rome using a fictional story as a backdrop. Marcus Sidonius Falx is an average Roman citizen. Born of a relatively well-off noble family, he lives on a palatial estate in Campania, dines with senators and generals, and, like all of his ancestors before him, owns countless slaves. Having spent most of his life managing his servants—many of them prisoners from Rome's military conquests—he decided to write a kind of owner's manual for his friends and countrymen. The result, *The Roman Guide to Slave Management*, is a sly, subversive guide to the realities of servitude in ancient Rome. Cambridge scholar Jerry Toner uses Falx, his fictional but true-to-life creation, to describe where and how to Romans bought slaves, how they could tell an obedient worker from a troublemaker, and even how the ruling class reacted to the inevitable slave revolts. Toner also adds commentary throughout, analyzing the callous words and casual brutality of Falx and his compatriots and putting it all in context for the modern reader. Written with a deep knowledge of ancient culture—and the depths of its cruelty—this is the Roman Empire as you've never seen it before. "By turns charming, haughty, and brutal . . . an ingenious device."

—The New Yorker "[Toner's] history and commentary provides context for the dirty institution upon which modern civilization is built." —Publishers Weekly

**A Companion to Federico Fellini** Bolchazy-Carducci Publishers

This is the first modern commentary on Petronius' Satyricon. It begins with basic background information, then surveys each episode in order that leading themes emerge. Finally, it gives an overview of Petronius' use of literary allusion and symbolism, and of his treatment of sex. All Latin and Greek quotations have been translated so that this volume may benefit both students of classical and comparative literature.

*The Satyricon of Petronius Arbiter* Dokument Forlag

The Satyricon is a work of fiction in a mixture of prose and poetry. It is believed to have been written by Gaius Petronius, though the manuscript tradition identifies the author as a certain Titus Petronius. It details the misadventures of the narrator, Encolpius, and his lover, a handsome sixteen-year-old boy named Giton. Throughout the novel, Encolpius has a hard time keeping his lover faithful to him as he is constantly being enticed away by others.

[The Satyricon of Petronius Arbiter](#) OUP Oxford

How many people, over the centuries, must have read the famous Satyricon attributed to Titus Petronius, more commonly known as Petronius Arbiter, and then thrown it away in disgust, having observed that although it is clearly advertised by its title as a book of satyrs, it does not feature any--not, at least, in a literal sense? Here, at any rate, in *The Snuggly Satyricon*, edited and translated from the French by Brian Stableford, is the first honest satyricon, featuring an entire chorus line of satyrs, fauns, aegipans and the Great God Pan himself--in whose divine image, of course, satyrs were made. Indeed, in the twenty Decadent tales and Symbolist fantasies in the present volume, the reader will be provided with satyrs of all sorts, some made of stone or wood, some of flesh and blood, and all of the most refined reverie. Never marching to the beat of the charivari of conventional thought, *The Snuggly Satyricon* will be sure to make the reader cry "Io Pan!"

[Described and Collated by Charles Beck](#) BoD – Books on Demand

The Satyricon was probably written by Gaius Petronius ca. 1st century A.D. It is a combination of prose and poetry, and tells the tale of Encolpius, who is trying to keep his young lover faithful. The story provides a rare insight into the lives of the

[The Satyricon of Petronius Arbiter](#) Picador

The Satyricon of Gaius Petronius Arbiter - Complete and unexpurgated translation by W. C. Firebaugh - Of the many masterpieces which classical antiquity has bequeathed to modern times, few have attained, at intervals, to such popularity; few have so gripped the interest of scholars and men of letters, as has this scintillating miscellany known as the Satyricon, ascribed by tradition to that Petronius who, at the court of Nero, acted as arbiter of elegance and dictator of fashion. The flashing, wit, the masterly touches which bring out the characters with all the detail of a fine old copper etching; the marvelous use of realism by this, its first prophet; the sure knowledge of the perspective and background best adapted to each episode; the racy style, so smooth, so elegant, so simple when the educated are speaking, beguile the reader and blind him, at first, to the many discrepancies and incoherences with which the text, as we have it, is marred. The more one concentrates upon this author, the more apparent these faults become and the more one regrets the lacunae in the text. Notwithstanding numerous articles which deal with this work, some from the pens of the most profound scholars, its author is still shrouded in the mists of uncertainty and conjecture. He is as impersonal as Shakespeare, as aloof as Flaubert, in the opinion of Charles Whibley, and, it may be added, as genial as Rabelais; an enigmatic genius whose secret will never be laid bare with the resources at our present command. The Satyricon, or Satyricon liber ("The Book of Satyrlike Adventures"), is a Latin work of fiction believed to have been written by Gaius Petronius, though the manuscript tradition identifies the author as a certain Titus Petronius. The Satyricon is an example of Menippean satire, which is very different from the formal verse satire of Juvenal or Horace. The work contains a mixture of

---

prose and verse (commonly known as prosimetrum); serious and comic elements; and erotic and decadent passages. As with the *Metamorphoses* (also called *The Golden Ass*) of Apuleius, classical scholars often describe it as a "Roman novel," without necessarily implying continuity with the modern literary form. The surviving portions of the text detail the misadventures of the narrator, Encolpius, and his lover, a handsome sixteen-year-old servant boy named Giton. Throughout the novel, Encolpius has a difficult time keeping his lover faithful to him as he is constantly being enticed away by others. Encolpius's friend Ascyltus (who seems to have previously been in a relationship with Encolpius) is another major character. It is one of the two most extensive witnesses to the Roman novel (the only other being the fully extant *Metamorphoses* of Apuleius, which has significant differences in style and plot). *Satyricon* is also regarded as useful evidence for the reconstruction of how lower classes lived during the early Roman Empire.

**The NSFW Files** Good Press

Metaphors of the body form an important feature of Petronius' *Satyricon*. This book claims that the text can be read as a unified whole rather than as episodic jumble, despite its fragmentation. Presented as disturbing as well as comic, intricately structured as well as chaotic, the study asserts that the *Satyricon*'s imagery constantly mirrors apparent paradoxes. Thus corporeality is explored as a metaphor rather than just as an index of the "low" genre of the novel.

The *Satyricon* is a thrilling piece of literature credited to Petronius and written under the Roman emperor Nero. Schmeling's commentary offers readers an insightful analysis of this historically important text through philological, linguistic, historical, and narratological discussions, while highlighting issues surrounding its authorship.

*Play Directing* CRC Press

The *Satyricon* is the most celebrated work of fiction to have survived from the ancient world. The father of the picaresque genre, it recounts the sleazy progress of a pair of literate scholars as they wander through the cities of the southern Mediterranean encountering en route type-figures the author wickedly satirizes. This lively translation captures the gaiety of the original, and is supplemented by extensive notes.

**A Glove Shop in Vienna and Other Stories** Brill Archive

*Play Directing* describes the various roles a director plays, from selection and analysis of the play, to working with actors and designers to bring the production to life. The authors emphasize that the role of the director as an artist-leader collaborating with actors and designers who look to the director for partnership in achieving their fullest, most creative expressions. The text emphasizes how the study of directing provides an intensive look at the structure of plays and acting, and of the process of design of scenery, costume, lighting, and sound that together make a produced play.
