A thoughtfully researched, movingly presented dual – biography of two iconic American writers, each trying to find the ideal friend with whom they could share their journey through our imperfect world. Any biography that concentrates on either Henry David Thoreau or Ralph Waldo Emerson tends to diminish the other figure, but in *Solid Seasons* both men remain central and equal. Through several decades of writing, friendship remained a primary theme for them both. Collecting extracts from the letters and journals of both men, as well as words written about them by their contemporaries, Jeffrey S. Cramer beautifully illustrates the full nature of their twenty – five – year dialogue. Biographers like to point at the crisis in their friendship, focusing particularly on Thoreau's disappointment in Emerson—rarely on Emerson's own disappointment in Thoreau—and leaving it there, a friendship ruptured. But the solid seasons remained, as is evident when, in 1878, Anne Burrows Gilchrist, the English writer and friend of Whitman, visited Emerson. She wrote that his memory was failing "as to recent names and topics but as is usual in such cases all the mental impressions that were made when he was in full vigour remain clear and strong." As they chatted, Emerson called to his wife, Lidian, in the next room, "What was the name of my best friend?" "Henry Thoreau," she answered. "Oh, yes," Emerson repeated. "Henry Thoreau."

This guide, compiled under the direction of the Dean of the College of Agriculture at the University of Wisconsin, champions the economic promise of Wisconsin's northern counties for potential settlers in the 1890s. Profusely illustrated with photographs, charts, statistical lists, and maps, it discusses soil, climate, forest and water resources, land availability, and principal economic activities, with special emphasis on agricultural crops (grains and grasses, root crops, etc.) and animal husbandry. Potato culture, sheep farming, swine breeding, and the dairy industry have chapters of their own. The book also provides capsule biographies of successful settlers from a variety of cultural and occupational backgrounds, along with resources for finding additional information.

In the tradition of Michael Pollan, Joan Gussow, and Verlyn Klinkenborg's *The Rural Life*, *This Common Ground* is an inspirational evocation of a life lived close to the earth, written by the head farmer at one of the country's first community-supported farms. By reflecting on four seasons of activity at his beloved Quail Hill Farm in eastern Long Island, Scott Chaskey offers stirring insight into the connections between land and the human family. Whether writing about the voice of a small wren nesting in the lemon balm or a meadow of oats, millet, and peas rising to silver and green after a fresh rain, this poet-farmer's contagious sense of wonder brings us back to our bond with the soil.

Winner, James Beard Award for Best Book in Vegetable-Focused Cooking Named a Best Cookbook of the Year by the Wall Street Journal, The Atlantic, Bon Appétit, Food Network Magazine, Every Day with Rachael Ray, USA Today, Seattle Times, Milwaukee Journal-Sentinel, Library Journal, Eater, and more "Never before have I seen so many fascinating, delicious, easy recipes in one book. . . . [Six Seasons is] about as close to a perfect cookbook as I have seen . . . a book beginner and seasoned cooks alike will reach for repeatedly." —Lucky Peach Joshua McFadden, chef and owner of renowned trattoria Ava Gene's in Portland, Oregon, is a vegetable whisperer. After years racking up culinary cred at New York City restaurants like Lupa, Momofuku, and Blue Hill, he managed the trailblazing Four Season Farm in coastal Maine, where he developed an appreciation for every part of the plant and learned to coax the best from vegetables at each stage of their lives. In *Six Seasons*, his first book, McFadden channels both farmer and chef, highlighting the evolving attributes of vegetables throughout their growing seasons—an arc from spring to early summer to midsummer to the bursting harvest of late summer, then ebbing into autumn and, finally, the earthy, mellow sweetness of winter. Each chapter begins with recipes featuring raw vegetables at the start of their season. As weeks progress, McFadden turns up the heat—grilling and steaming, then moving on to sautés, pan roasts, braises, and stews. His ingenuity is on display in 225 revelatory recipes that celebrate flavor at its peak.

In the ruthless arena of King Henry VIII's court, only one man dares to gamble his life to win the king's favor and ascend to the heights of political power England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years, and marry Anne Boleyn. The pope and most of Europe opposes him. The quest for the king's freedom destroys his adviser, the brilliant Cardinal Wolsey, and leaves a power vacuum. Into this impasse steps Thomas Cromwell. Cromwell is a wholly original man, a charmer and a bully, both idealist and opportunist, astute in reading people and a demon of energy: he is also a consummate politician, hardened by his personal losses, implacable in his ambition. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of change, where individuals fight or embrace their fate with passion and courage. With a vast array of characters, overflowing with incident, the novel re-creates an era when the personal and political are separated by a hairbreadth, where success brings unlimited power but a single failure means death.

A Book of the Month for GQ, The New Yorker, and Flavorwire "Beautifully told...In this one season of life, Crawford's writing about the work, people, nature and his family legacy reveals much about a simple life, and reminds us all to appreciate life's riches."—Seattle Post Intelligencer "A must-read..."—Washington Independent Review of Books An intimate, gorgeously observed memoir about family and farming that forms a powerful lesson in the hard-earned risks that make life worth living The summer he was thirty-one, Arlo Crawford returned home for the summer harvest at New Morning Farm—seventy-five acres tucked in a hollow in south-central Pennsylvania where his parents had been growing organic vegetables for almost forty years. Like many summers before, Arlo returned to the family farm's familiar rhythms—rise, eat, bend, pick, sort, sweat, sleep. But this time he was also there to change his direction, like his father years ago. In the 1970s, well before the explosion of the farm-to-table and slow food movement, Arlo's father, Jim, left behind law school and Vietnam, and decided to give farming a try. Arlo's return also prompts a reexamination of a past tragedy: the murder of a neighboring farmer twenty years before. A chronicle of one full season on a farm, with all its small triumphs and inevitable setbacks, *A Farm Dies Once a Year* is a meditation on work—the true nature of it, and on taking pride in it—and a son's reckoning with a father's legacy. Above all, it is a striking portrait of how one man builds, sows, and harvests his way into a new understanding of the risks necessary to a life well-lived.

The Growing Season Dragonfly Books

The author of the popular farm-to-table cookbook *Dishing Up the Dirt* returns with a dazzling collection of inventive recipes using farm-fresh ingredients, inspired by her commitment to supporting the local food movement. For Andrea Bemis, eating locally is a way of life. After all, her and her husband own and operate an organic vegetable farm in the Pacific Northwest, and the produce they grow—from kale and kohlrabi to beets and butternut squash—is at the heart of the meals they serve and eat at their dinner table. They supplement their harvest with food produced by their neighbors, including the ranchers who supply their meat, and the orchardists who provide their fruit. Andrea has always identified as a sustainable eater—until one day, when she opened a can of coconut milk and realized she had no idea where it came from. This propelled her to look more closely at her pantry, taking stock of the other ingredients that may have traveled some distance. Considering the energy used to transport the avocados, olive oil, and lemons to her Northern Oregon kitchen, she came up with an idea—a 30-day challenge to cook and eat only local food grown from local dirt, using ingredients produced within 200 miles of her home. In *Local Dirt*, Andrea shares her journey through stories, photographs, and more than 80 recipes, re-creating a not-so-distant world when the ingredients cooked and eaten were produced within local communities. Organized by season, the delicious and creative dishes in this truly sustainable cookbook includes Fennel Gratin, Kohlrabi Yogurt Salad with Smoked Salmon, Winter Squash Toast with Honey & Hazelnuts, and Zucchini Swiss Chard & Chickpea Stew. Best of all, the recipes can be adapted to utilize any local fare. Ultimately, Andrea found that the "challenge" she set out for herself wasn't a challenge at all, but an opportunity to go back to basics, slow down, and connect even more deeply with her community. In *Local Dirt*, she offers the inspiration, instruction, and advice we need to eat deliciously and sustainably.

Andrea Bemis, the creator of the popular farm-to-table blog *Dishing Up the Dirt* builds on her success with this beautiful, simple, seasonally driven cookbook, featuring more than 100 inventive and delicious whole-foods recipes and dozens of color photographs. For Andrea Bemis, who owns and runs a sixty-acre organic farm with her husband outside of Portland, Oregon, dinners are inspired by what is grown in the soil and picked by hand. In *Dishing Up the Dirt*, Andrea offers 100 authentic farm-to-table recipes, arranged by season, including: Spring: Lamb Lettuce Wraps with Mint-Yogurt Sauce, Grilled Garlic Scapes with Sea Salt, and Spring Gnocchi with Mushrooms and Parmesan Summer: Heirloom Tomato Pie with Almond Flour Crust, Grilled Peach, Hazelnut, and Balsamic Crostini, and Kohlrabi Fritters with Garlic-Cashew Herb Sauce Fall: Spiced Delicata Squash with Garlicky Collard Greens, Roasted Fennel and Beets with Wheat Berry Salad, and Butternut-Spice Breakfast Cookies Winter: Ginger Miso Sweet Potato Bisque, Roasted Carrots over Spiced Lentils with Yogurt, and Oat and Honey Cardamom Cookies Andrea's recipes focus on using whole, locally-sourced foods—incorporating the philosophy of eating as close to the land as possible. While many recipes are naturally gluten-free, dairy-free, or vegetarian, many others include elemental ingredients like bread, cheese, eggs, meat, and sweeteners, which are incorporated in new and inventive ways. In short essays throughout the book, Andrea also presents an honest glimpse of life on Tumbleweed Farm—the real life of a farmer, not the shabby-chic fantasy often portrayed—offering fascinating and frequently entertaining details about where the food on our dinner tables comes from. With stunning food photography as well as intimate portraits of farm life, *Dishing Up the Dirt* allows anyone to be a seasonal foodie and an armchair farmer.

One of Kirkus' Most Anticipated Children's Book of 2022 "A must read." - Elizabeth Bird, A Fuse 8 Production Kirkus starred review: A marvelous life survey of a perennially relevant historical figure. Formatted like a nature notebook, this exploration of seasonal changes in Thoreau's day is also a visual story of his life and times and a gentle introduction to climate change. I Begin with Spring weaves natural history around Thoreau's life and times in a richly illustrated field notebook format that can be opened anywhere and invites browsing on every page. Beginning each season with quotes from Thoreau's schoolboy essay about the changing seasons, Early Bloomer follows him through the fields and woods of Concord, the joys and challenges of growing up, his experiment with simple living on Walden Pond, and his participation in the abolition movement, self-reliance, science, and literature. The book's two organizing themes—the chronology of Thoreau's life and the seasonal cycle beginning with spring—interact seamlessly on every spread, suggesting the correspondence of human seasons with nature's. Thoreau's annual records of blooms, bird migrations, and other natural events scroll in a timeline across the page bottoms, and the backmatter includes a summary of how those dates have changed from his day to ours and what that tells us about the science of phenology and climate

change. Megan Baratta's watercolors are augmented with historical images and reproductions of Thoreau's own sketches to create a high-interest visual experience. The book includes a foreword from Thoreau scholar Jeffrey Cramer, Curator of Collections for the Walden Woods Project.

NEW YORK TIMES BESTSELLER "As feline collaborators go, you couldn't ask for better than Sneaky Pie Brown."—The New York Times Book Review It's mid-May and murder is once again in full bloom in Crozet, Virginia—or so it seems to Mary Minor "Harry" Haristeen. The trouble begins when Harry's dear friend Miranda Hogendobber takes her on a leisurely drive that ends in a narrow drainage ditch. The chaos continues when the Very Reverend Herbert Jones's Chevy pickup also abruptly goes kaput. But these vehicular mishaps are nothing compared to the much more distressing state of a mechanic discovered by Harry in a local repair shop: His head's been bashed in. Despite numerous warnings from her much-loved coterie of friends, human and otherwise, Harry quickly surmises that the time has come to pop the hood and conduct her own investigation. Her animal companions see disaster fast approaching but can do little except try their best to protect their foolishly intrepid human. Harry's race to the truth leads straight to powerful forces determined to avoid scrutiny at any cost—even if it means running Harry Haristeen off the road for good. Includes a preview of Rita Mae Brown and Sneaky Pie Brown's next Mrs. Murphy mystery, *The Litter of the Law* "Harry and her pals are on the case. . . . How big does a home really need to be? When Henry decides to build a cabin for himself in the woods, he gets some help and a lot of advice from his friends. But Henry, being Henry, has his own ideas, and he sets about building his house as a bird builds its nest. As he adds everything he thinks his cabin needs, Henry's new home ends up being a lot bigger than it looks! Inspired by the life of Henry David Thoreau, and illustrated with nature-filled paintings by author and artist D. B. Johnson, *Henry Builds a Cabin* is a thoughtful and beautiful meditation on what a home can be.

Great Possessions is David Kline's classic memoir celebrating his life as an Amish farmer in Southern Ohio. "Infectiously avid, the author shares his knowledge of mushrooming in spring, chopping firewood in fall, maple-sugaring in late winter, bird-watching all year round, and going on walks across the countryside with his children, ``just . . . seeing things." His reverence for nature and his deep religious faith are palpable, and he argues convincingly for the ``small-scale diversified farming" of the Amish, which ultimately gives back to the earth more than it takes." - Publishers Weekly
