Secret Language of Color Boys Town Press

In 1949, three of Will Eisner's 'ghosts' created this remarkable horror comic strip featuring Dr. Desmond Drew, a paranormal investigator - a Sherlock Holmes of the supernatural. Beautifully drawn by future Creepy contributor Jerry Grandenetti and written in a gripping pulp style by Marilyn Mercer, these 13 chilling stories have been collected and digitally restored while retaining the exquisite design and artwork that characterised the output of the legendary Eisner studios.

Dr. Seuss's Spooky Things Little, Brown

In this hilarious tale of mishap and misadventure, Dr. Seuss reminds us just how lucky we are.

The Cat in the Hat. Oxford University Press

Award-winning author Kathleen Krull zeros in on the formative first 22 years of the life of Ted Geisel. This is the first picture book biography of Dr. Seuss, written especially for his young fans who want to know what made him tick. The animals in the zoo that his father ran and his fondness for drawing them, the injustices he suffered as the child of German immigrants, and his inherent sense of humor all fed into the imagination of this boy. He was a square peg in a round hole until he found that he could make a living doing exactly what he pleased—doodling and writing funny things about the world as he saw it. The last section of the book outlines the important events in his adult life. In addition to the evocative paintings by Steve Johnson and Lou Fancher, the book is profusely decorated with art from Dr. Seuss books. **The Secret Art of Being a Parent** Houghton Mifflin Harcourt Carve out family time for this Halloween-themed board book featuring Thing One and Thing Two from Dr. Seuss's *The Cat in the Hat!* Written in super-simple rhyme, children will giggle with glee at this ever-so-slightly spooky board book starring Things One and Two dressing up in classic Halloween costumes—including ghosts, bats, skeletons, black cats, and pumpkins! It's a sweet Halloween treat and a great way to introduce little ones to the world of Dr. Seuss!

My Many Colored Days Knopf Books for Young Readers

Most people have visited a doctor's office or emergency room in their lifetime to gain clarity about an ailment or check in after a procedure. While doctors strive to ensure their patients understand their diagnoses, rarely do those outside the medical community understand the words and phrases we hear practitioners yell across a hospital hallway or murmur to a colleague behind office doors. Doctors and nurses use a kind of secret language, comprised of words unlikely to be found in a medical textbook or heard on television. In *The Secret Language of Doctors*, Dr. Brian Goldman decodes those code words for the average patient. What does it mean when a patient has the symptoms of "incarceritis"? What are "blocking" and "turfing"? And why do you never want to be diagnosed with a "horrendoma"? Dr. Goldman reveals the meaning behind the colorful and secret expressions doctors use to describe difficult patients, situations, and medical conditions—including those they

don't want you to know. Gain profound insight into what doctors really think about patients in this funny and biting examination of modern medical culture.

Doctor Who: The Secret in Vault 13 Chronicle Books

Theodor Seuss Geisel, creator of Horton the Elephant, the Grinch, the Cat in the Hat, and a madcap menagerie of the best-loved children's characters of all time, stands alone as the preeminent figure of children's literature. But Geisel was a private man who was happier at the drawing table than he was across from any reporter or would-be biographer. Under the thoughtful scrutiny of Charles D. Cohen, Geisel's lesser known works yield valuable insights into the imaginative and creative processes of one of the 20th century's most original thinkers.

The Secret of the Yellow Death Random House Books for Young Readers

Brings together over 300 all-new cartoons from the WWII era, including over 100 by Dr Seuss, 50 by The New Yorker's Saul Steinberg and works by Al Hirschfeld, Carl Rose and Mischa Richter. The cartoons and commentary cover the five years of the war and are divided into five chapters exploring the years leading up to the war, Hitler and Germany, Hitler's Allies, The Home Front and Germany's defeat.

Eighteen Books of the Secrets of Art & Nature HarperCollins UK

The books that we choose to keep -- let alone read -- can say a lot about who we are and how we see ourselves. In *My Ideal Bookshelf*, dozens of leading cultural figures share the books that matter to them most; books that define their dreams and ambitions and in many cases helped them find their way in the world. Contributors include Malcolm Gladwell, Thomas Keller, Michael Chabon, Alice Waters, James Patterson, Maira Kalman, Judd Apatow, Chuck Klosterman, Miranda July, Alex Ross, Nancy Pearl, David Chang, Patti Smith, Jennifer Egan, and Dave Eggers, among many others. With colorful and endearingly hand-rendered images of book spines by Jane Mount, and first-person commentary from all the contributors, this is a perfect gift for avid readers, writers, and all who have known the influence of a great book.

50 Secrets of Magic Craftsmanship Penguin

These fabulous, whimsical paintings, created for his own pleasure and never shown to the public, show Geisel (a.k.a. Dr. Seuss) in a whole new light. Depicting outlandish creatures in otherworldly settings, the paintings use a dazzling rainbow of hues not seen in the primary-color palette of his books for children, and exhibit a sophisticated and often quite unrestrained side of the artist. 65 color illustrations.

The art of Tim Burton Black Dog & Leventhal

THE NEW YORK TIMES BESTSELLER As seen on *The Joe Rogan Experience!* A groundbreaking dive into the role psychedelics have played in the origins of Western civilization, and the real-life quest for the Holy Grail that could shake the Church to its foundations. The most influential religious historian of the 20th century, Huston Smith, once referred to it as the "best-kept secret" in history. Did the Ancient Greeks use drugs to find God? And did the earliest Christians inherit the same, secret tradition? A profound knowledge of visionary plants, herbs and fungi passed from one generation to the next, ever since the Stone Age? There is zero archaeological evidence for the original Eucharist — the sacred wine said to guarantee life after death for those who drink the blood of Jesus. The Holy Grail and its miraculous contents have never been found. In the absence of any hard data, whatever happened at the Last Supper remains an article of faith for today's 2.5 billion Christians. In an unprecedented search for answers, *The Immortality Key* examines the archaic roots of the ritual that is performed every Sunday for nearly one third of the planet. Religion and science converge to paint a radical picture of Christianity's founding event. And after centuries of debate, to solve history's greatest puzzle. Before the birth of Jesus, the Ancient Greeks found

salvation in their own sacraments. Sacred beverages were routinely consumed as part of the so-called Ancient Mysteries — elaborate rites that led initiates to the brink of death. The best and brightest from Athens and Rome flocked to the spiritual capital of Eleusis, where a holy beer unleashed heavenly visions for two thousand years. Others drank the holy wine of Dionysus to become one with the god. In the 1970s, renegade scholars claimed this beer and wine — the original sacraments of Western civilization — were spiked with mind-altering drugs. In recent years, vindication for the disgraced theory has been quietly mounting in the laboratory. The constantly advancing fields of archaeobotany and archaeochemistry have hinted at the enduring use of hallucinogenic drinks in antiquity. And with a single dose of psilocybin, the psychopharmacologists at Johns Hopkins and NYU are now turning self-proclaimed atheists into instant believers. But the smoking gun remains elusive. If these sacraments survived for thousands of years in our remote prehistory, from the Stone Age to the Ancient Greeks, did they also survive into the age of Jesus? Was the Eucharist of the earliest Christians, in fact, a psychedelic Eucharist? With an unquenchable thirst for evidence, Muraresku takes the reader on his twelve-year global hunt for proof. He tours the ruins of Greece with its government archaeologists. He gains access to the hidden collections of the Louvre to show the continuity from pagan to Christian wine. He unravels the Ancient Greek of the New Testament with the world's most controversial priest. He spelunks into the catacombs under the streets of Rome to decipher the lost symbols of Christianity's oldest monuments. He breaches the secret archives of the Vatican to unearth manuscripts never before translated into English. And with leads from the archaeological chemists at UPenn and MIT, he unveils the first scientific data for the ritual use of psychedelic drugs in classical antiquity. *The Immortality Key* reconstructs the suppressed history of women consecrating a forbidden, drugged Eucharist that was later banned by the Church Fathers. Women who were then targeted as witches during the Inquisition, when Europe's sacred pharmacology largely disappeared. If the scientists of today have resurrected this technology, then Christianity is in crisis. Unless it returns to its roots. Featuring a Foreword by Graham Hancock, the NYT bestselling author of *America Before*.

Theodor Geisel Random House Books for Young Readers

In celebration of the first female Doctor Who in history and the new TV series airing October 7, 2018! Bestselling author David Solomons delivers a super smart and vibrant new heroine in an original adventure bursting with action and humor. The Doctor has never faced a challenge quite like this. The Doctor has been summoned. The galaxy is in terrible danger, and only a Time Lord can save it. But to do so, she must break into the ancient Galactic Seed Vault. And at its heart lies a secret: Vault 13. The Vault has remained unopened for millions of years and is located on a remote and frozen world--from which nobody has ever returned alive. . . . Can the Doctor and her friends Yaz, Ryan, and Graham uncover the shocking secret in Vault 13?

My Ideal Bookshelf New Press/ORIM

Before his worldwide fame as a bestselling children's author, Dr. Seuss was a magazinewriter and cartoonist. His genius mix of visual hilarity, nonsense language, and absurdist humor illuminates this entertaining compilation of items from the Doctor's early — and often forgotten — career. Includes features for periodicals

such as Judge, Life, College Humor, and Liberty. Reprint of The Tough Coughs As He Ploughs the Dough: Early Writings and Cartoons, William Morrow & Company, Inc., 1987

The Secret Art of Antonin Artaud RH Childrens Books

I don't know how you got here but this page isn't for you. This is an extremely dangerous book with a very deadly secret. It is an alarming account of two extraordinary adventurers, a missing magician's diary, a symphony of smells and a deadly secret... If you're both curious and brave, visit

www.thenameofthisbookissecret.co.uk - but remember - I warned you. "Many different types of readers will thoroughly enjoy this tale including fans of Anthony Horowitz and Lemony Snicket.

The book is an interesting read where many types of emotions overwhelm you such as horror, grief, mystery, anxiety the lot.

Mixed with a hint of sweet satisfaction that you have finally read the story. I honestly do not know how I lived without reading the book - it baffles me." - Guardian Children's Books Shortlisted

Bedfordshire Children's Book of the Year Award 2009, selected for the Premier League Reading Stars programme

The Lorax Random House Books for Young Readers

The Butter Battle Book, Dr. Seuss's classic cautionary tale, introduces readers to the important lesson of respecting differences. The Yooks and Zooks share a love of buttered bread, but animosity brews between the two groups because they prefer to enjoy the tasty treat differently. The timeless and topical rhyming text is an ideal way to teach young children about the issues of tolerance and respect. Whether in the home or in the classroom, The Butter Battle Book is a must-have for readers of all ages. This Read & Listen edition contains audio narration.

The Secret Art of Dr. Seuss Courier Corporation

In this beautiful and thorough investigation, The Secret Language of Color celebrates and illuminates the countless ways in which color colors our world. Why is the sky blue, the grass green, a rose red? Most of us have no idea how to answer these questions, nor are we aware that color pervades nearly all aspects of life, from the subatomic realm and the natural world to human culture and psychology. Organized into chapters that begin with a fascinating explanation of the physics and chemistry of color, The Secret Language of Color travels from outer space to Earth, from plants to animals to humans. In these chapters we learn about how and why we see color, the nature of rainbows, animals with color vision far superior and far inferior to our own, how our language influences the colors we see, and much more. Between these chapters, authors Joann Eckstut and Ariele Eckstut turn their attention to the individual hues of the visible spectrum?red, orange, yellow, green, blue, and violet?presenting each in fascinating, in-depth detail. Including hundreds of stunning photographs and dozens of informative, often entertaining graphics, every page is a breathtaking demonstration of color and its role in the world around us. Whether you see red, are a shrinking violet, or talk a blue streak, this is the perfect book for anyone interested in the history, science, culture, and beauty of color in the natural and man-made world.
