The Secret Life of Prince Charming: A Review by Emma Carbone July 14, 2009 The Secret Life of Prince Charming (2009) is the latest book from critically acclaimed writer Deb Caletti. Some have suggested that the cover art is misleading, suggesting to readers that they will find a peppy, romantic comedy type of book inside.

*Royal secret: Inside life at Anmer Hall with Kate and ...*

In The Secret Life of Prince Charming Deb Caletti tells us the unique story of a girl who finds out a secret about her ambitious and self-centered father where she winds up on a road trip with her sister, half sister, and her half-sister's boyfriends brother, who, she might just have the hots for. Her journey teaches her lots of lessons, and though she didn't even really know what the trip was about to begin with, she came out a whole new person, and she understood what she really wanted.

The Secret Life of Prince - Rolling Stone

In many ways, The Secret Life of Prince Charming is a book every young girl should read, before we fall in love (or "love") for the first time. There's actually a lot of good advice in this book about character traits that maybe one should be wary of when choosing a mate - and really, they're not traits that are exclusive to men.
