Beware! Dangerous secrets lie between the pages of this book. OK, I warned you. But if you think I'll give anything away, or tell you that this is the sequel to my first literary endeavor, The Name of This Book is Secret, you're wrong. I'm not going to remind you of how we last left our heroes, Cass and Max-Ernest, as they awaited initiation into the mysterious Terces Society, or the ongoing fight against the evil Dr. L and Ms. Mauvais. I certainly won't be telling you about how the kids stumble upon the Museum of Magic, where they finally meet the amazing Pietro! Oh, blast! I've done it again. Well, at least I didn't tell you about the missing Sound Prism, the nefarious Lord Pharaoh, or the mysterious

creature born in a bottle over 500 years ago, the key to the biggest secret of all. I really can't help myself, now can I? Let's face it - if you're reading this, it's too late.

Secret Seven series companion to the New

York Times bestselling Secret Series teases, prompts, and leads readers through the steps of writing a story. Bosch's signature rip-roaring voice delivers an engaging narrative (for the reader to help complete!) and interactive puzzles and games. Readers get the chance to create their own story while enjoying a satisfying mystery as well. Here's a note from our fearless "author": I feared this might happen. I knew reading was a dangerous business, but now it's not safe for writers either! You see, the author of this book is missing. Well, maybe not "missing." A certain author whom I won't name (okay, me) has abandoned his book and has left his readers hanging out to

dry. This is a crime, I admit, but there it is. Most of this book, well, I just haven't written it. And I'm not going to, either. Why? Oh, I have my reasons. Big. Grown up. Author. Reasons. Unfortunately, I can't reveal them yet. Let's just say a life is at stake (mine) and leave it at that. So will you do it? Pretty please? You'll do it? Thank you! But please hurry! Time is of the essence and you can't wait any longer. You must WRITE THIS BOOK!

Hidden Figures meets Wonder Woman in this action-packed, comic-inspired adventure about a brilliant girl puzzler who discovers she's part of a superhero team—the first in a new series! Josie O'Malley does a lot to help out Mam after her father

goes off to fight the Nazis, but she wishes she could do more—like all those caped heroes who now seem to have disappeared. If Josie can't fly and control weather like her idol, Zenobia, maybe she can put her math smarts to use cracking puzzles for the government. After an official tosses out her puzzler test because she's a girl, it soon becomes clear that an even more top-secret agency has its eye on Josie, along with two other applicants: Akiko and Mae. The trio bonds over their shared love of female superhero celebrities, from Hauntima to Zenobia to Hopscotch. But

during one extraordinary afternoon, they find themselves transformed into the newest (and youngest!) superheroes in town. As the girls' abilities slowly begin to emerge, they learn that their skills will be crucial in thwarting a shapeshifting henchman of Hitler, and, just maybe, in solving an even larger mystery about the superheroes who've recently gone missing. Inspired by remarkable real-life women from World War II—the human computers and earliest programmers called "the ENIAC Six"—this pulse-pounding adventure

features bold action and brave thinking, with forty-eight pages of comic book style graphic panels throughout the book. Readers will want to don their own capes for an adventure, and realize they have the power to be a superhero, too!

Something strange is happening at the Clarksville City Zoo. Late at night, monkeys are scaling the walls and searching the neighborhood—but what are they looking for? Noah, his sister Megan, and their best friends, Richie and Ella, live next door to the zoo. Megan is the first to notice the puzzling behavior

of some of the animals.

One day Megan disappears, and her brother and their friends realize it's up to them to find her. Their only choice is to follow a series of clues and sneak into the zoo. But once inside, they discover there's much more to the Clarksville City Zoo than they could ever have guessed...

The author originally had the idea for The Secret Zoo when he was nine and wondered what would happen if zoo exhibits had secret doors that allowed kids to go inside—and the animals to come outside. He brings that sense of adventure and excitement to the books in this series, making them a favorite for home and classroom reading along with such middle grade

fantasy favorites as
