On the Way to the Wedding Penguin

Three bestselling authors. Two delightful novels. One terrific collection! From Julia Quinn, author of the Bridgerton series, now streaming on Netflix—writing along with close friends and popular authors Eloisa James and Connie Brockway—comes THE LADIES MOST... a duo of cleverly crafted novels, *The Lady Most Likely* and *The Lady Most Willing*, together for the first time. THE LADY MOST LIKELY Hugh Dunne, the Earl of Briarly, needs a wife, so his sister hands him a list of delectable damsels and promises to invite them—and a few other gentlemen—to her country house for what is sure to be the event of the season. Hugh will have time to woo whichever lady he most desires. Unless someone else snatches her first. The invitation list includes: The always outspoken Miss Katherine Peyton The impossibly beautiful (and painfully shy) Miss Gwendolyn Passmore The widowed Lady Georgina Sorrell (who has no plans to marry, ever) And your hostess, Lady Carolyn Finchley, an irrepressible matchmaker with romantic plans for every last one of them—especially THE LADY MOST LIKELY to marry an eligible Earl. THE LADY MOST WILLING Taran Ferguson, laird of his clan, is determined that his ancient (if not so honorable) birthright be secured before he dies. When both his nephews refuse to wed, he takes matters into his own hands, raiding an English lord's Christmas ball and making off with four lovely potential brides (and one very irate duke). When his nephews, the Comte de Rocheforte and the Earl of Oakley, arrive for their annual holiday visit, they are drawn into a matchmaking party, of sorts. Among the unwitting guests are: Miss Fiona Chisholm, a beauty with a scandalous past Lady

Cecily Tarleton, a lovely heiress—but she's English Miss Catriona Burns, a lady with no name or fortune, so clearly someone made a mistake! As the snow piles up outside the highland castle, and the guests are forced to pass the time together, the initial dismay turns to unanticipated attractions and then irresistible passions – and indeed, there might be one LADY MOST WILLING to marry a Scottish lord.

Experience is making a comeback. Learn how to repurpose your wisdom. At age 52, after selling the company he founded and ran as CEO for 24 years, rebel boutique hotelier Chip Conley was looking at an open horizon in midlife. Then he received a call from the young founders of Airbnb, asking him to help grow their disruptive start-up into a global hospitality giant. He had the industry experience, but Conley was lacking in the digital fluency of his 20-something colleagues. He didn't write code, or have an Uber or Lyft app on his phone, was twice the age of the average Airbnb employee, and would be reporting to a CEO young enough to be his son. Conley quickly discovered that while he'd been hired as a teacher and mentor, he was also in many ways a student and intern. What emerged is the secret to thriving as a mid-life worker: learning to marry wisdom and experience with curiosity, a beginner's mind, and a willingness to evolve, all hallmarks of the "Modern Elder." In a world that venerates the new, bright, and shiny, many of us are left feeling invisible, undervalued, and threatened by the "digital natives" nipping at our heels. But Conley argues that experience is on the brink of a comeback. Because at a time when power is shifting younger, companies are finally waking up to the value of the humility, emotional intelligence, and wisdom that come with age. And while digital skills might have only the shelf life of the latest fad or gadget, the human skills that mid-career workers possess—like good judgment, specialized knowledge, and the ability to collaborate and coach—never expire. Part manifesto and part playbook, *Wisdom@Work* ignites an urgent conversation about ageism in the workplace, calling on us to treat age as we would other type of diversity. In the process, Conley liberates the term "elder" from the stigma of "elderly," and inspires us to embrace wisdom as a path to growing whole, not old. Whether you've been forced to make a mid-career change, are choosing to work past retirement age, or are struggling to keep up with the millennials rising up the ranks, *Wisdom@Work* will help you write your next chapter.
