An "extraordinary biography" (New York Times Book Review) of a brilliant pair of adventurers. Their marriage was both improbable and inevitable. Isabel Arundell was a schoolgirl, the scion of England's most distinguished Catholic family. When she first saw him while walking at a seaside resort, Richard Burton had already made his mark as a linguist (he was fluent in twenty-nine languages), scholar, soldier, and explorer--at once a symbol of Victorian England's vision of empire and an avowed rebel against its mores. When she turned and saw him staring after her, she decided that she would marry him. By their next meeting, Burton had become the first infidel to infiltrate Mecca as one of the faithful, and, in an expedition to discover the source of the Nile, would soon be the first white man to see Lake Tanganyika. After being married, the Burtons traveled and experienced the world, from diplomatic postings in Brazil and Africa to hair-raising

adventures in the Syrian desert. In later life Richard courted further controversy as a self-proclaimed erotologist and the translator of *The Kama Sutra*. Based on previously unavailable archives, Mary Lovell has written a compelling joint biography that sets Isabel in her proper place as Burton's equal in daring and endurance, a fascinating figure in her own right. *The Lost Symbol* Penguin
FROM REVIEWS OF THE ORIGINAL EDITION:
"Burton's own narratives...are classics of travel. Best known is the account of his journey to Medina and Mecca, closed to non-Muslims.... As Hayman observes, [Burton] reveals his volatile temper as well as his amazing capacity to assimilate information which must have been retained in his head, as no writing was permitted."--"History Today
"Burton's lectures...give the full flavor of both his fierce temperament and his fiercer curiosity."--"Los Angeles Times

From the award-winning historian, war reporter, and author Damien Lewis (*Zero Six Bravo*, *Judy*) comes

the incredible true story of the top-secret "butcher-and-bolt" black ops units Prime Minister Winston Churchill assigned the task of stopping the unstoppable German war machine. Criminals, rogues, and survivalists, the brutal tactics and grit of these "deniables" would define a military unit the likes of which the world had never seen. When France fell to the Nazis in spring 1940, Churchill declared that Britain would resist the advance of the German army--alone if necessary. Churchill commanded the Special Operations Executive to secretly develop of a very special kind of military unit that would operate on their own initiative deep behind enemy lines. The units would be licensed to kill, fully deniable by the British government, and a ruthless force to meet the advancing Germans. The very first of these "butcher-and-bolt" units--the innocuously named Maid Honour Force--was led by Gus March-Phillipps, a wild British eccentric of high birth, and an aristocratic, handsome, and bloodthirsty young Danish warrior, Anders Lassen. Amped up on amphetamines, these assorted renegades and sociopaths undertook the very first of Churchill's special operations--a top-secret, high-stakes mission to seize Nazi shipping in the far-distant port of Fernando Po, in West Africa. Though few of these early desperadoes survived WWII, they took part in a series of fascinating, daring missions that changed the course of the war. It was the first stirrings of the modern special-ops team, and all of the men involved would be declared war heroes when it was all over. The Ministry of Ungentlemanly Warfare focuses on a dozen of these extraordinary men, weaving their stories of brotherhood, comradely, and elite soldiering into a gripping narrative yarn, from the earliest missions to Anders Lassen's tragic death, just weeks before the end of the war.

using business to make a positive impact in the world. Richard Branson, one of the world's most famous and admired business leaders, argues that it's time to turn capitalism upside down—to shift our values from an exclusive focus on profit to also caring for people, communities and the planet. As he writes, “My message is a simple one: business as usual isn't working. In fact, it's ‘business as usual’ that's wrecking our planet. Resources are being used up; the air, the sea, the land—are all heavily polluted. The poor are getting poorer.

Many are dying of starvation or because they can't afford a dollar a day for life-saving medicine. . . . Propheying doom and gloom is simply not my style. . . . I think business can help fix things and create a more prosperous world for everyone. I happen to believe in business because I believe that business can be a force for good. By that I mean doing good is good for business.” *Screw Business as Usual* shows how easy it is for both businesses and individuals to embark on a whole new way of doing things, solving major problems and turning our work into something we both love and are proud of. *Screw Business As Usual* Vintage The final book in the Smythe-Smiths Quartet, a dazzlingly witty series by the bestselling author of *Bridgerton*.
