Ever wondered why your grandmother threw a teabag into the pressure cooker while boiling chickpeas, or why she measured using the knuckle of her index finger? Why does a counter-intuitive pinch of salt make your kheer more intensely flavourful? What is the Maillard reaction and what does it have to do with fenugreek? What does your high-school chemistry knowledge, or what you remember of it, have to do with perfectly browning your onions? Masala Lab by Krish Ashok is a science nerd's exploration of Indian cooking with the ultimate aim of making the reader a better cook and turning the kitchen into a joyful, creative playground for culinary experimentation. Just like memorizing an equation might have helped you pass an exam but not become a chemist, following a recipe without knowing its rationale can be a sub-optimal way of learning how to cook. Exhaustively tested and researched, and with a curious and engaging approach to food, Krish Ashok puts together the one book the Indian kitchen definitely needs, proving along the way that your grandmother was right all along.

"Book and man are brilliant, passionate, optimistic and impatient . . . Outstanding." —The Economist The landmark exploration of economic prosperity and how the world can escape from extreme poverty for the world's poorest citizens, from one of the world's most renowned economists Hailed by Time as one of the world's hundred most influential people, Jeffrey D. Sachs is renowned for his work around the globe advising economies in crisis. Now a classic of its genre, *The End of Poverty* distills more than thirty years of experience to offer a uniquely informed vision of the steps that can transform impoverished countries into prosperous ones. Marrying vivid storytelling with rigorous analysis, Sachs lays out a clear conceptual map of the world economy. Explaining his own work in Bolivia, Russia, India, China, and Africa, he offers an integrated set of solutions to the interwoven economic, political, environmental, and social problems that challenge the world's poorest countries. Ten years after its initial publication, *The End of Poverty* remains an indispensable and influential work. In this 10th anniversary edition, Sachs presents an extensive new foreword assessing the progress of the past decade, the work that remains to be done, and how each of us can help. He also looks ahead across the next fifteen years to 2030, the United Nations' target date for ending extreme poverty, offering new insights and recommendations.

[The Epic Mahabharata - Book 1: The Children Of Midnight](#) Shambhala Publications

India's fault lines run wide and deep. Some of them go back centuries, others are of comparatively recent origin. The myriad villains these fault lines have spawned include rapists, murderers, terrorists, prophets of religious hatred, corrupt politicians, upholders of abhorrent caste traditions, opponents of free speech and dissent, apologists for regressive cultural practices, and external adversaries who try to destabilize our borders. All of them are responsible for impeding the country's progress, destroying the lives of numberless innocents, usually the poorest and most vulnerable of our people, and besmirching the democratic, plural, free and secular nature of our society. Set against these enemies of our nation's promise are the heroic ones—the poor, illiterate woman who was gang-raped but helped change the nation's attitude towards women through her determined fight for justice; the young soldier whose courage and sacrifice in the high Himalayas was an inspiration to his comrades fighting the Kargil War; the wife whose husband was beheaded by Maoist terrorists, yet sought not revenge but succour for the poor and underprivileged; and the son of the village blacksmith who was lynched by a mob of religious fundamentalists appealing for an end to discord and sectarian violence. These stories, and dozens of others like them, map our country's fault lines. In this book, Barkha Dutt recounts the ones that have left an indelible mark on her. Taken together, they provide a vivid, devastating and unforgettable portrait of our unquiet land.

The historical novel 'Ashoka the Great' is the life story of one of India's greatest monarchs, living in the 3rd century B.C. The Ashoka-chakra, the wheel of Dharma, adorns since India's independence the Indian flag. His nearly 40 years' government is viewed today by scholars as the first welfare state the world has known. In part 1 of the trilogy, *The Wild Prince*, we see how his passionate but honest character leads him often into difficulties. He is praised for his pride and courage yet feared for his direct tough actions, looking through the trickery of enemies. As the successor of his father he becomes *The Wise Ruler*, part 2, a governor ruling with wisdom, strict laws and justice. After a terrible war in which numerous people lost their life, he embraced Buddhism, forswearing all wars of attack. After years of ruling, applying the wisdom of Gautama the Buddha, he becomes Dharmashoka, the great admonisher, part 3.

EuroTragedy is an incisive exploration of the tragedy of how the European push for integration was based on illusions and delusions pursued in the face of warnings that the pursuit of unity was based on weak foundations.

[A Desolation Called Peace](#) University Press of Kentucky

A seven-year-old girl puts a nail gun to her grandmother's neck and fires. An isolated incident, say the experts. The experts are wrong. Across the world, children are killing their families. Is violence contagious? As chilling murders by children grip the country, anthropologist Hesketh Lock has his own mystery to solve: a bizarre scandal in the Taiwan timber industry. Hesketh has never been good at relationships: Asperger's Syndrome has seen to that. But he does have a talent for spotting behavioral patterns and an outsider's fascination with group dynamics. Nothing obvious connects Hesketh's Asian case with the atrocities back home. Or with the increasingly odd behavior of his beloved stepson, Freddy. But when Hesketh's Taiwan contact dies shockingly and more acts of sabotage and child violence sweep the globe, he is forced to acknowledge possibilities that defy the rational principles on which he has staked his life, his career, and, most devastatingly of all, his role as a father. Part psychological thriller, part dystopian nightmare, *The Uninvited* is a powerful and viscerally unsettling portrait of apocalypse in embryo.

Why has inequality increased in the Western world - and what can we do about it? In *The Great Divide*, Joseph E. Stiglitz expands on the diagnosis he offered in his best-selling book *The Price of Inequality* and suggests ways to counter this growing problem. With his characteristic blend of clarity and passion, Stiglitz argues that inequality is a choice - the cumulative result of unjust policies and misguided priorities. In these essays, articles and reflections, Stiglitz fully exposes the inequality - from its dimensions and its causes to its consequences for the world - that is afflicting America and other Western countries in thrall to neoliberalism. From Reagan-era policies to the Great Recession and its long aftermath, Stiglitz delves into the processes and irresponsible policies - deregulation, tax cuts for the rich, the corruption of the political process - that are leaving many people further and further behind and turning the dream of a socially mobile society into an ever more unachievable myth. With formidable yet accessible economic insight, he urges us to embrace real solutions: increasing taxes on corporations and the wealthy; investing in education, science, and infrastructure; helping homeowners instead of banks; and, most importantly, doing more to restore the economy to full employment. Stiglitz's analysis reaches beyond America - the inequality leader of the developed world - to draw lessons from Scandinavia, Singapore, and Japan, and he argues against the tide of unnecessary, destructive austerity that is sweeping across Europe. Ultimately, Stiglitz believes our choice is not between growth and fairness; with the right policies, we can choose both.

The aim of raising global awareness on the multitude of benefits of pulses was integral to the International Year of Pulses. This coffee table book is part guide and part cookbook—informative without being technical. The book begins by giving an overview of pulses, and explains why they are an important food for the future. It also has more than 30 recipes prepared by some of the most prestigious chefs in the world and is peppered with infographics. Part I gives an overview of pulses and gives a brief guide to the main varieties in the world. Part II explains step-by-step how to cook them, what to keep in mind and what condiments and instruments to use. Part III underscores the five messages that FAO conveys to the world about the impact pulses have on nutrition, health, climate change, biodiversity and food security. Part IV illustrates how pulses can be grown in a garden patch with easy gardening instructions and how they are grown in the world, highlighting major world producers, importers and exporters. Part V takes the reader on a journey around the world showing how pulses fit a region's history and culture and visits 10 internationally acclaimed chefs as they go the market to buy pulses. Back at their restaurant or home, each chef prepares easy dishes and gives their best kept secrets. Each chef provides 3 recipes that are beautifully illustrated.

Fans have long wondered what happened to Ahsoka after she left the Jedi Order near the end of the Clone Wars, and before she re-appeared as the mysterious Rebel operative Fulcrum in *Rebels*. Finally, her story will begin to be told. Following her experiences with the Jedi and the devastation of Order 66, Ahsoka is unsure she can be part of a larger whole ever again. But her desire to fight the evils of the Empire and protect those who need it will lead her right to Bail Organa, and the Rebel Alliance....

Ashoka the Fierce Food & Agriculture Organization of the UN (FAO)

"Her great virtue as an advocate is that she is not a reductionist. Her awareness of the complex connections among economy and nature and culture preserves her from oversimplification. So does her understanding of the importance of diversity."—Wendell Berry, from the foreword Motivated by agricultural devastation in her home country of India, Vandana Shiva became one of the world's most influential and highly acclaimed environmental and antiglobalization activists. Her groundbreaking research has exposed the destructive effects of monocultures and commercial agriculture and revealed the links between ecology, gender, and poverty. In *The Vandana Shiva Reader*, Shiva assembles her most influential writings, combining trenchant critiques of the corporate monopolization of agriculture with a powerful defense of biodiversity and food democracy. Containing up-to-date data and a foreword by Wendell Berry, this essential collection demonstrates the full range of Shiva's research and activism, from her condemnation of commercial seed technology, genetically modified organisms (GMOs), and the international agriculture industry's dependence on fossil fuels, to her tireless documentation of the extensive human costs of ecological deterioration. This important volume illuminates Shiva's profound understanding of both the perils and potential of our interconnected world and calls on citizens of all nations to renew their commitment to love and care for soil, seeds, and people.

A lighthearted chronicle of how foods have transformed human culture throughout the ages traces the barley- and wheat-driven early civilizations of the near East through the corn and potato industries in America.

Ashoka the Great Penguin Classics

Ravana is dead. The asura threat is ended. At last Rama is on the throne of Ayodhya, seeking only to live in peace with his beloved Sita. But their peace does not last long because evil never dies, it only changes form and shape. An old enemy breaks free of his subterranean prison to convey a shocking message. An army arrives at the gates of Ayodhya, led by a mysterious being bearing a terrible weapon. Is Rama truly following his dharma or being manipulated by a plot masterfully orchestrated by Ravana? This long-awaited seventh volume in Ashok K. Banker's acclaimed Ramayana Series, soon to be followed by the eighth and final volume *Sons of Sita*, begins an enthralling two-part conclusion to the epic saga. The original Ramayana was written three thousand years ago. Now, with breathtaking imagination and brilliant storytelling, Ashok K. Banker has recreated this epic tale for modern readers everywhere.
