Prize “Everything about this novel rings true. . . . Original, funny, disarmingly oblique and unique.”—The Guardian In an unnamed city, middle sister stands out for the wrong reasons. She reads while walking, for one. And she has been taking French night classes downtown. So when a local paramilitary known as the milkman begins pursuing her,

she suddenly becomes “interesting,” the last thing she ever wanted to be. Despite middle sister’s attempts to avoid him—and to keep her mother from finding out about her maybe-boyfriend—rumors spread and the threat of violence lingers. Milkman is a story of the way inaction can have enormous repercussions, in a time when the wrong flag, wrong religion, or even a sunset can be subversive. Told with ferocious energy and sly, wicked humor, Milkman establishes Anna Burns as one of the most consequential voices of our day.

Stories of Inequality in a Divided Nation Ballantine Books

Percival Everett's *Erasure* is a blistering satire about race and writing Thelonious "Monk" Ellison's writing career has bottomed out: his latest manuscript has been rejected by seventeen publishers, which stings all the more because his previous novels have been "critically acclaimed." He seethes on the sidelines of the literary establishment as he watches the meteoric success of *We's Lives in Da Ghetto*, a first novel by a woman who once visited "some relatives in Harlem for a couple of days." Meanwhile, Monk struggles with real family tragedies—his aged mother is fast

succumbing to Alzheimer's, and he still grapples with the reverberations of his father's suicide seven years before. In his rage and despair, Monk dashes off a novel meant to be an indictment of Juanita Mae Jenkins's bestseller. He doesn't intend for *My Pafology* to be published, let alone taken seriously, but it is—under the pseudonym Stagg R. Leigh—and soon it becomes the Next Big Thing. How Monk deals with the personal and professional fallout galvanizes this audacious, hysterical, and quietly devastating novel.

Layering climate science, mythologies, nature writing, and personal experiences, this New York Times Notable Book presents a stunning reckoning with our current moment and with the literal and figurative end of time. *Desert Notebooks* examines how the unprecedented pace of destruction to our

environment and an increasingly unstable geopolitical landscape have led us to the brink of a calamity greater than any humankind has confronted before. As inhabitants of the Anthropocene, what might some of our own histories tell us about how to confront apocalypse? And how might the geologies and ecologies of desert spaces inform how we see and act toward time—the pasts we have erased and paved over, this anxious present, the future we have no choice but to build?

Ehrenreich draws on the stark grandeur of the desert to ask how we might reckon with the uncertainty that surrounds us and fight off the crises that have already begun. In the canyons and oases of the Mojave and in Las Vegas's neon apocalypse, Ehrenreich finds beauty, and even hope, surging up in the most unlikely places, from the most barren

rocks, and the apparent emptiness of the sky. *Desert Notebooks* is a vital and necessary chronicle of our past and our present—unflinching, urgent—yet timeless and profound.

• BuzzFeed • BookRiot • Southern Living The World Doesn't Require You announces the arrival of a generational talent, as Rion Amilcar Scott shatters rigid genre lines to explore larger themes of religion, violence, and love—all told with sly humor and a dash of magical realism. Established by the leaders of the country's only successful slave revolt in the mid-nineteenth century, *Cross River* still evokes the fierce rhythms of its founding. In lyrical prose and singular dialect, a saga beats forward that echoes the fables carried down for generations—like the screecher

birds who swoop down for their periodic sacrifice, and the water women who lure men to wet deaths. Among its residents—wildly spanning decades, perspectives, and species—are David Sherman, a struggling musician who just happens to be God's last son; Tyrone, a ruthless PhD candidate, whose dissertation about a childhood game ignites mayhem in the neighboring, once-segregated town of Port Yooga; and Jim, an all-too-obedient robot who serves his Master. As the book builds to its finish with *Special Topics in Loneliness Studies*, a fully-realized novella, two unhinged professors grapple with hugely different ambitions, and the reader comes to appreciate the intricacy of the world Scott has created—one where fantasy and reality are eternally at war. Contemporary and essential, *The World Doesn't Require You* is a “leap into a blazing new level of brilliance” (Lauren Groff) that affirms Rion Amilcar Scott as a writer whose storytelling gifts the world very much requires.

This groundbreaking dual biography brings to life a pioneering English feminist and the daughter she never knew. Mary Wollstonecraft and Mary Shelley have each been the subject of numerous biographies, yet no one has ever examined their lives in one book—until now. In *Romantic Outlaws*, Charlotte Gordon reunites the trailblazing author who wrote *A Vindication of the Rights of*

Woman and the Romantic visionary who gave the world *Frankenstein*—two courageous women who should have shared their lives, but instead shared a powerful literary and feminist legacy. In 1797, less than two weeks after giving birth to her second daughter, Mary Wollstonecraft died, and a remarkable life spent pushing against the boundaries of society's expectations for women came to an end. But another was just beginning. Wollstonecraft's daughter Mary was to follow a similarly audacious path. Both women had passionate relationships with several men, bore children out of wedlock, and chose to live in exile outside their native country. Each in her own time fought against the injustices women faced and wrote books that changed literary history. The private lives of both Marys were nothing less than the stuff of great Romantic drama, providing fabulous material for

Charlotte Gordon, an accomplished historian and a gifted storyteller. Taking readers on a vivid journey across revolutionary France and Victorian England, she seamlessly interweaves the lives of her two protagonists in alternating chapters, creating a book that reads like a richly textured historical novel.

Gordon also paints unforgettable portraits of the men in their lives, including the mercurial genius Percy Shelley, the unbridled libertine Lord Byron, and the brilliant radical William Godwin.

“ Brave, passionate, and visionary, they broke almost every rule there was to break, ” Gordon writes of Wollstonecraft and Shelley. A truly revelatory biography, *Romantic Outlaws* reveals the defiant, creative lives of this daring mother-daughter pair who refused to be confined by the rigid conventions of their era. Praise for *Romantic*

Outlaws “ [An] impassioned dual biography . . . Gordon, alternating between the two chapter by chapter, binds their lives into a fascinating whole. She shows, in vivid detail, how mother influenced daughter, and how the daughter ’ s struggles mirrored the mother ’ s. ” —The Boston Globe

A Novel Farrar, Straus and Giroux

An “ extremely funny...brilliantly alive ” (The New York Times Book Review) social satire of the highest order from bestselling author Sam Lipsyte, centered around an unwitting mindfulness guru and the phenomenon he initiates. In an America convulsed by political upheaval, cultural discord, environmental catastrophe, and spiritual confusion, so many of us find ourselves anxious and distracted, searching desperately for peace,

salvation, and—perhaps most immediately—just a little damn focus. Enter Hark Morner, a failed stand-up comic turned mindfulness guru whose revolutionary program is set to captivate the masses. But for Fraz and Tovah, a middle-aged couple slogging through a very rough patch, it may take more than the tenets of Hark ’ s “ Mental Archery ” to solve the riddles of love, lust, work, and parenthood on the eve of civilizational collapse. And given the sudden power of certain fringe players, including a renegade Ivy League ethicist, a gentle Swedish kidnapper, a social media tycoon with an empire on the skids, and a mysteriously influential (but undeniably slimy) catfish, it just might be too late. But what ’ s the point of a world, even a blasted-out post-apocalyptic world, if they don ’ t try with all their might to keep their

marriage alive? In this “ awfully funny...tartly effective sendup of 21st-century America ” (Star Tribune, Minneapolis) Sam Lipsyte reaches new peaks of daring in a novel that revels in contemporary absurdity and the wild poetry of everyday language while exploring the emotional truths of his characters. “ Recommended reading ” (Vanity Fair), in which “ every line feels as thrillingly charged as a live wire ” (O, The Oprah Magazine), Hark is a smart, incisive look at men, women, and children seeking meaning and dignity in a chaotic, ridiculous, and often dangerous world.

The Evangelicals Simon and Schuster

A scathingly funny debut novel about disillusionment, indifference, and one man's desperate fight to assign absolutely no meaning to modern life. The only thing Shane cares about is leaving.

Usually on a Greyhound bus, right before his life falls apart again. Just like he planned. But this time it's complicated: there's a sadistic corporate climber who thinks she's his girlfriend, a rent-subsidized affair with his landlord's wife, and the bizarrely appealing deaf assistant to Shane's cosmically unstable dentist. When one of the women is murdered, and Shane is the only suspect who doesn't care enough to act like he didn't do it, the question becomes just how he'll clear the good name he never had and doesn't particularly want: his own. “ The malaise of cubicle culture may be well-trodden comedic territory by now, but Neilan's debut skewers office life with a flourish for the grotesque. ” —The Village Voice

Louise Erdrich meets Karen Russell in this deliciously strange and daringly original novel from Pulitzer Prize finalist Margaret Verble: set in 1926 Nashville, it follows a death-defying young Cherokee horse-diver who, with

her companions from the Glendale Park Zoo, must get to the bottom of a mystery that spans centuries. Two Feathers, a young Cherokee horse-diver on loan to Glendale Park Zoo from a Wild West show, is determined to find her own way in the world.

Two 's closest friend at Glendale is Hank Crawford, who loves horses almost as much as she does. He is part of a high-achieving, land-owning Black family. Neither Two nor Hank fit easily into the highly segregated society of 1920s Nashville. When disaster strikes during one of Two 's shows, strange things start to happen at the park.

Vestiges of the ancient past begin to surface, apparitions appear, and then the hippo falls mysteriously ill. At the same time, Two dodges her unsettling, lurking admirer and bonds with Clive, Glendale 's zookeeper and a World War I veteran, who is haunted—literally—by horrific memories of war. To get to the bottom of it, an eclectic cast of park performers, employees, and even the wealthy stakeholders must come together, making

When Two Feathers Fell from the Sky an unforgettable and irresistible tale of exotic animals, lingering spirits, and unexpected friendship.

"From the prize-winning author of *The Beekeeper of Aleppo*, a stunning novel about the disappearance of a Sri Lankan nanny and how the most vulnerable people find their voices. "It began with a crunch of leaves and earth. So early, so cold, the branches shone with ice. I'd returned to collect the songbirds. They are worth more than their weight in gold." Yiannis is a poacher, trapping the tiny protected songbirds that stop in Cyprus as they migrate each year from Africa to Europe and selling them on the black market. He dreams of finding a new way of life, and of marrying

Nisha, who works on the island as a nanny and maid--having left her native Sri Lanka to try to earn enough to support her daughter, left behind and raised by relatives. But Nisha has vanished; one evening, she steps out on a mysterious errand and doesn't return. The police write off her disappearance as just another runaway domestic worker, so her employer, Petra, undertakes the investigation. Petra's unravelling of Nisha's last days in Cyprus lead her to Nisha's friends--other maids in the neighborhood--and to the darker side of a migrant's life, where impossible choices leave them vulnerable, captive, and worse. Based on the real-life disappearance of domestic workers in Cyprus, Christy Lefteri has crafted a poignant, deeply empathetic

narrative of the human stories behind the headlines. With infinite tenderness and skill, *Songbirds* offers a triumphant story of the fight for truth and justice, and of women reclaiming their lost voices"--

It

challenges the sacred tenets of the United States Constitution, urban life, the civil rights movement, the father-son relationship, and the holy grail of racial equality—the black Chinese restaurant. Born in the "agrarian ghetto" of Dickens—on the southern outskirts of Los Angeles—the narrator of *The Sellout* resigns himself to the fate of lower-middle-class Californians: "I'd die in the same bedroom I'd grown up in, looking up at the cracks in the stucco ceiling that've been there since '68 quake." Raised by a single father, a controversial sociologist, he spent his childhood as the subject in racially charged psychological studies. He is led to believe that his father's pioneering work will result in a memoir that will solve his family's financial woes. But when his father is killed in a police shoot-out, he realizes there never was a memoir. All that's left is the bill for a drive-thru funeral. Fueled by this deceit and the general disrepair of his hometown, the narrator sets out to right another wrong: Dickens has literally been removed from the map to save

California from further embarrassment. Enlisting the help of the town's most famous resident—the last surviving Little Rascal, Hominy Jenkins—he initiates the most outrageous action conceivable: reinstating slavery and segregating the local high school, which lands him in the Supreme Court.

In the first comprehensive history of American evangelicalism to appear in a generation, Matthew Sutton shows how charismatic Protestant preachers, anticipating the end of the world, paradoxically transformed it. Narrating the story from the perspective of the faithful, he shows how apocalyptic thinking influences the American mainstream today.

Hokum Farrar, Straus and Giroux

Thirty-six major contemporary

writers examine life in a deeply divided America—including Anthony Doerr, Ann Patchett, Roxane Gay, Rebecca Solnit, Hector Tobar, Joyce Carol Oates, Edwidge Danticat, Richard Russo, Eula Bliss, Karen Russell, and many more America is broken. You don't need a fistful of statistics to know this. Visit any city, and evidence of our shattered social compact will present itself. From Appalachia to the Rust Belt and down to rural Texas, the gap between the wealthiest and the poorest stretches to unimaginable chasms. Whether the cause of this inequality is systemic injustice, the entrenchment of racism in our culture, the long war on drugs, or immigration policies, it endangers not only the American Dream but our very lives. In *Tales of Two Americas*, some of the literary world's most exciting writers look beyond numbers and wages to convey what it feels like to live in this divided nation. Their extraordinarily powerful stories, essays, and poems demonstrate how boundaries break down when experiences are shared, and

that in sharing our stories we can help to alleviate a suffering that touches so many people.

Dark Star Simon & Schuster

A pioneering, dazzling satire about a biracial black girl from Philadelphia searching for her Jewish father in New York City Oreo is raised by her maternal grandparents in Philadelphia. Her black mother tours with a theatrical troupe, and her Jewish deadbeat dad disappeared when she was an infant, leaving behind a mysterious note that triggers her quest to find him. What ensues is a playful, modernized parody of the classical odyssey of Theseus with a feminist twist, immersed in seventies pop culture, and mixing standard English, black vernacular, and Yiddish with wisecracking aplomb. Oreo, our young hero,

navigates the labyrinth of sound studios and brothels and subway tunnels in Manhattan, seeking to claim her birthright while unwittingly experiencing and triggering a mythic journey of self-discovery like no other.

Desert Notebooks Simon and Schuster

Comic Sagas and Tales brings together the very finest Icelandic stories from the thirteenth to the fifteenth centuries, a time of civil unrest and social upheaval. With feuding families and moments of grotesque violence, the sagas see such classic mythological figures as murdered fathers, disguised beggars, corrupt chieftains and avenging sons do battle with axes, words and cunning. The tales, meanwhile, follow heroes and comical fools through dreams, voyages and religious conversions in medieval Iceland and beyond. Shaped by Iceland's oral culture and their conversion to Christianity, these stories are works of ironic humour and

stylistic innovation.
